*e-mail: [prabuddha.ganguli@gmail.com](mailto:prabuddha.ganguli@gmail.com)*

**WIPO Meeting Geneva May 16, 2019**

# Issues for discussion

- **National framework supportive of managing IP in Government assets**
- **Management of IP of innovation arising from within government labs, hospitals and other such departments and agencies**
- **Management of IP of research results of public research institutions**
- **Management of IP in procuring innovative solutions for solving public problems**
- **Managing IP in government information**

# *Partners in the game*

**Government**

**Private**

**Entrepreneurs/ SMEs/Startups**

# Key elements of the National IPR Policy 2016

1. To create public awareness about the benefits of Intellectual property among all sections of society.
2. To stimulate the creation and growth of intellectual property by undertaking relevant measures.
3. To have strong and effective laws with regard to IP rights, consistent with international obligations.
4. To modernise and strengthen IP administration.
5. To catalyse commercialization of IP rights.
6. To strengthen the enforcement and adjudicatory mechanisms for combating IP violations and to promote awareness and respect for IP rights.
7. Capacity development by strengthening and expanding human resources, institutions for training, research and skill building in IP.

# **Government Agencies Funded Research**

**Ownership of IP**

**Employees**

**Institutions utilising funds disbursed by the agency**

**Benefit sharing arrangements**

**Use of Knowhow**

**Exclusive / non-exclusive licenses**

**First Right to Refusal Arrangements in case of collaborative research**

**Rights to further developments**

**March-in rights of the Governments**

**Questions: Are there any specific national laws?**

**Are there any policies governing these aspects?**

# A few aspects of relevance

- Section 47 of PATENT ACT.....Conditional Grant of Patent..Research Exemption
- Section 107a of Patent Act.....Certain Acts not to be considered as Infringement
- Section 107b of Patent Act..... International Exhaustion
- Reporting of Working of Patents
- Acquisition of Patent Rights by Government (Section 102)
- Revocation of patent in Public Interest (Section 66)
- Importation of Medicines by Government (Section 47 of patent Act)

# National Research Development Corporation (NRDC)...a government intermediary

- An enterprise of Ministry of Science & Technology, Department of Scientific & Industrial Research (DSIR), Govt. of India set up on 1953, with a mandate to develop, promote and transfer/commercialize Intellectual Property Rights / technologies emanating from various national R&D institutions/universities/Public Sector Undertakings (PSUs) in the country to Entrepreneurs, Start-ups and Micro, Small and Medium Enterprises (MSMEs)
- NRDC acts as an effective catalyst in translating innovative research into marketable industrial products/processes and services in areas like Pharmaceuticals, Biotechnology, Chemicals, Energy, Agro & Food processing

# Startup India Hub

*One stop platform for ecosystem stakeholders*

UNIFIED PLATFORM  
FOR STARTUP

# National Data Sharing & Accessibility Policy (NDSAP)

- The Union Government through Ministry of Science and Technology has formulated the National Data Sharing and Accessibility Policy (NDSAP), while Ministry of Electronics & Information Technology (MeitY) is the nodal Ministry to implement the policy. Department of Science and Technology continues to be the nodal department on policy matters.
- The policy was notified by the Department of Science and Technology (Govt. of India Gazette dated 17th March 2012). Government Open Data License – India National Data Sharing and Accessibility Policy 10th February, 2017 notified in the Gazette of India on 10th February, 2017.
- Created “data.gov.in” through National Informatics Centre (NIC).

# Overview of OGD India Platform

<https://www.meity.gov.in/open-data>

# Open Access Publishing Directives

- Open Access Publishing in India, such as, Open Access India- an online community of practice, launching of LOAD (Listing of Open Access Databases), the initiatives taken by the CSIR (Council of Scientific and Industrial Research), DST and DBT in making it mandatory to maintain a repository / publish in OA of the government funded research results and also the mandates of other institutions.
- INFLIBNET's ShodhGanga project -- a digital repository of Indian theses and dissertations. The e-prints archives viz., Eprints@iisc of Indian Institute of Science, TKDL (Traditional Knowledge Digital Library), NDLI (National Digital Library of India) etc. are major initiatives.
- Registry of Open Access Repository Mandates and Policies (ROARMAP) lists 16 institutions / organizations from India which have mandated to publish their research output in OA
