What is 24 hrs \times 7 days e-filing service?

- E-filing service available 24 hours a day 365 days a year, since November 2005
- Services offered are;
 - Retrieval of a variety of notifications and relevant filing records
 - Notifications
 - Requests and issuance of various certifications

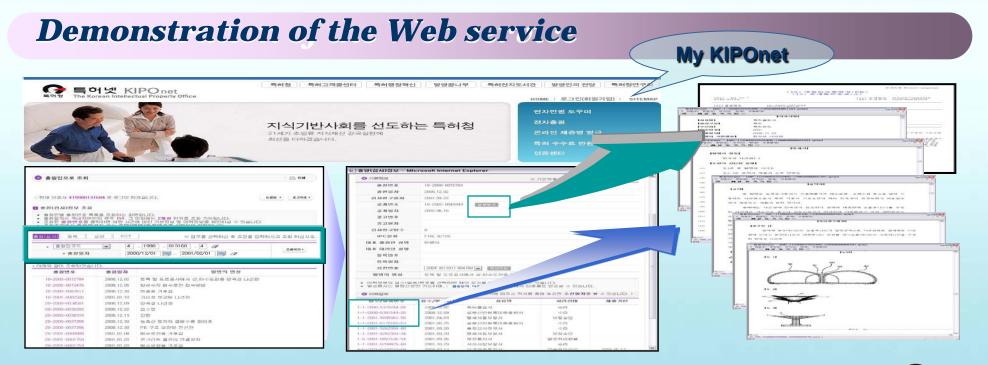

Benefits of the e-filing service

- Improved KIPO's administrative efficiency
- Provide real time information service
- Strengthen competitive position in IP community

What is My KIPOnet Web service?

- Providing legal status information
- Viewing and downloading application and examination information grouped by applicant or case
- Viewing and downloading Information of renewal of patent rights and due dates

Internet Gazette Publication System allows KIPO to perform all processes of gazette publication automatically and provides various services to the general public through internet and push mail service

Characteristics of Internet Gazette Publication Service

- Real time service & easy accessibility
- Everyday's Push Mail service
- Digitalized business for publication
- Shortening publication period(15days → 1day)
- Cost saving: 39 million dollars a year ('05)

Everyday's Push Mail service

- Push Mail service sorted by
 - IPC code
 - Design classification
 - Trademark classification
 - Applicant
 - Patent attorney etc.

What is "KIPRIS" service?

- KIPRIS is a free patent information search service on the internet.
 It covers all the Korean IP information of KIPO and major patent authorities: EP, JP, US, etc.
 - ✓ Search and Retrieve without online user registration
 - ✓ Provide English interface for all IPRs Search
 - ✓ Shorten the updating period of data (Korean)
 - ✓ New features in KPA search

Information Data Coverage

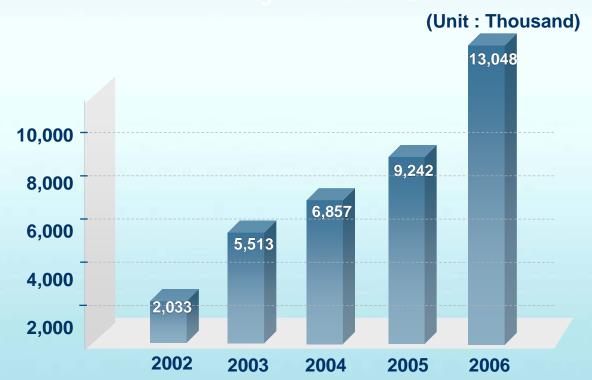

(Unit: Thousand)

Types	Coverage	Data	Number of Doc.
Patents & Utility Models (Korean)	1948 ~	Full-text (Bibliography, Abstract, Claims, Description), Full-image, Legal Status	11,741
Design & Trademark (Korean)	1948 ~	Bibliography, Description, Drawing, Full-image, Legal Status	8,196
Foreign Documents	1976 ~	USPAT, USAPP, EP document, PAJ, PCT	30,807
etc	1948 ~	Legal Status, Trial Status	8,060
Total			58,804

Number of Search Cases

- Number of search cases: 44 million ('96 ~ '07.6)
- Number of visitors: 35 million ('96 ~ '07. 6)

< Number of search cases >

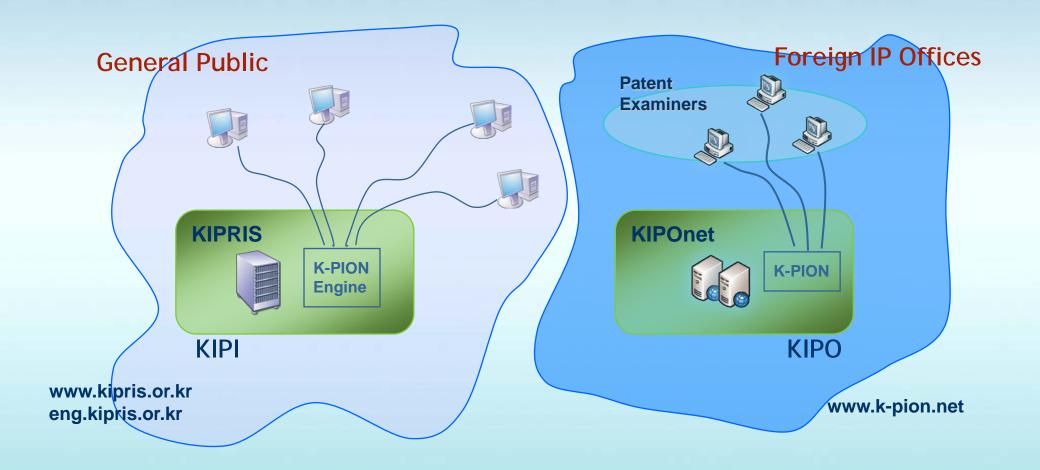

"K-PION" provides advanced patent information on-line with machine translation into English

K2E Translation Technology Outline

- Specialized system for Patent document translation
 - 80% translation accuracy
- Over 3million entry terms & patterns dictionary database
 - Technical terms, names, addresses, compound noun, etc.
- Immediate response to large volume document translation
 - Translation memory, distributed translation by an intelligent load balancing

Public and Private Access for K-PION

75% of newly-created scientific knowledge originates from patent (Max Planck Institute, 1997)

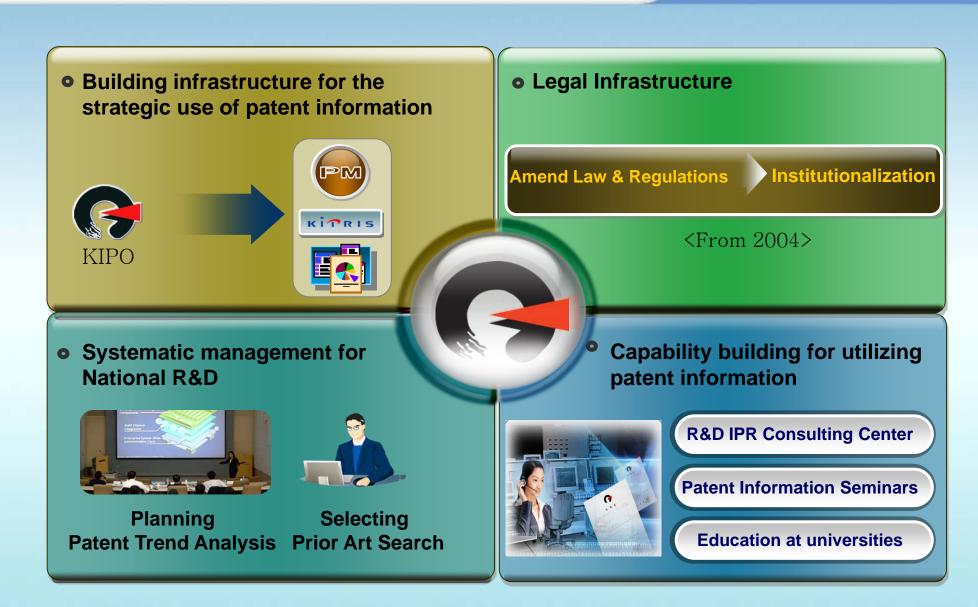

< Korea Information Society Agency, 2006>

Strategic use of patent information

Patent Map

- Raise nationwide awareness of the use of patent information.
- Develop patent maps for new technologies
- Launch PM Portal (www.patentmap.or.kr)

- Provide free search services of patent information
- Collect domestic and foreign patent documents

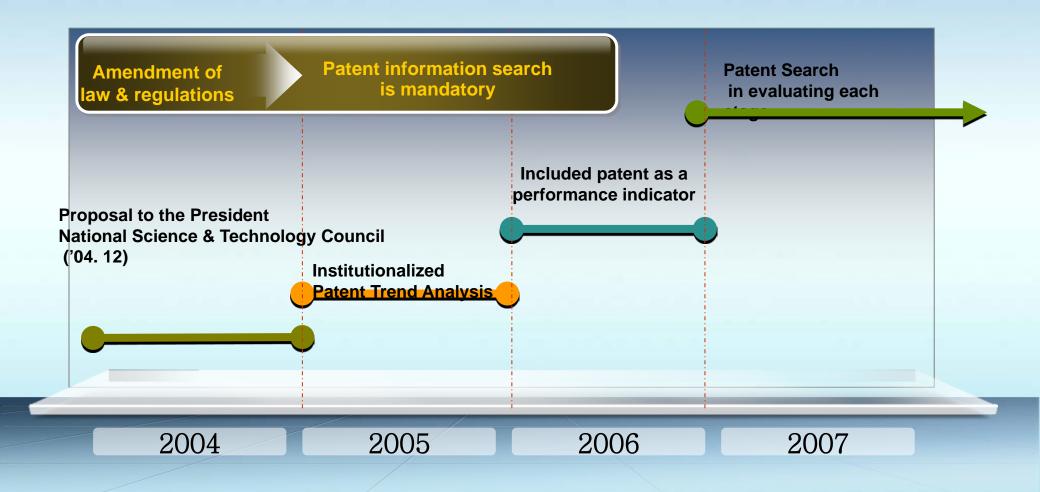

Statistics

- Publish patent statistics analysis reports for patent policy
- Encourage mutual usage between patent statistics & industresstatistics

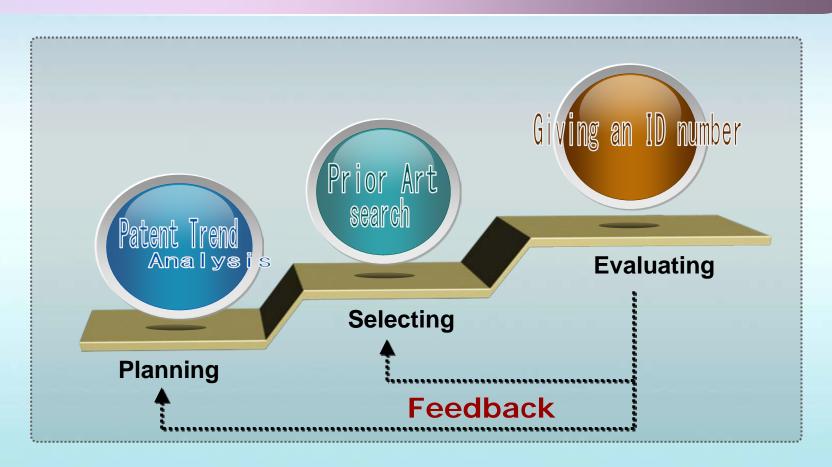

Encouragement of utilization through legal system

Improvement of the planning and managing systems to make effective national R&D programs

Patent Trend Analysis in drafting R&D

- Technology trend
- Gap technology
- Patents for basic technologies

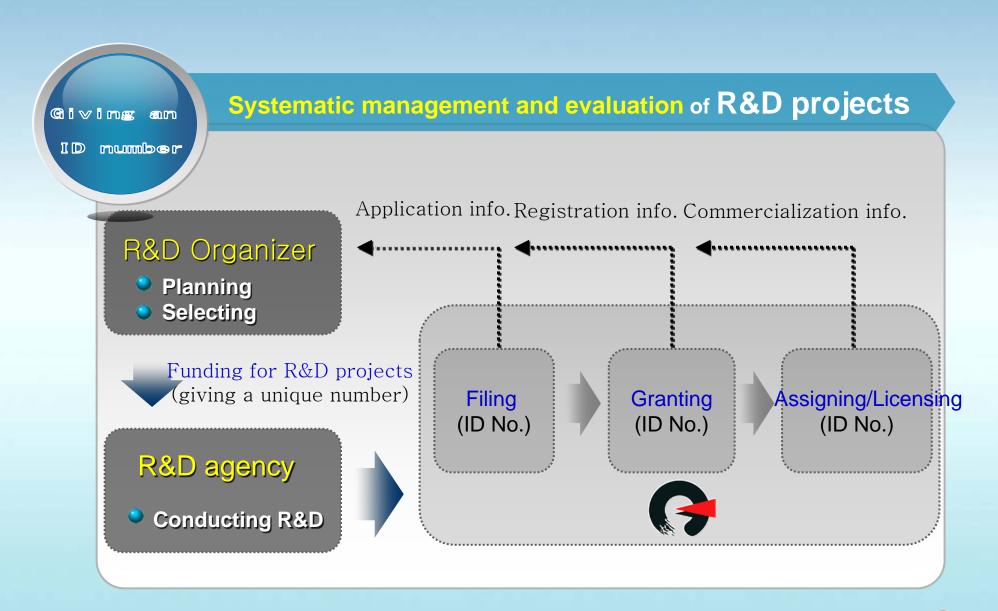

Guiding the direction for R&D projects

Prior art search in selecting R&D

- Type1- Prior art search before applying for a project
- Type2- Prior art search in evaluation

Encouraging wide sharing of IP Information

R&D IPR Consulting Center

- Consulting service for national R&D project (<u>www.iprguide.org</u>)
- Visit each lab for IPR consultation, researcher's note
 Foreign IPR trend report

Seminars on patent information

- Promoting to use patent information in the R&D process
- Scheduled 20 seminars all over the country
- 6,000 scientists and researchers participated

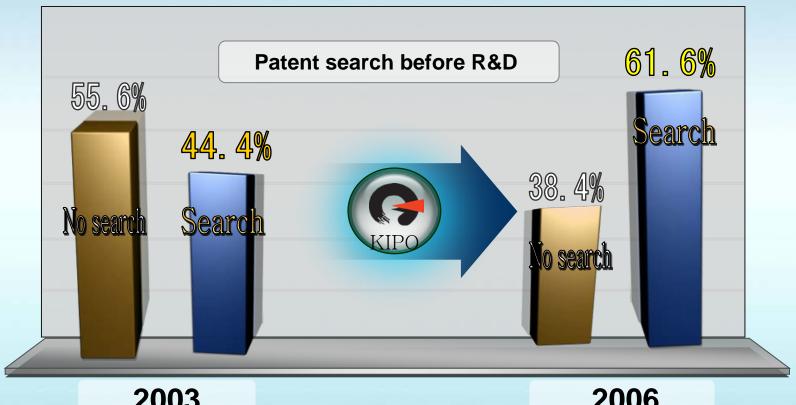

Education at university

- Undergraduate : Basic theory on IP, Blended learning
- Graduate: Advanced courses, off-line training
- Patent maps for university

Surge on the use of patent information

2003 2006

< Hyundai Research Institute >

The best IP automation system

- Accessible and available for anyone
- Free search of IP information
- High-quality patent database through KIPOnet

2) IP awareness

 Convincing researchers and scientists about the importance of patent information searching

3) Single-minded devotion

- Solid vision of innovation
- Constructive feedback

May 2003, WIPO OECD Forum

IP Academy as a best practice of KIPO and KIPA

Nov 2004, Trilateral Agreement

Joint Development of E-learning Content (JDEC)

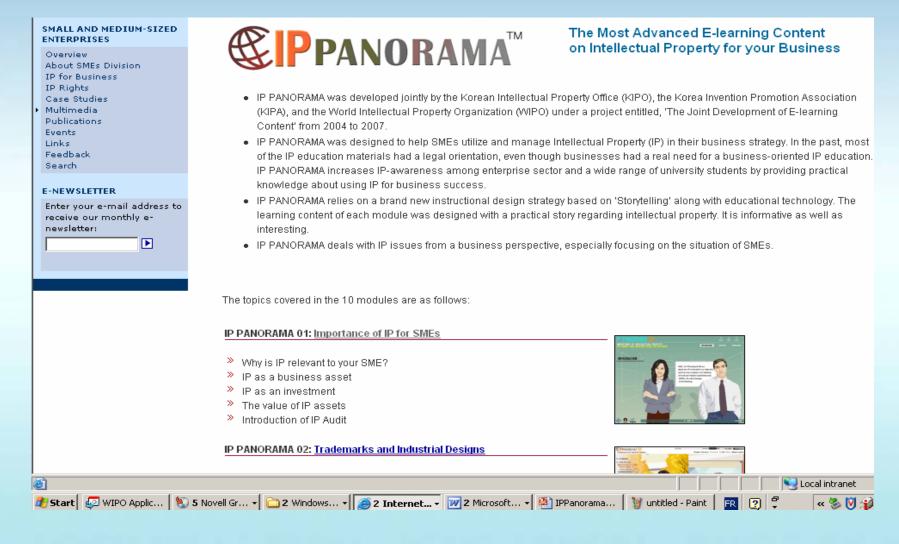

http://www.wipo.int/sme/en/multimedia/

World Wide Promotion and Use

- Agreed with Thai (Nov. 2007) and Portuguese IP Office (Apr. 2008),
 Polish IP Office (May. 2009) to produce translated versions of IP
 PANORAMA
- Developing UN language versions of IP PANORAMA
 2009: Arabic, 2010: French and Spanish, 2011: Chinese and Russian
- Organizing education programs with LAS, KIPA, MNCCI, VCCI, KWIA, NID, Napoli University, etc.
- Referred and used by various institutions world wide

Use of IP PANORAMA in Korea

Sookmyung Women University

has established internal IP education program by concluding the license agreement on using IP PANORAMA with KIPA

- During the period 2006~2007, KIPO developed "IP Xpedite" under the APEC cooperative framework in collaboration with the United States Patent and Trademark Office (USPTO), Japan Patent Office (JPO), and IP Australia.
- The contents aim to build the capacity for using IPR information so as to enhance the efficiency of R&D and the establishment of appropriate IP policies.

APEC Project for the Training of Intellectual Property Right Information Facilitators using e-learning contents – IP Xpedite

Online course

- July 2009
- Designed to facilitate basic knowledge and awareness of IPR in all APEC member economies
- Based on e-learning contents - IP Xpedite
- 466 trainees from 18 economies

Offline Training course

- August 2009
- For participants who completed the online course and are nominated by their own economy
- Practical training and field trip
- 30 trainees from
 15 economies

E-learning Contents Development

- ~ December 2009
- Produce e-learning contents based on the materials and feedbacks from the offline course
- The e-learning contents will be distributed to APEC economies via the internet or CDs

Support of Top Management

"Good understanding and firm commitment of

Top Management is the most critical factor."

Strong and Highly – motivated Task Force Team

- Project master planning
- Business Process Reengineering (BPR)
- Benchmarking reference sites
- Numerous decisions makings

Fast Communication channel between project team and user groups

- Accurate user requirements
- Feedback on BPR proposals

Comply with IT standards and guidelines of WIPO

- To minimize upgrading cost
- To maintain interoperability with other IPO systems

Support developing IPOs

'09	 Uzbekistan IP information F/S Support Patent Search modularity and apply it to Mongolia IP office
'08	 Mongolia IP information F/S Support Patent Search modularity and Apply it abroad
'07	Vietnam, Philippines IP information F/SIndonesia IP information F/S
'05 ~ '06	Upgrade the PCT-ROAD and develop a Spanish versionIndia IP office consulting
'04	 Development of PCT-ROAD Vietnam IP office consulting Taiwan IP office consulting
'02	⊕ Thailand, Peru IP office consulting
~	Philippines IP office consulting
'03	Papua New Guinea IP office consulting

Thank you.
