

Patent Cooperation Treaty (PCT) Workshop

Organized by WIPO

In Cooperation with :

The Industrial Property Protection Directorate,
The Ministry of Industry, Trade and Supply, and
The USAID Jordan Competitiveness Program

Dr. Ali Jazairy
Senior Counsellor
PCT International Cooperation Division
Patents and Technology Sector, WIPO

Amman
March 20-21, 2017

Speaker Outline

The PCT System:

01 – Introduction

02 – The PCT International Phase

03 – International Search and International Preliminary Examination

04 – The PCT National Phase

05 – The ePCT System

06 – The Use of the PCT System as an Engine for Technology Transfer

Dr. Ali Jazairy
Senior Counsellor
PCT International Cooperation Division
Patents and Technology Sector, WIPO

Introduction to the PCT System

Traditional patent systems

- Local patent application followed within 12 months by multiple foreign applications claiming priority under Paris Convention:
 - ❑ multiple formality requirements
 - ❑ multiple searches
 - ❑ multiple publications
 - ❑ multiple examinations and prosecutions of applications
 - ❑ translations and national fees required at 12 months
- Some rationalization because of regional arrangements:
ARIPO, EAPO, EPO, OAPI

PCT system

Local patent application followed within 12 months by international application under the PCT, claiming Paris Convention priority, with “national phase” commencing at 30 months*:

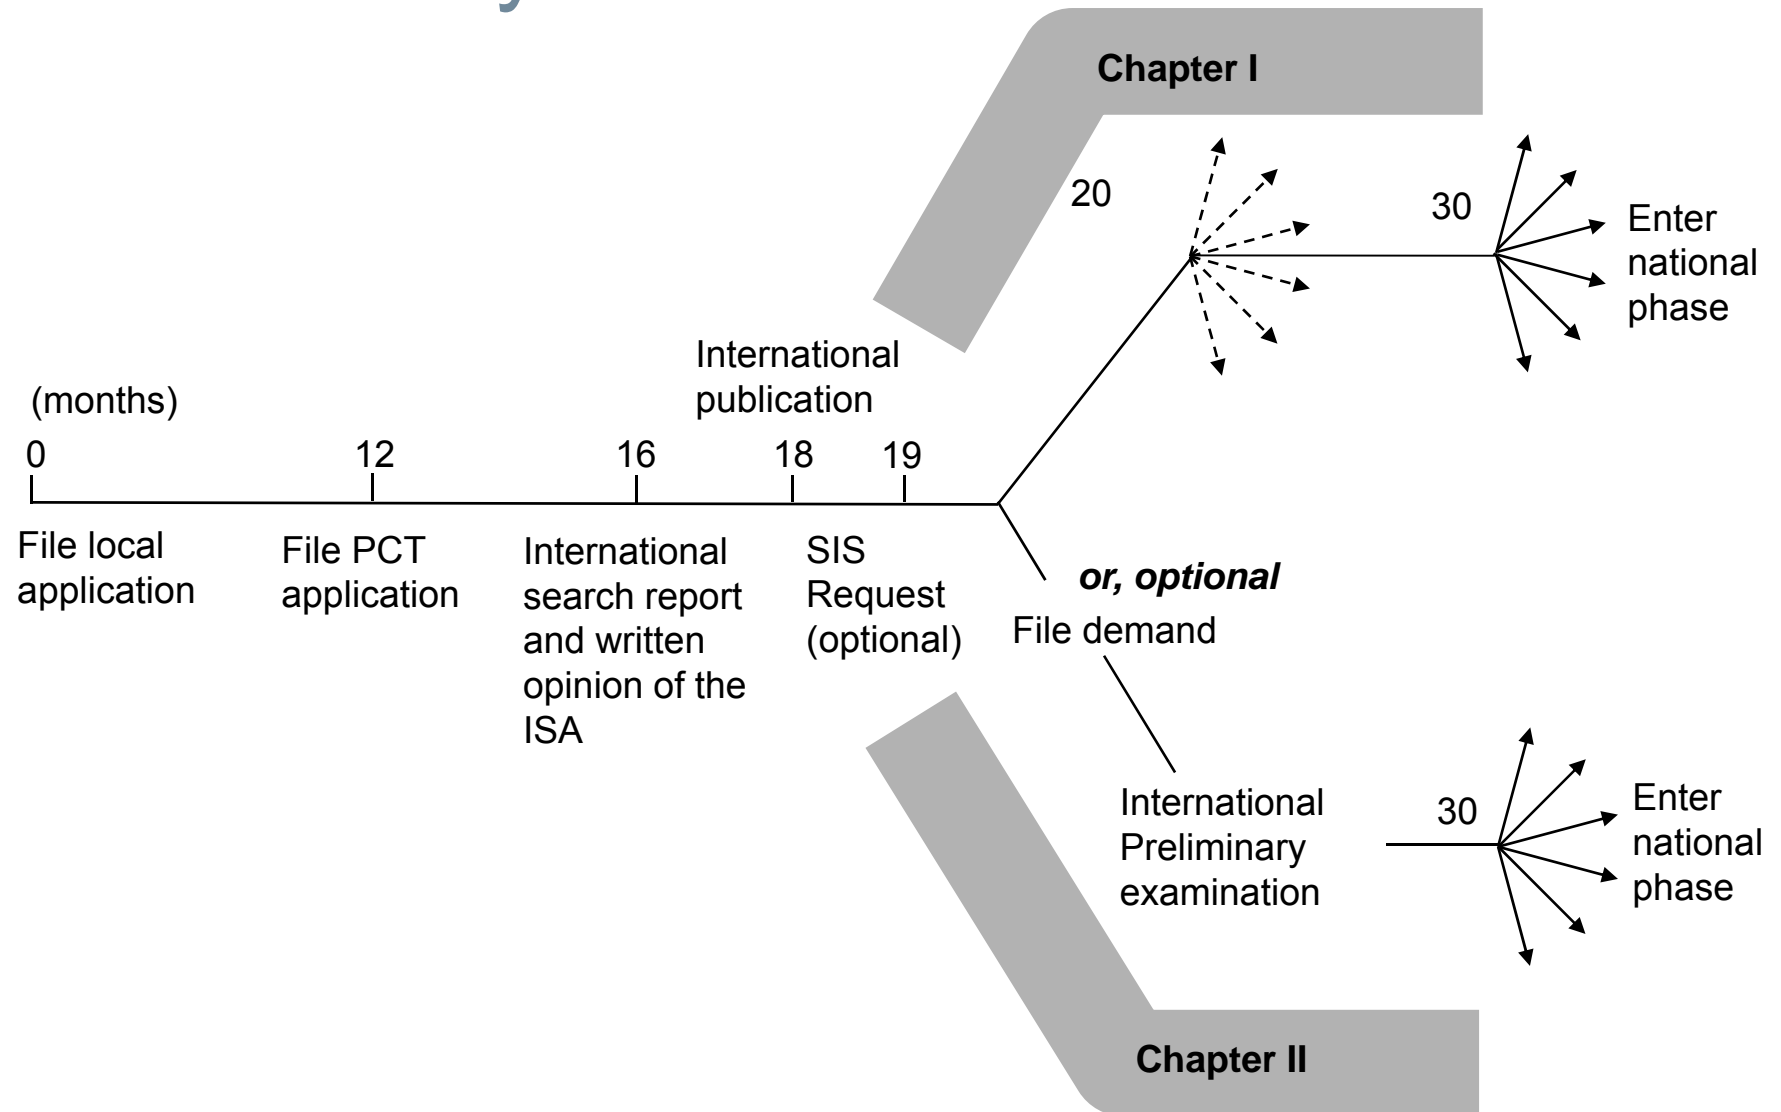

- one set of formality requirements
- international search
- international publication
- international preliminary examination
- international application can be put in order before national phase
- translations and national fees required at 30 months,* and only if applicant wishes to proceed

* For exceptions, see http://www.wipo.int/pct/en/texts/reservations/res_incomp.html

Traditional patent system vs. PCT system

The PCT system

General remarks on the PCT system (1)

- The PCT system is a patent “filing” system, not a patent “granting” system. There is no “PCT patent”
- The PCT system provides for
 - an international phase comprising:
 - filing of the international application
 - international search and written opinion of the ISA
 - international publication and
 - international preliminary examination
 - a national/regional phase before designated Offices
- The decision on granting patents is taken exclusively by national or regional Offices in the national phase

General remarks on the PCT system (2)

- Only inventions may be protected via the PCT by applying for patents, utility models and similar titles.
- Design and trademark protection cannot be obtained via the PCT. There are separate international conventions dealing with these types of industrial property protection (the Hague Agreement and the Madrid Agreement and Protocol, respectively).
- The PCT is administered by WIPO as are other international treaties in the field of industrial property, such as the Paris Convention.

The PCT in 1978 = 18 Member States

2017 : 152 PCT Member States

PCT Contracting States (151)

States designated for regional protection and also, unless otherwise indicated, national protection

EA Eurasian Patent

Yemen

PCT Timeline

PCT TIMELINE

Non-applicability of time limit of 30 months under Article 22(1)

- The Offices of the following States have notified the International Bureau that they will not apply the 30 month time limit under Chapter I, as of 1 April 2002, for as long as modified Article 22(1) is not compatible with their national law:
 - LU Luxembourg
 - TZ United Republic of Tanzania
 - UG Uganda
- Where one of these States has been designated for the purposes of a regional patent, the applicable time limit is 31 months
- If no demand for international preliminary examination is filed before the expiration of 19 months in respect of above States, the national phase will have to be entered before the expiration of 20 or 21 months from the priority date

Basics of the PCT

- The international application
- The international filing date
- The applicant
- Competent RO and ISA

The international application

- Only one application filed, containing, by default, the designation of all States (for every kind of protection available) and usual priority claim(s)
- Has the effect of a regular national filing (including establishment of a priority date) in each designated State: the international filing date is the filing date in each designated State
- Filed in one language
- Filed with one office
- One set of formality requirements
- Delays national processing until 30 months from the priority date (for exceptions, see www.wipo.int/pct/en/texts/reservations/res_incomp.html)

Minimum requirements for an international filing date (Article 11(1)) (1)

- The application must contain at least:
 - ❑ an indication that it is intended as an international application
 - ❑ a request which has the effect of making all possible designations (Article 4 and Rules 3 and 4.9)
 - ❑ the name of the applicant (Rule 4.5)
 - ❑ a description (Rule 5)
 - ❑ a claim (Rule 6)

Minimum requirements for an international filing date (Article 11(1)) (2)

■ Note that if:

- none of the applicants have the right to file with the receiving Office for reasons of residence or nationality (Rules 18 and 19); or
- the application is filed in a language not accepted by the receiving Office for that purpose (Rule 12.1),

the receiving Office will transmit the application to the receiving Office of the International Bureau for further processing (Rule 19.4)

Not required for obtaining an international filing date

- payment of fees
- applicant's signature
- title of the invention
- abstract
- drawings (for missing drawings, see Article 14(2) and Rule 20.5)
- translation into language of search or publication

The PCT applicant (Article 9 and Rule 18)

- The applicant may be a natural person (e.g. the inventor) or a legal entity (e.g. company, university, NGO) (also for the US since 16 September 2012)
- It is possible to indicate different applicants for different designated States (Rule 4.5(d))
- At least one of the applicants must be a national or resident of a PCT Contracting State (Rule 18.3)

Where to file the international application (Rule 19)

- with a national Office
- with the International Bureau of WIPO, or
- with a regional Office

For details, see PCT Applicant's Guide, International Phase, General Information, Annexes B1 and B2

Choice of receiving Office

Considerations:

- Accepted filing languages
- Choice of International Searching Authorities
- Criteria for restoration of the priority right and fee to be paid
- Possibility to incorporate by reference
- Acceptance of pre-conversion files

Which ISA(s) is (are) competent (Rule 35)

- The competent ISA(s) is (are) specified by the RO
- If more than one is specified by the RO, the applicant has the choice:
 - in making that choice, the applicant must take into account the language(s) accepted by the ISA (a translation of the international application for the purposes of international search may be required in certain cases (Rule 12.3))
- If the international application is filed with RO/IB, the competent ISAs will be those which would have been competent if the international application had been filed with (any of) the national or regional Office(s) which, on the basis of applicant's nationality or residence, could be a competent RO
- Choice of ISA to be indicated in the request (Box No. VII)

■ ISAs / IPEASs Around the World

22 ISAs / IPEAs Around the World

- [] Australian Patent Office (IPEA/AU)
- [] Austrian Patent Office (IPEA/AT)
- [] Canadian Commissioner of Patents (IPEA/CA)
- [] Egyptian Patent Office (IPEA/EG)**
- [] European Patent Office (IPEA/EP)
- [] Federal Service on Intellectual Property, Patents and Trademarks (Russian Federation) (IPEA/RU)
- [] Indian Patent Office (IPEA/IN)
- [] Intellectual Property Office of Singapore (IPEA/SG)
- [] Israel Patent Office (IPEA/IL)
- [] Japan Patent Office (IPEA/JP)
- [] Korean Intellectual Property Office (IPEA/KR)
- [] National Board of Patents and Registration of Finland (IPEA/FI)
- [] National Institute of Industrial Property (IPEA/BR)
- [] National Institute of Industrial Property of Chile (IPEA/CL)
- [] Nordic Patent Institute (IPEA/XN)
- [] Spanish Patent and Trademark Office (IPEA/ES)
- [] State Intellectual Property Office of the People's Republic of China (IPEA/CN)
- [] State Intellectual Property Service of Ukraine (IPEA/UA)
- [] Swedish Patent and Registration Office (IPEA/SE)
- [] Turkish Patent and Trademark Office (IPEA/TR)
- [] United States Patent and Trademark Office (IPEA/US)
- [] Visegrad Patent Institute (IPEA/VP [two letter code to be confirmed])

Languages for ISAs / IPEAs

- Arabic (accepted by ISA/EG)**
- Chinese (accepted by ISA/CN)
- English (accepted by ISA/AT, ISA/AU, ISA/BR, ISA/CA, ISA/CN, ISA/EG, ISA/EP, ISA/FI, ISA/IL, ISA/IN, ISA/JP, ISA/KR, ISA/RU, ISA/SE, ISA/US, ISA/XN)
- French (accepted by ISA/AT, ISA/CA, ISA/EP, ISA/SE (for certain applicants only))
- German (accepted by ISA/AT, ISA/EP)
- Japanese (accepted by ISA/JP)
- Korean (accepted by ISA/KR)
- Portuguese (accepted by ISA/BR)
- Russian (accepted by ISA/AT, ISA/RU)
- Spanish (accepted by ISA/BR, ISA/ES)

Serviced States & Prior Agreement

International Searching Authority (ISA)/ International Preliminary Examining Authority (IPEA)	Contracting States for which the ISA/IPEA will carry out international search/preliminary examination	Languages and Kinds of Application	Is prior agreement with the ISA/IPEA needed before it can be specified?
Austrian Patent Office (ISA/IPEA/AT)	Any developing country in conformity with the established practice of the United Nations, in accordance with the obligations of the Authority within the framework of the European Patent Organisation.	English, French, German, Hungarian, Russian	Agreement between Austrian Patent Office and your Office is required
State Intellectual Property Office of the People's Republic of China (ISA/IPEA/CN)	China, Angola, India, Kenya, Liberia, Thailand, Turkey, Ghana, Zimbabwe, India; and any State that the Authority will specify	Chinese, English	Agreement by the State Intellectual Property Office of the People's Republic of China is required
Egyptian Patent Office (ISA/IPEA/EG)	Open to All States, and in practice mainly selected by Arab States	Arabic, English	Yes
European Patent Office (ISA/IPEA/EP)	Any Contracting State	(i) English, French, German, Dutch ³ (ii) as an IPEA the EPO may act only if the search is or has been performed by EP, AT, FI, XN, ES and SE	No, specification in PCT Questionnaire is sufficient
United States Patent and Trademark Office (ISA/IPEA/US)	United States of America, Bahrain, Barbados, Brazil, Chile, Dominican Republic, Egypt, Guatemala, India, Israel, Mexico, New Zealand, Peru, Philippines, Saint Lucia, South Africa, Thailand, Trinidad and Tobago, and any State that the Authority will specify	English	Agreement with the United States Patent and Trademark Office is required

ISA / IPEA Statistics

■ Main Advantages of Accession to the Patent Cooperation Treaty (PCT)

Advantages for PCT Accession

- By filing only one application under the PCT with the national Office, or with the International Bureau of WIPO, the applicant obtains the effect of a regularly filed national or regional patent application for all the PCT Contracting States
- An applicant whether a natural person or not and who is a national and resident of certain developing countries would be entitled to a 90% reduction of certain PCT fees in respect of international applications filed under the PCT

Advantages for PCT Accession

- The processing of the international application by the patent Offices of the Contracting States will not—unless expressly requested by the applicant— start until 30 months from the priority date. The PCT therefore allows the applicant 18 months more time than he would have without using the PCT to decide whether and for which countries he wishes to pursue patent protection, thereby delaying the expenses of translating the application, paying national fees and appointing local patent agents. Furthermore, the applicant would, thanks to the results of international preliminary reports on patentability, have a clear view on whether it would be worthwhile to continue to pursue his aim of obtaining patents for his invention

90% Fee Reductions (Proposed)

- Algeria (DZ)
- Bahrain (BH)
- Comoros (KM)
- Djibouti (DJ)
- Egypt (EG)
- Iraq (IQ)
- Jordan (JO)
- Kuwait (KW)
- Lebanon (LB)
- Libya (LY)
- Mauritania (MR)
- Morocco (MA)
- Oman (OM)
- Palestine (PS)
- Qatar (QA)
- Saudi Arabia (SA)
- Somalia (SO)
- Sudan (SD)
- Syria (SY)
- Tunisia (TN)
- United Arab Emirates (AE)
- Yemen (YE)
