

Roundtable on Women in Science – Shaping the Future

For World Intellectual Property Day 2023 – Women and IP: Accelerating Innovation and Creativity

The WIPO Academy and UNESCO with the support of KIPO, invite you to

A Roundtable on Women in Science – Shaping the Future

Wednesday, April 26, 2023

1.30 p.m. to 3.00 p.m.

Room NB 0.107, WIPO

Some of the world's top women in science will share their experiences of how IP has enabled them to translate their research into real-world benefits. The discussion will explore practical ways to create an enabling environment for women and girls to enter STEM fields and the IP system, and the benefits of doing so.

This hybrid event will be webcast.
