

WIPO Grand Challenges

16th April 2019

Katy Athersuch,
Medical Innovation & Access Senior Policy Adviser

**‘Ask them when
they will bring
the medicine’**

“We’re all sorry. We’re sorry that we don’t have a medicine proven safe and effective to kill the Ebola virus. We’re sorry that we don’t have a vaccine. We’re sorry that we’ve failed to stop the epidemic... We’re fighting a forest fire with spray bottles.”

**Ella Watson-Stryker,
MSF health worker, Sierra Leone (2014)**
