PROGRAM AND BUDGET COMMITTEE

Twelfth Session
Geneva, September 11 to 13, 2007

REVISED FINANCIAL REGULATIONS AND RULES

Document prepared by the Secretariat

1. Pursuant to the request of the 2006 Assemblies of WIPO Member States (documents A/42/9, Annex I, paragraph 102(ii) and A/42/14, paragraph 186(c)), the Secretariat prepared a comprehensive set of draft new Financial Regulations and Rules for the Organization. These were submitted to the eleventh session of the Program and Budget Committee (PBC) (June 25 to 28, 2007) through document WO/PBC/11/8.
2. Following consideration and discussion of the proposals contained in document WO/PBC/11/8, the PBC expressed its appreciation for the work undertaken by the Secretariat in preparing a comprehensive set of new draft Financial Regulations and Rules of the Organization; and asked it to organize further consultations and information sessions with the Member States on the proposed draft with a view to enabling the PBC to make its recommendation to the General Assembly in due course (document WO/PBC/11/17).
3. Pursuant to such request, the Secretariat organized informal consultations with all interested Member States on July 20, 2007, under the guidance of the Chair of the PBC, Mr. G. Patriota (Brazil).
4. The purpose of the present document is to submit to the consideration of the present (September) session of the PBC a revised version of the draft new Financial Regulations and Rules of WIPO that were submitted to the June session of the PBC, so as to reflect the changes suggested by, and agreed at, those informal consultations.

5. Therefore, this document does not reproduce the information provided by the Secretariat in document WO/PBC/11/8, on (i) the analytical and consultative process followed by the Secretariat to prepare these proposals (it is recalled that consultations were held with the Audit Committee, the Internal Auditor and the External Auditor); (ii) the main changes introduced in these proposals as compared to the current system (it is recalled that the current Financial Regulations and Rules of the Organization were adopted in 1970, were last amended in 1991 and entered into force on January 1, 1992); and (iii) the complementary measures (revision of administrative processes and procedures, ERP, training), planned to be adopted by the Secretariat to ensure the efficient implementation of the proposed new system of Financial Regulations and Rules. For detailed information on these elements, reference is therefore invited to document WO/PBC/11/8.

6. In order to facilitate the review of the present session of the PBC, the changes introduced by the Secretariat on the basis of the feed-back received at the informal consultations of July 20, 2007, have been listed and appear in the Annex of the present document.

7. As it was the case in the presentation made to the June session of the PBC, the attached proposals are presented in a three-column format: the first column shows the proposed new Regulations and Rules; the second column quotes the corresponding provisions in the current Regulations or Rules; and the third column explains the rationale for the proposed revision, addition or deletion. In order to facilitate the deliberations of the PBC, the proposed new Financial Regulations and Rules are again presented in a consolidated form.

8. The attention of the Committee is drawn to the fact that Chapter 9 (entitled "Audit Committee"), Annex I (entitled "WIPO Internal Audit Charter") and Annex III (entitled "Terms of reference of the Audit Committee") of the attached proposals, are in square brackets, because at the time of drafting this document these matters are still on the agenda of the Working Group of the PBC, scheduled to be held on September 10, 2007.

9. Finally, it is important to note that the planned transition, before 2010, to International Public Sector Accounting Standards (IPSAS) also has implications for the Financial Regulations and Rules of the Organization. At the present time it is not yet possible to identify all the changes that the transition to IPSAS will implicate. However, to enable the Committee to identify the provisions that are most likely to be impacted by IPSAS, these provisions have been marked with an asterisk.

10. The Program and Budget Committee is invited to:

- (i) take note of the information contained in the present document;*
- (ii) recommend to the Assemblies of WIPO Member States the adoption of*

the new Financial Regulations as appearing in annex to the present document, with January 1, 2008, as date of entry into force;

- (iii) *give its positive advice on the establishment by the Director General of the new Financial Rules as appearing in annex to the present document, effective January 1, 2008.*

ANNEX

**CONSOLIDATED LIST OF CHANGES MADE FOLLOWING THE INFORMAL
CONSULTATIONS WITH MEMBER STATES HELD ON JULY 20, 2007**

CHAPTER 1: GENERAL PROVISIONS

Rule 101.2, under the heading *Responsibility and accountability*: The word “officials” has been replaced by the word “employees” in order to maintain consistency in the use of terminology; a corresponding change has been introduced in the definition contained in Rule 101.3.

Rule 101.3 new definitions have been introduced for the terms “employee” and “official”.

CHAPTER 2: THE PROGRAM AND BUDGET

Rule 102., under the heading *Authority and responsibility* [in respect of the Program and Budget]: In line with the feedback from Member States, this provision has been lifted from the level of Rule (a Rule may be amended by the Director General), to the level of Regulation (a Regulation may be amended only with the approval of the Member States), as Regulation 2.2. The numbering of the Regulations and Rules which follow under Chapter 2 has been adjusted accordingly.

Regulation 2.2	renumbered 2.3
Regulation 2.3	renumbered 2.4
Regulation 2.4	renumbered 2.5
Regulation 2.5	renumbered 2.6
Regulation 2.6	renumbered 2.7
Regulation 2.7	renumbered 2.8
Regulation 2.8	renumbered 2.9

Rule 102.2	renumbered 102.1
Rule 102.3	renumbered 102.2
Rule 102.4	renumbered 102.3

Rule 102.5, under the heading *Supplementary and revised budget requirements*: In line with the feedback from Member States, this provision has been lifted from the level of Rule to the level of Regulation as Regulation 2.10. The numbering of the Regulations and Rules which follow under Chapter 2 has been adjusted accordingly.

Regulation 2.9	renumbered 2.11
Regulation 2.10	renumbered 2.12
Regulation 2.11	renumbered 2.13
Regulation 2.12	renumbered 2.14
Regulation 2.13	renumbered 2.15

Rule 102.6	renumbered 102.4
Rule 102.7	renumbered 102.5
Rule 102.8	renumbered 102.6

CHAPTER 3: FUNDS

Rule 103.1 (a), under the heading *Authority and liability*: The wording of this provision has been slightly amended to ensure full consistency with the wording of Regulation 3.11.

CHAPTER 4: CUSTODY OF FUNDS

Regulations 4.10 and 4.11, under the heading *Authority, responsibility and policy*: The wording of these two provisions has been amended to establish the principle, as requested at the informal consultations, that the establishment of a policy for investments (short-term and long term), requires the approval of the Member States.

Rule 104.10, point (a): redrafted to be harmonized with the revised text of Regulations 4.10 and 4.11.

CHAPTER 5: UTILIZATION OF FUNDS

Regulation 5.6, under the heading *Flexibility adjustments*: In line with the feed-back received at the informal consultations, the text of the provision has been revised to replace the word “ratio” with the word “formula” and to reinforce the notion (through new letter(b)), that the definition of such formula for each financial biennium is the prerogative of the Member States and that such prerogative will be exercised within the context of the approval, by the Member States, of the corresponding Program and Budget document. In the same spirit, additional letter (b) provides an indication, in abstract terms, of the parameters that shall be used, in the Program and Budget document, to define the formula for each give biennium.

Regulation 5.10 and Rule 105.11, under the heading *Ex gratia payments*: In line with the feed-back received at the informal consultations, new language has been included in both the Regulation and the Rule to ensure that *ex gratia* payments shall be reported to the Member States through the financial statements of the Organization. Also, the provision establishing the maximum limit in respect of the total amount of such payments in any given biennium has been lifted from the level of Rule to the level of Regulation

CHAPTER 6: ACCOUNTING

Rule 106.12 editorial changes (deletion of the word “Financial” before the word “Regulations”, for consistency with the rest of the text).

CHAPTER 10: FINAL PROVISIONS

Regulation 10.1 and Rules 110.1, under the heading *Amendment*: In line with the feed-back received at the informal consultations, the notion of a possible “suspension” of the Financial Regulations by the Director General has been removed from the text.

<p>CHAPTER 1: GENERAL PROVISIONS</p> <p>Applicability and authority</p> <p>Regulation 1.1</p> <p>These Regulations shall govern the financial activities of the World Intellectual Property Organization (WIPO) (hereinafter referred to as the Organization) and of the Unions administered by it.</p> <p>Rule 101.1</p> <p>The Financial Rules are established by the Director General in accordance with the provisions of the Financial Regulations approved by the General Assembly. They shall govern all the financial management activities of the Organization except as may otherwise explicitly be provided by the General Assembly or unless specifically exempted there from by the Director General. The Director General hereby delegates authority and assigns responsibility for the implementation of the Financial Regulations and Rules to the Controller. The Controller may in turn delegate aspects of his/her authority to other officials unless the Director General indicates otherwise. In the application of the Financial Regulations and Rules, officials shall be guided by the principles of effective and efficient financial management and the exercise of economy.</p> <p>Responsibility and accountability</p> <p>Rule 101.2</p> <p>All employees of the Organization are obliged to comply with the Financial Regulations and Rules and with Office Instructions issued in connection with those Regulations and Rules. Any employee who contravenes the Financial Regulations and Rules or corresponding Office Instructions may be held personally accountable and financially liable for his or her actions.</p> <p>Definitions</p> <p>Rule 101.3</p> <p>For the purpose of these Rules:</p> <p>(a) “Assemblies of the Unions” mean the Assemblies of each Union constituted by a treaty administered by WIPO.</p> <p>(b) “Coordination Committee” is the Committee referred to in Article 8 of the Convention Establishing the World</p>	<p>Regulation 1. It also aims at introducing the principle of delegation of authority for the implementation of the Financial Regulations and Rules.</p> <p>[UN Rule 101.2; World Meteorological Organization (WMO) Rule 101.2; International Atomic Energy Agency (IAEA) Rule 101.02] This new Rule is proposed to be introduced to strengthen the personal accountability and financial liability of each employee of the Organization in respect of the Financial Regulations and Rules of the Organization, as well as of any office instructions issued under those Regulations and Rules. A definition of the term “employee” is given in Rule 101.3 below.</p> <p>The definitions in this Rule are intended to clearly identify the main entities and individuals involved in the financial administration of the Organization. Program and Budget performance and evaluation		
Regulation 2.14	No equivalent Regulation	[UN Prog. 6.1 – see UN Doc. ST/SGB/2000/8] In the absence of specific Regulations and Rules on the program aspects of the budget which exist in the UN, it is proposed to incorporate in the Financial Regulations and Rules of WIPO the relevant part of the Program Regulations of the UN dealing with program and budget performance and evaluation. This new Regulation is also meant to ensure the synchronization of program performance and financial reports, as per the mechanism approved by Member States in 2006.
The Director General shall prepare a report on program performance, based on the program structure and results frameworks contained in the Program and Budget, in accordance with the mechanism adopted by the Member States in respect of their involvement in the preparation and follow up of the Program and Budget of the Organization.		
Rule 102.6	No equivalent Rule	
Program Managers shall submit to the Director General such information and at such time as he or she shall prescribe for inclusion in the report on program performance.		This Rule is proposed to place responsibility on Program Managers for reporting the delivery of the expected results of their programs in the format established by the Director General.
Regulation 2.15	No equivalent Regulation	This new Regulation is proposed to emphasize the role of evaluation and evaluative information for decision-making. Appropriate policies and procedures for evaluation would be developed by Office Instruction.
The Director General shall establish a system for planning, conducting and using evaluative information for decision making.		
CHAPTER 3: FUNDS		
Financing of appropriations		
Regulation 3.1	No equivalent Regulation	[UN Reg. 3.1 adapted] This new Regulation is proposed to clarify the source of appropriations. The last sentence is meant to permit deficit budgeting if the Member States so decide.
Appropriations shall be financed by contributions of Member States assessed under Regulations 3.2 and 3.3, fees derived from services provided by the Organization under the PCT, Madrid, Hague and Lisbon systems, miscellaneous income as referred to in Regulation 3.13 and such other means as the General Assembly shall decide.		
<u>A. Assessed contributions</u>		
Assessed contributions		
Regulation 3.2	No equivalent Regulation	New Regulations 3.2 and 3.3 reflect the fact that, in 1993, the Member States of WIPO adopted the unitary contribution system in replacement of the multiple contribution system provided for in the WIPO Convention and in the treaties administered by WIPO. They also adopted new contribution classes. This was adopted on a provisional basis on the understanding that
Contributions are assessed under a “class and unit” system—by each State member of WIPO and/or of any of the contribution-financed Unions, according to the class to which the State belongs for the purpose of contributions.		

<i>Proposed Financial Regulation/Rule</i>	<i>Existing Financial Regulation/Rule</i>	<i>Explanation</i>
<p>Amount of assessed contribution</p> <p>Regulation 3.3</p> <p>The amount of the annual contribution of each State is the same whether the State is a member only of WIPO, or only of one or more Unions, or of both WIPO and one or more Unions. The amount of the annual contribution payable by each State in each class is calculated by multiplying the number of units of that class by the value, in Swiss francs, of one contribution unit. That value is fixed by the General Assembly meeting in joint session with the Assemblies of the contribution-financed Unions.</p>	No equivalent Regulation	<p>if it proved to be satisfactory, the treaties concerned would be amended accordingly. On October 1, 2003, the Assemblies of the Member States adopted amendments to the WIPO Treaties reflecting this new contribution system. These amendments are not yet in force as the required number of accessions has not yet been reached.</p> <p>New Regulation to clarify the mechanism of the calculation of contributions.</p>
<p>Request for payment of assessed contributions</p> <p>Regulation 3.4</p> <p>The Director General shall communicate, each year, to the States members of WIPO and/or of the contribution-financed Unions the amount of their contributions for the forthcoming year on the basis of the class to which they belong.</p>	<p>Regulation 9. Contributions of Member States</p> <p>Regulation 9.1. The Director General shall communicate, each year, to the States members of the Contribution-financed Unions the amount of their contributions for the forthcoming year on the basis of the class to which they belong.</p>	<p>Edited to reflect the adoption of the unitary contribution system (see above).</p>
<p>Payment of assessed contributions</p> <p>Regulation 3.5</p> <p>Contributions shall be considered as due and payable in full on the first day of the calendar year to which they relate. As of January 1 of the following calendar year, the unpaid balance of such contributions shall be considered to be one year in arrears.</p>	No equivalent Regulation	[UN Reg. 3.4]

If the Director General disagrees with the Controller, he may direct the latter to approve the expenditure in question. The latter may bring the matter to the attention of the WIPO General Assembly.</p> <p>Rule 2. Incurring of Obligations</p> <p>(a) Subject to the provisions of paragraph (b), below, every commitment to incur an obligation requires the signature of the Controller. The Controller examines the question whether the proposed expenditure is in conformity with the budget and the provisions of the treaties and Regulations, whether the necessary funds will in fact be available at the time when payment is due, and whether the expenditure is in conformity with the principles of economical use of the resources of the International Bureau. The Controller shall see to it that every commitment to incur an obligation be properly recorded.</p> <p>(b) As to expenses which recur periodically because the service is performed or the goods are delivered over a certain period of time (for example, salaries of the staff, contracts for the printing of periodicals, insurance contracts, contracts concerning the upkeep of premises), it shall suffice that the commitment to incur expense be approved once by the Controller, namely, before the contract concerning the service or goods is concluded.</p> <p>(c) As to obligations not exceeding 10,000 francs, the powers of the Controller under paragraph (a), above, may be exercised by a staff member designated to this effect jointly by the Director General and the Controller.</p>	<p>[WHO Rule 103.1] The part of current Regulation 10.2 which allows the Controller direct access to the Chairman of the WIPO General Assembly is not included in the proposed Regulations and Rules in order to be consistent with the notion that the Director General should have full authority and responsibility for the financial management of the Secretariat. In addition, the proposed Rule establishes the prerogative of the Controller, acting on the delegated authority of the Director General, to allocate to Program Managers less than the full amount appropriated by the General Assembly since a significant portion of the appropriation is dependent upon income from fees that could fall short of budgeted estimates.</p> <p>[UN Rule 105.3] This new Rule is proposed to identify the main forms in which authorizations to use funds are communicated to Program Managers.</p>
