**Eighth Session**  
**Geneva, June 6 to 10, 2005**

### BRIEF SUMMARY OF WORKING DOCUMENTS

*Document prepared by the Secretariat*

#### I. DOCUMENTS FOR THE EIGHTH SESSION

1. The following is a brief summary of the working documents prepared for or submitted to the seventh session of the Intergovernmental Committee on Intellectual Property and Genetic Resources, Traditional Knowledge and Folklore (the "Committee") as at May 30, 2005.

WIPO/GRTKF/IC/8/1 Prov. 2: Draft Agenda for the seventh session.

2. This document contains the proposed items to be dealt with by the Committee, and is submitted to the Committee for possible adoption when it convenes for its seventh session. It has been revised to take account of additional documents submitted since the first draft agenda was circulated.

WIPO/GRTKF/IC/8/2: Accreditation of certain Non-Governmental Organizations.

3. These documents set out the names, contact details and aims and objectives of non-governmental organizations which have applied to the Committee for accreditation as *ad hoc* observers to future sessions of the Committee. Accredited Organizations are invited to attend all meetings of the Committee, receive copies of all working documents, are entitled to make interventions on the issues under discussion following interventions by Member States

and Intergovernmental Organizations, and can submit papers on issues being considered by the Committee for uploading on a special website reserved for Observers.

A supplementary set of requests is circulated as WIPO/GRTKF/IC/7/2 Add.

WIPO/GRTKF/IC/8/3: Participation of Indigenous Communities: Proposed Recommendation to the General Assembly for the Establishment of a Voluntary Contribution Fund.

4. The Committee has discussed extensively the question of funding the participation of Indigenous and local communities, as part of a more general process of enhancing their participation in the work of the Committee. At its last session, on the basis of earlier documents on this issue, the Committee requested a formal proposal for the establishment of a voluntary fund to support the participation of accredited non-governmental organizations which represent indigenous or local communities. This document sets out a draft proposal for consideration by the Committee.

WIPO/GRTKF/IC/8/4: The Protection of Traditional Cultural Expressions/Expressions of Folklore: Revised Objectives and Principles.

5. The Committee decided at its sixth session to develop an overview of policy objectives and core principles for the protection of traditional cultural expressions (TCEs)/expressions of folklore (EoF). The Committee considered a first draft (Annex I of WIPO/GRTKF/IC/7/3), which distilled and structured the existing legal mechanisms and the extensive practical experience with protection of TCEs/EoF that had already been widely discussed by the Committee, and drew essentially on the Committee's own deliberations and the various materials put to the Committee.

6. The Committee commented extensively on the previous draft and established an intersessional commentary process. The comments received are posted on-line and are contained in document WIPO/GRTKF/IC/INF/4. This document is a revision of the earlier document, closely guided by the comments and direction received at the previous session and in the intersessional commentary process. The document suggests draft:

- policy objectives, which would set common general directions for protection and provide a consistent policy framework;
- general guiding principles, which would ensure consistency, balance and effectiveness of substantive principles;
- specific substantive principles, which would define the legal essence of protection.

WIPO/GRTKF/IC/8/5: The Protection of Traditional Knowledge: Revised Objectives and Principles.

7. The Committee decided at its sixth session to develop an overview of policy objectives and core principles for the protection of traditional knowledge (TK). The Committee considered a first draft (Annex I of WIPO/GRTKF/IC/7/5), which distilled and structured the existing legal mechanisms and the extensive practical experience with protection of TK that had already been widely discussed by the Committee, and drew essentially on the Committee's own deliberations and the various materials put to the Committee.

8. The Committee commented extensively on the previous draft and established an intersessional commentary process. The comments received are posted on-line and are contained in document WIPO/GRTKF/IC/INF/4. This document is a revision of the earlier document, closely guided by the comments and direction received at the previous session and in the intersessional commentary process. The document suggests draft:

- policy objectives, which would set common general directions for protection and provide a consistent policy framework;
- general guiding principles, which would ensure consistency, balance and effectiveness of substantive principles;
- specific substantive principles, which would define the legal essence of protection.

WIPO/GRTKF/IC/8/6: Practical Means of Giving Effect to the International Dimension of the Committee's Work

9. The Committee has decided to international dimension integrally with other substantive items on its agenda, notably the items on TK, TCEs/EoF, and genetic resources. This document supplements substantive documents, including WIPO/GRTKF/IC/8/4 and WIPO/GRTKF/IC/8/5, by providing technical background information on questions such as the interplay between the international dimension and national legal systems, the preferred manner of recognition of foreign right holders, and the appropriate relationship with other international instruments and processes. Such questions have practical or technical aspects, but also raise fundamental policy issues. This document only provides background information on the technical or practical aspects, and may possibly be drawn on as appropriate as a background resource only in the Committee's work.

WIPO/GRTKF/IC/8/7: Update on Technical Standards and Issues Concerning Recorded or Registered Traditional Knowledge.

10. This document provides a factual update on a range of technical processes concerning the recordal or registration of TK, including several ongoing national and community projects. It updates the earlier material in documents WIPO/GRTKF/IC/7/7, WIPO/GRTKF/IC/6/8, WIPO/GRTKF/IC/5/6 and WIPO/GRTKF/IC/4/14.

WIPO/GRTKF/IC/8/8: Recognition of Traditional Knowledge within the Patent System.

11. At its last session, the Committee approved an outline and structure for a set of recommendations for patent authorities on examination of TK related applications. It also requested the Secretariat to prepare a full draft set of recommendations, based on responses to a Questionnaire on Recognition of Traditional Knowledge and Genetic Resources in the Patent System (WIPO/GRTKF/IC/Q.5) that was circulated between the Committee's sixth and seventh sessions. This document contains a draft set of recommendations for the Committee's consideration. It draws on past documents, especially WIPO/GRTKF/IC/5/6, WIPO/GRTKF/IC/6/8, and WIPO/GRTKF/IC/7/8, as well as the national positions and reports that led to this work and are addressed in those documents.

WIPO/GRTKF/IC/8/9: Overview of the Committee's Work on Genetic Resources Genetic Resources.

12. This document is a background information resource only. It provides general information on the Committee's past activities relating to genetic resources and intellectual property (IP), and work in related fora. The document describes the background of work on IP and genetic resources before the Committee was created, and provides an overview of the Committee's own work. It covers the three clusters of substantive questions which have been identified in the course of this work, namely technical matters concerning (a) defensive protection of genetic resources; (b) disclosure requirements in patent applications for information related to genetic resources used in the claimed invention; and (c) IP issues in mutually agreed terms for the fair and equitable sharing of benefits arising from the use of genetic resources. In conclusion, the document catalogues certain technical measures or activities, which have been identified by Committee participants at past sessions to partially address these issues.

WIPO/GRTKF/IC/8/10: Update on Legal-Technical Assistance and Capacity Building Activities.

13. This document provides information on legal and technical assistance and capacity building activities undertaken within WIPO's program activities since the previous update which was considered by the Committee at its seventh session. It is an illustrative list only, and may not include every relevant activity undertaken within the overall WIPO program. It illustrates the continuing strong interest in practical, technical and legal capacity building for the protection of folklore/TCEs and TK, as a distinct set of needs and expectations, in the context of the increased policy attention recently paid to these issues.

WIPO/GRTKF/IC/8/11: Disclosure of Origin or Source of Genetic Resources and Associated Traditional Knowledge in Patent Applications: document submitted by the European Community and its Member States

14. This document provides the text of a proposal submitted on behalf of the European Community and its Member States.
