Portfolio / Workbench

The screenshot shows the 'Portfolio / Workbench' interface. On the left, a sidebar contains a 'Welcome GAOYI' header with a dropdown arrow, a 'Portfolio Status' section with a '4' callout, and an 'E-Filing Manager Menu' section with a '3' callout. The 'Portfolio Status' section displays 'Number of application(s) sent: 5' and 'Number of application(s) unsent: 3', with a '1' callout pointing to the 'Number of application(s) unsent' line. The 'E-Filing Manager Menu' lists 'E-Filing Application', 'E-Filing Communications (4 unread)', and 'E-Filing Tutorial'. The main content area has three tabs: 'File an international application' (selected), 'Sent application(s)', and 'Unsent application(s)', with a '2' callout pointing to the 'Unsent application(s)' tab. Below the tabs, the 'File an international application' section has a radio button selected for 'By using an empty form'. A warning box states: 'Warning: It is a requirement under the law of the United States of America that, for designs created in the United States of America, the applicant first obtains a license from the United States Patent and Trademark Office (USPTO) before filing outside of the United States of America'. Below the warning are two radio buttons: 'By using data from following sent application:' and 'By using data from following unsent application:'. Each has a dropdown menu labeled 'Please select a reference No.'. A 'Confirm' button is at the bottom.

International designs E-Renewal System

Please enter your **International Registration Number (IRN)**:

(for example: 123456, 123456A) *

This application enables you to **renew** the international registration. Please follow instructions provided on each screen.

Online payment of the renewal fee, either by WIPO Current Account or by credit card, is made on last screen.

In order to pay by WIPO Current Account, you will need to provide the **username** and **password** that WIPO provided you when you opened the Current Account. **The username and password are the same as those your company uses to consult its WIPO Current Account (please contact your company's Finance department).**

Hague Express The Hague Express Database, updated weekly, includes bibliographical data and, as far as international registrations governed exclusively or partly by the 1999 and/or by the 1960 Act(s) of the Hague Agreement are concerned, reproductions of industrial designs relating to international registrations that have been recorded in the International Register and published in the International Designs Bulletin as of issue No. 1/1999. International registrations that have lapsed are not removed from the database.
