

WIPO ASEAN SUB-REGIONAL WORKSHOP

Country Presentation – Intellectual Property Office of Singapore

7 Sep 2012

The Intellectual Property Office of Singapore (IPOS), a statutory board under the Ministry of Law since April 2001, is the lead government agency that advises on and administers intellectual property (IP) laws, promotes IP awareness and provides the infrastructure to facilitate the development of IP in Singapore.

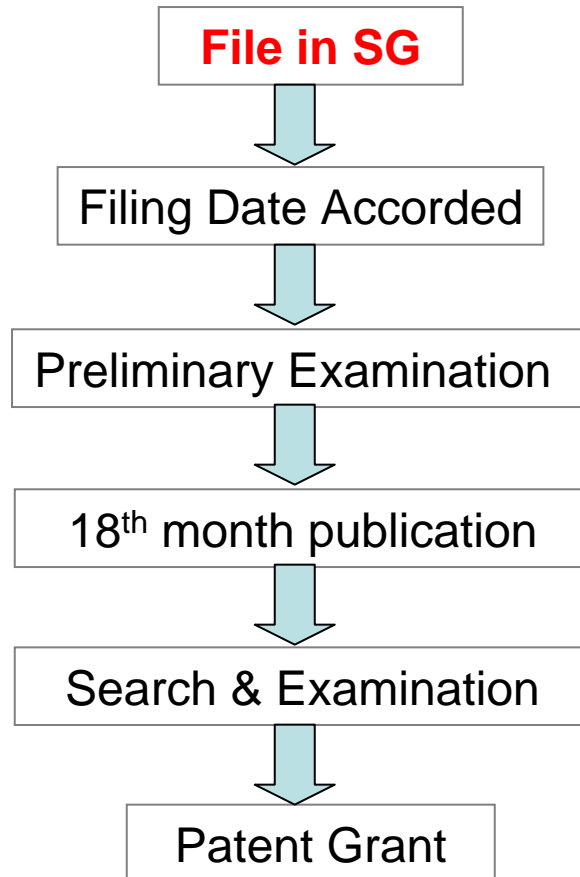

As an IP regulator and policy advisor, IPOS is committed to maintaining a robust and pro-business IP regime for the protection and commercial exploitation of IP.

IPOS' mission is to provide the infrastructure, build expertise and grow the ecosystem in support of the greater creation, protection and exploitation of IP.

The Registries Group of IPOS is responsible for granting rights for all registrable IP in Singapore. They are namely, Patents, Trade Marks, Designs and Plant Varieties.

Being the main regulatory arm that provides the core functions for all registrable IP rights in Singapore, the Registries Group ensures a balanced IP framework to support Singapore's national economic growth through regular reviews of policies, procedures, service standards and systems.

ONLINE SUBMISSION

In this section, you would be able to carry out online electronic filing of patent transactions. There are two types of payment mode available for this service:

- Credit Card
- GIRO

It would take one (1) working day for Credit Card transaction and seven (7) working days for GIRO transactions to be updated in the Registry's internal database. For automated transactions (Renewals and change of address), after updates into Registry's database, they are then replicated again overnight to be updated to the online database.

For the description of each Patent Form that is available for filing via ePatents, please click [here](#).

Mass Submission

Available for Patent Form 23 and Patent Form 24.

This function will allow users to submit PF23 and PF24 in bulk with different application numbers.
