

Mr. Sylvain PIAT

Sylvain is Director of Business at CISAC.

He joined CISAC in January 2015 as Director of Business, which includes Governance and Professional Rules implementation and monitoring aspects for the whole CISAC membership, in close cooperation with the Regional Directors.

He is responsible for the organisation of the CISAC Technical Committees (Business, Media and DLV).

Sylvain had already worked 13 years at CISAC, initiating the Common Information System Plan, before joining SACEM in 2011 as Head of International Projects, with a specific focus on the digital

environment and the development of the Armonia initiative.

Sylvain Piat graduated from the Ecole Centrale de Paris.

Mr. Hansruedi JUNG

Hansruedi is the Department Manager of Systems Engineering at SUIA.

Hansruedi, IT Business Engineer with an Advanced Federal Diploma of higher Education, joined SUIA 35 years ago and is responsible for various tasks such as

- IT Infrastructure Manager
- Head of IPI
- Role of Data Protection Officer

Hansruedi leads at SUIA the IT-department systems engineering with over 15 employees since 1996. March 2021, he took over the responsibility of IPI.

Internationally he is a member of the following CISAC working groups:

- ISC – Information Services Committee
- IPX – Interested Parties Experts Group
- BEX – Business Exchange Experts Group

He also is member of the FastTrack Executive Committee.
