

Program and Budget Committee

Nineteenth Session
Geneva, September 10 to 14, 2012

FINANCIAL MANAGEMENT REPORT FOR THE 2010-2011 BIENNIUM

presented by the Director General

1. The Financial Management Report (FMR) of the World Intellectual Property Organization (WIPO) for the 2010-2011 biennium is transmitted to the Program and Budget Committee (PBC) in accordance with Regulation 6.7 of the Financial Regulations and Rules (FRR) which requires that the FMR be transmitted to all the interested States.
2. It is to be noted that the FMR is not subject to an external audit.
3. *The Program and Budget Committee is invited to recommend to the Assemblies of the Member States of WIPO the approval of the 2010-2011 FMR.*

[FMR for the 2010-2011 biennium follows]

World Intellectual Property Organization

Financial Management Report 2010/2011

PREFACE

2010/2011 proved to be a challenging biennium for the World Intellectual Property Organization (WIPO) with income adversely affected by continuing global economic difficulties and the impact of the strengthening of the Swiss franc against other major currencies. On a more positive note, the biennium also brought the successful introduction of the International Public Sector Accounting Standards (IPSAS), making WIPO one of only nine agencies to have met the target implementation date originally established for the United Nations system organizations of January 2010. With these accounting standards WIPO now adheres to an internationally recognized method of financial reporting which brings transparency and improved comparability.

The Organization generated a surplus of 3.95 million Swiss francs against budget during the biennium. Expenditure against the amounts allocated from reserves for various projects totalled 41.9 million Swiss francs and IPSAS adjustments, made to align WIPO's result on a budgetary basis to its result in accordance with IPSAS, amounted to 7.8 million Swiss francs. The overall result of the Organization was therefore a deficit of 45.8 million Swiss francs. Reserves have accordingly decreased during the biennium as was expected following the introduction of IPSAS.

This financial management report shows the Organization's results for the 2010/11 biennium by means of a comparison with the budget and with the results against budget for the previous biennium. It also gives details of the Organization's financial performance during 2010/11 and of its financial position at the end of both 2010 and 2011 in accordance with IPSAS.

Francis Gurry
Director General

Financial Management Report 2010-2011

This financial management report is expressed in Swiss francs and shows the financial results of WIPO and the unions administered by WIPO*.

The first pages provide a summary of the results which show surplus income of 3.95 million Swiss francs and also the situation of the different unions, as well as those of the reserves and the main provisions. This summary is followed by details of the financial performance of the Organization during the biennium and of its assets and liabilities at the end of both 2010 and 2011. In accordance with WIPO's introduction of IPSAS in 2010, the Organization now produces a set of financial statements, which is subject to an external audit, for each year of the biennium. Copies of the audited financial statements, together with the accompanying reports from the External Auditor, are available as separate documents from the Organization.

The financial information is followed by details regarding the contributions for the 2010/2011 biennium. The distribution of 311 million Swiss francs to the Member States during the biennium under the Madrid and Hague Agreements is explained in a separate chapter.

For the sake of transparency, the trust funds allocated by the Member States have been treated as a fully-fledged entity, independent of WIPO's accounts and are presented in a separate chapter.

Francis Gurry
Director General

* Paris Union (126th and 127th years), Berne Union (123rd and 124th years), Madrid Union (119th and 120th years), The Hague Union (85th and 86th years), Nice Union (53rd and 54th years), Lisbon Union (52nd and 53rd years), WIPO (41st and 42nd years), Locarno Union (40th and 41st years), IPC Union (36th and 37th years), PCT Union (33rd and 34th years), TRT Union (31st and 32nd years), Vienna Union (25th and 26th years).

Table 1.2 below provides the comprehensive summary of the financial performance in 2010/11 by Unions as well as the Reserves and Working Capital Funds (RWCF) as of end 2011. The overall result for the biennium 2010/11 amounted to a deficit of 45.8 million Swiss francs. This was reflected in deficits for each of the five Unions, as illustrated below. Accordingly, no distribution is possible to the members of the Madrid Union as of the end of the 2010/11 biennium, in line with Articles 8(4) of the Madrid Agreement and Madrid Protocol.

Table 1.3 below compares actual and budgeted income and expenditure on a budgetary basis by unions and by direct/indirect expenditure type. The distribution by direct and indirect union expenses has been carried out in line with the methodology adopted by the WIPO Assemblies within the context of the approval of the Program and Budget for the 2010/11 biennium (cf. Publication No. 360E/PB1011).

For the overall result (surplus/deficit) by Unions, please refer to table 1.2

Appropriations from WIPO's RWCF in respect of projects approved by Member States, as shown in Table 2 Reserve Appropriations, amounted to 68.4 million Swiss francs. It is recalled that the Member States approved as part of the Revised Budget for the 2008/09 biennium several projects related to the Development Agenda (DA) (for the implementation of DA recommendations 2,5,8,9 and 10) for an amount of 7.9 million Swiss francs. Out of this amount, 7.2 million Swiss francs remained as unspent and available at the start of the 2010/11 biennium, and were, exceptionally, made available for continued funding from the Organization's Reserves.

BUDGET

Budget

The Program and Budget for the 2010/11 biennium was approved by the 47th Series of the Assemblies of the Member States of WIPO in October 2009 (document A/47/3). The budget was approved in the amount of 618.6 million Swiss francs. The approved Program and Budget document has been published as WIPO Publication No. 360E/PB1011.

Transfers

Table 3 shows transfers of financial resources made across programs during the 2010/11 biennium. These transfers were made in accordance with the WIPO Financial Rules and Regulations, specifically Regulation 5.5 which states: "The Director General may make transfers from one program of the program and budget to another for any given financial period, up to the limit of five per cent of the amount corresponding to the biennial appropriation of the receiving program, or to one per cent of the total budget, whichever is higher, when such transfers are necessary to ensure the proper functioning of the services".

The primary objectives of the transfers across programs were the following:

- Allocation of appropriate resources related to various Development Agenda projects. It is recalled that the Approved Budget 2010/11 had earmarked under the Unallocated budget line a total amount of 5.5 million Swiss francs for the biennium. Savings identified under programs during the course of the biennium were transferred to the Unallocated budget line, thereby making it possible to allocate a total amount of 5.9 million Swiss francs to DA projects during the biennium.
- Some activities were transferred across programs with a view to their mainstreaming and achieving corresponding synergies. Such transfers include Copyright Development Services activities from Program 9 (Africa, Arab, Asia and the Pacific, Latin America and the Caribbean Countries, Least Developed Countries) to Program 3 (Copyright and Related Rights); Legislative Policy advice activities from Program 9 to Programs 1 (Patents) and 2 (Trademarks, Industrial Designs and Geographical Indications); WIPOCOS project activities from program 15 (IP Office Modernization) to Program 3; and Information Services for Developing Countries from Program 12 (International Classifications and WIPO IP Standards) to Program 14 (Global IP Information Services).
- Further to the successful implementation of the time-limited Voluntary Separation Program (VSP) among WIPO staff, as approved by the Member States in 2009, a total of 87 posts became available for purposes outlined in document WO/CC/61/3, which included, among others, achieving a better match between "the profile of existing resources and the competencies required to enable the Organization to meet the evolving demands on it", with corresponding financial resource transfers.

Additional details on achievement of expected results, transfers by program and resource utilization will be included in the Program Performance Report (PPR) for the 2010/11 biennium.

EXPENDITURE

The overall budgetary expenditure for the 2010/11 biennium amounted to 588.9 million Swiss francs, which represents 95.2% utilization rate against the approved budget of 618.6 million Swiss francs. Compared with the expenditure in the 2008/09 biennium of 576.8 million Swiss francs, this represents an increase of 2.1%. In view of the continued global economic and financial crisis, the Crisis Management Group (CMG) established by the Director General in early 2009 continued to closely monitor the evolution of the financial situation of the Organization as well as the impact of the broader economic events.

Table 5 provides an overview of the 2010/11 budget and expenditure by program. The resource utilization rates for all programs were within the Final Budget after Transfers. Table 5 also provides the resource utilization rates against the Approved Budget by program. It is noted that this latter comparison is less relevant, due to the transfers in resources carried out across programs within the limits set out in the WIPO Financial Rules and Regulations (Regulation 5.5). For discussions on the resource transfers, please refer to the earlier part of this document. As also noted previously, further details on resource utilization and achievement of expected results will be included in the Program Performance Report for the 2010/11 biennium.

Table 6 provides a comparison of the budgeted and actual expenditures by cost categories, followed by more information in respect to the expenditure by main cost categories.

The Organization continued in 2010/11 to implement various cost-efficiency measures (summary table below). These included, among others, measures related to travel and participation in meetings; improvements in process efficiencies as well as procurement-related measures. In particular, WIPO has been very active in the area of cooperation with other United Nations Organizations on collaborative procurement in order to achieve savings and efficiencies. For instance, WIPO has co-led with the International Labor Organization (ILO) an open international tender for the selection of a Language Training company and an open international tender for the pre-qualification of eligible companies in the area of catering services. As a very active member of the UN Common Procurement Activities Group (CPAG) based in Geneva, WIPO also benefited from common tenders in the following areas: the provision of electricity, negotiation of reduced fares with airlines companies, and the purchase of IT equipment such as desktop and laptop computers.

Selected Cost Efficiency Measures

Travel-related Measures

Cost savings on Staff travel
Efficiency in respect of participation of Staff and Third Parties in Meetings
Joint Negotiations with UN on airline fares (Working Group on Joint Airlines Negotiations)

Procurement and Premises Measures

Common UN Procurement for electricity, photocopiers, IT licences, etc.
Re-negotiation of contracts with mail carriers
Re-negotiation of outsourced translation contracts
Revision of office space allocation policy
Reduction of the official fleet of vehicles

Process Efficiencies

Introduction of ERP Procurement modules in 2010
Introduction of e-Recruitment system in 2010
Introduction of electronic event request in 2010
Introduction of the e-Registration system for 2011 Assemblies

Personnel Resources

Expenditure against Budget

Personnel costs for the 2010/11 biennium totalled 396.4 million Swiss francs (2008/09 biennium: 392.5 million Swiss francs), representing an increase of 1% compared to the previous biennium and a utilization rate of 99.8% against the Budget after Transfers (including the Unallocated personnel costs)¹. The under-expenditure was primarily the result of the following factors:

1. As approved by Member States, a time-limited Voluntary Separation Program (VSP) was successfully implemented in 2010. With the separation of 87 staff members on regular budget posts, these posts became available and were used for (i) regularizing temporary employees through a competitive selection process, (ii) re-profiling vacancies to meet

¹ It is to be noted that the Final Budget after Transfers figures for personnel resources reflect adjustments to resource allocations, which are made to align the budgeted standard costs to the actuals. This facilitates the identification of resource savings across the Organization and ensures that personnel resources are managed as planned.

current organizational needs and (iii) bringing in additional skills through external recruitment to meet specific needs, such as language and some technical competencies. Out of a total of 87 posts, 58 were filled in the course of the 2010/11 biennium, while a further 29 remain to be filled during the 2012/13 biennium.

2. The 2010/11 budget for Posts assumed an average 8% vacancy rate during the biennium. The actual average vacancy rate ranged between 10% and 14% in 2010/11, leading to savings under Posts expenditure.
3. The total headcount as at the end of the 2010/11 biennium (including staff on posts, short-term contracts and WIPO Consultants) was 1,188. It is recalled that the estimated headcount number put forward in the 2010/11 Program and Budget was 1,234 with SSA holders (Table 9 of PB 2010/11) and 1,196 without the SSAs. Thus, the actual headcount number has remained within the estimated headcount for the biennium.

Expenditures under Consultants showed an increase of 12% from the Approved Budget and an increase of 35% from 2008/09. This was primarily due to the fact that the high level of vacancies in certain operational areas required the hiring of temporary staff to backfill vacancies. The Organization also supported internship opportunities offered to students and recent graduates (maximum 6-month contracts).

Expenditure Evolution by Year

The following tables show the evolution of both the headcount (at year-end) and personnel expenses from 2006.

Evolution of Headcount 2006-2011

	2006	2007	2008	2009	2010	2011

The post related expenditures for the biennium 2010/11 take into account the adjustments resulting from ICSC decisions, mainly in respect to the revisions in the salary, pensionable remuneration scales, allowances and other benefits/entitlements at the professional and general services levels. Key changes introduced in 2010/11 were the following:

1. The net base salary scale increased on January 1, 2010 and January 1, 2011 by 3.04% and 1.37%, respectively, to harmonize the salaries of United Nations Professional and higher category staff with pay levels of comparable staff in the United States of America federal civil service. In line with usual practice, this was introduced on a no loss, no gain basis, whereby the increase in net base/floor salary was offset by a reduction in post adjustment, leaving net take-home pay unchanged.
2. Revision in the salary scales for the General Service staff with effect from April 2011. The revised salary scale represented an increase of 0.61%.
3. The pensionable remuneration of Professional staff members increased by 2.73% with effect from August 1, 2011, in accordance with the provisions of Article 54 (b) of the United Nations Joint Staff Pension Fund's regulations. This was the first increase in the pensionable remuneration scale since August 1, 2008.
4. As of the school year in progress on January 1, 2011, the maximum admissible expenses and the maximum education grant for 11 zones was adjusted (11% increase for Geneva) and the normal flat rates and the additional flat rates for boarding were revised for 13 zones.

Travel and Fellowships

Expenditure against Budget

(CHF'000)

	2008/09 Actual Expenditure	2010/11 Approved Budget	2010/11 Final Budget after Transfers	2010/11 Actual Expenditure	Difference (Actual vs. Budget after Transfers)	
					Amount	%
<i>Travel and Fellowships</i>						
Staff Missions	13,443	13,386	14,874	13,057	(1,816)	-12.2%
Third-party Travel	18,610	22,129	23,337	17,651	(5,686)	-24.4%
Fellowships	1,995	3,475	4,507	2,638	(1,869)	-41.5%
<i>Sub-total</i>	<i>34,048</i>	<i>38,990</i>	<i>42,718</i>	<i>33,346</i>	<i>(9,371)</i>	<i>-21.9%</i>

Overall expenditure for Travel and Fellowships amounted to 33.3 million Swiss francs for the 2010/11 biennium, lower by 9.4 million Swiss francs or 21.9% compared to the Final Budget after Transfers of 42.7 million Swiss francs (2008/09 biennium: 34.1 million Swiss francs).

Expenditures under this category include the following:

- Staff missions: travel expenses and daily subsistence allowances for the staff and headquarters-based consultants of the Secretariat on official travel.
- Third party travel: travel expenses and daily subsistence allowances for Government officials, participants and lecturers attending WIPO-sponsored meetings.
- Fellowships: travel expenses, daily subsistence allowances and training and other fees in connection with trainees attending courses, seminars, fellowships.

The expenditures were within the 2010/11 Final Budget after Transfers as a result of various cost efficiency measures, some of which were introduced in 2009 and some in the course of the 2010/11 biennium. Measures introduced in 2009 in respect of (i) travel conditions for WIPO staff, and (ii) the organization of meetings, continued to generate savings in 2010/11, and they were extended in 2010/11 to cover the travel of delegates and other third parties, with

the view to achieving further cost efficiencies. Savings were made possible through (i) early pre-booking of flights and timely decisions on the purchase of air tickets; (ii) adherence to direct, cost-effective routes; and (iii) introduction of economy tickets on flights of shorter durations.

Under-expenditure under Third Party Travel against the 2010/11 Final Budget after Transfers is mainly due to the cost savings from the PCT and Madrid Assemblies (Program 5 and 6), and the postponement of a number of planned activities as requested by counterparts in some countries or driven by unexpected political developments, disturbances and natural disasters in some regions (Program 9). Under-expenditure under Fellowships against the budget reflects the postponement of three courses for the Professional Development Program, as agreed with the partner institutions (Program 11).

For a more extensive description of program performance and resource utilization by programs, please refer to the 2010/11 Program Performance Report.

Expenditure Evolution by Year

The table below shows the annual evolution of expenditures under Travel and Fellowships by expenditure type from 2006 (in millions of Swiss francs):

	2006	2007	2008	2009	2010	2011
Travel and Fellowships						
Staff Missions	6.4	7.9	7.6	5.9	6.0	7.0

Sub-Total, Travel and Fellowships	13.4	21.5	18.0	16.1	15.7	17.6
Change from prior year		61%	-17%	-10%	-2%	12%

Evolution of Travel and Fellowships Expenses by Year
(in millions of Swiss francs)

Note: Graphs showing the evolution of expenses by cost categories are all based on the same scales in order to show their relative weights

Although the range of operational activities and the number of countries involved in their implementation have increased over the years, as has the average cost of travel, expenditure was maintained at a lower level in 2010/11 as compared to previous biennia. This is mainly due

to the refinement and enforcement of travel procedures and the introduction of other cost efficiency measures related to travel as described above.

As compared to the 2008/09 biennium, expenditures were lower for Staff missions (by 0.4 million Swiss francs), travel of third party participants (by 0.7 million Swiss francs) and lecturers (by 0.3 million Swiss francs). These were offset by higher expenditure on fellowships in 2010/11 by 0.6 million Swiss francs, mainly as a result of the introduction of special fellowship programs in the areas of (i) Traditional Knowledge, Traditional Cultural Expressions and Genetic Resources and (ii) PCT Operations.

Contractual Services

Expenditure against Budget

(CHF'000)

	2008/09 Actual Expenditure	2010/11 Approved Budget	2010/11 Final Budget after Transfers	2010/11 Actual Expenditure	Difference (Actual vs. Budget after Transfers)	
					Amount	%
<i>Contractual Services</i>						
Conferences	5,112	5,993	6,517	7,286	769	11.8%
Experts' Honoraria	1,618	4,237	4,961	1,429	(3,532)	-71.2%
Publishing	276	1,211	1,666	98	(1,568)	-94.1%
Other Contractual Services	68,738	85,851	87,737	75,905	(11,832)	-13.5%
<i>Sub-total</i>	<i>75,744</i>	<i>97,292</i>	<i>100,881</i>	<i>84,717</i>	<i>(16,164)</i>	<i>-16.0%</i>

Total expenditure for Contractual Services amounted to 84.7 million Swiss francs, lower by 16.2 million Swiss francs or 16.0% as compared to the Final Budget after Transfers of 100.9 million Swiss francs (2008/09 biennium: 75.7 million Swiss francs).

Expenditures under this category include the following:

- Conferences: remuneration, travel expenses and daily subsistence allowances for interpreters; renting of conference facilities, and interpretation equipment; refreshments and receptions; and the cost of any other service directly linked to the organization of a conference.
- Experts' Honoraria: remuneration, travel expenses and daily subsistence allowances, and honoraria paid to lecturers.
- Publishing: outside printing and binding; reviews; paper and printing; other printing: reprints of articles published in reviews; brochures; treaties; collections of texts; manuals; working forms and other miscellaneous printed material; production of CD-ROMs, videos, magnetic tapes and other forms of electronic publishing.
- Other services: fees of translators of documents; rental of computer time; cost of staff training; recruitment costs; external SSAs and other external contractual services.

The overall savings in 2010/11 against the budget under Contractual Services are due to a number of factors, including (i) the outsourcing of PCT translation work, in particular for the Japanese language, where a new RFP process was undertaken in 2011 and resulted in lowering of costs, as well as lower costs in relation to external individual translators; (ii) cost

savings in respect of Madrid Operations activities, in particular through increased outsourcing of translation work and (iii) lower expenditure under certain Development Agenda projects (for instance, the project on IP, ICTs, Digital Divide and Access to Knowledge). In some cases, the underexpenditure was due to delays experienced in the implementation of various activities. These include, for instance, the Translation Management System project (Program 5) and several communication-related projects, in particular WINS enquiry tracking system and the website realignment system (Program 19). Costs were somewhat lower in the area of Innovation and Promotion activities for the Madrid System due to delays experienced in the recruitment of local experts and in ICT services, where the planned outsourcing of major infrastructure operations to the UN International Computing Center (UN ICC) did not fully materialize as planned. Please refer to the Program Performance Report for additional details by program.

Expenditure Evolution by Year

The table below shows the annual evolution of expenditures under Contractual Services by expenditure type from 2006 (in millions of Swiss francs):

	2006	2007	2008	2009	2010	2011
Contractual Services						
Conferences	2.2	2.4	2.2	2.9	3.1	4.2
Change from prior year		9%	-8%	34%	6%	33%
Experts' Honoraria	0.6	1.0	0.8	0.9	0.7	0.8
Change from prior year		53%	-22%	12%	-21%	12%
Publishing	0.2	0.3	0.2	0.1	0.0	0.1
Change from prior year		25%	-31%	-54%	-68%	152%
Other Contractual Services*	19.5	29.9	31.7	37.0	34.8	41.1
Change from prior year		53%	6%	17%	-6%	18%
Sub-Total, Contractual Services	22.6	33.5	34.8	40.9	38.6	46.1
Change from prior year		49%	4%	17%	-6%	19%

*Other Contractual Services have been restated for years 2006-2009 to include SSAs due to change introduced in April 2010

Evolution of Contractual Services Expenses by Year
(in millions of Swiss francs)

Note: Graphs showing the evolution of expenses by cost categories are all based on the same scales in order to show their relative weights

The increase in Contractual Services over the years is primarily driven by the increase in the volume of outsourced translation work for PCT and Madrid registration activities; increased outsourcing of IT activities and operations from prior years, in particular UN ICC-related services (despite the fact that the level of UN ICC outsourcing in 2010/11 did not reach

targeted levels) as well as the extra demand for interpretation services, arising from an increase in the number of languages offered and meeting days.

Increases as compared to the 2008/09 biennium were primarily with respect to interpretation costs for meetings and conferences (higher by 1.3 million Swiss francs), training expenses (increase of 0.6 million Swiss francs) and outsourced translation and SSA services. Expenditures under publications have decreased as the Organization has used fewer external printing and publishing services.

Operating Expenses

Expenditure against Budget

(CHF'000)

	2008/09 Actual Expenditure	2010/11 Approved Budget	2010/11 Final Budget after Transfers	2010/11 Actual Expenditure	Difference (Actual vs. Budget after Transfers)	
					Amount	%
<i>Operating Expenses</i>						
Premises & Maintenance	49,998	51,842	49,714	49,889	175	0.4%
Communication & Other	11,571	9,869	13,204	15,353	2,150	16.3%
<i>Sub-total</i>	<i>61,569</i>	<i>61,711</i>	<i>62,918</i>	<i>65,243</i>	<i>2,325</i>	<i>3.7%</i>

Overall expenditure for Operating Expenses amounted to 66.8 million Swiss francs for the 2010/11 biennium, higher by 2.3 million Swiss francs or 3.7% compared to the Final Budget after Transfers of 62.9 million Swiss francs (2008/09 biennium: 61.6 million Swiss francs).

Expenditures under this category include the following:

- Premises and maintenance: acquiring, renting, improving and maintaining office space and renting or maintaining equipment and furniture; loan reimbursement for new construction; and external management consultants related to new construction.
- Communication and other expenses: communication expenses such as telephone, internet, facsimile and mail, postage and carriage of documents; other expenses such as medical assistance, housing service, contributions to joint administrative activities within the United Nations system, Administrative Tribunal, Staff Association, hospitality; bank charges; interest on bank and other loans (except building loans); currency adjustments; and audit expenses.

Expenditures on Premises and Maintenance were higher against the budget primarily due to higher than expected expenditure on hardware and software maintenance. Such maintenance was expected to decrease to the extent that UN ICC would take over the major part of the ICT infrastructure management from WIPO. However, the progress in this direction was slower than expected. In addition, there was higher expenditure related to communication costs, such as telephones, faxes, etc. (Program 25). On the other hand, expenditure was lower in respect to mailing costs due to wider acceptance of electronic communication of PCT forms to applicants (PCT Processing – Program 5). It is further highlighted that interest payments on bank loans for the construction projects were booked to the Communication and Other line, although they were budgeted under the Premises and Maintenance line. This anomaly has resulted in a slightly misleading comparison of budget to actual expenditure.

Expenditure Evolution by Year

The table below shows the annual evolution of expenditures under Operating Expenses by expenditure type from 2006 (in millions of Swiss francs):

	2006	2007	2008	2009	2010	2011
Operating Expenses						
Premises & Maintenance*	26.1	25.8	25.3	24.7	25.6	24.3
Change from prior year		-1%	-2%	-2%	4%	-5%
Communication & Other	5.2	6.0	5.1	6.4	7.1	8.3
Change from prior year		15%	-14%	25%	10%	17%
Sub-Total, Operating Expenses	31.2	31.8	30.4	31.2	32.7	32.6
Change from prior year		2%	-4%	3%	5%	0%

*shown without the Construction line expenditure, which is a separate category

Evolution of Operating Expenses by Year
(in millions of Swiss francs)

Note: Graphs showing the evolution of expenses by cost categories are all based on the same scales in order to show their relative weights

The overall expenditure under Premises and Maintenance has remained stable in the past few years. Reduction in the Premises and Maintenance expenditure in 2011 is due to the fact that some of the maintenance and renovation related works on existing WIPO buildings were postponed until 2012. The increase under Communication and Other expenses is mainly due to interest payments on bank loans related to the construction projects. Please refer to the Program Performance Report for additional details by program.

As compared to the 2008/09 biennium, expenditures were higher in 2010/11 primarily in respect of interest payments on bank loans for the construction projects (higher by 3.8 million Swiss francs) and communication costs (telephone, faxes, etc. by 0.2 million Swiss francs). These were offset by reductions in expenditure for postage expenses (lower by 1.2 million Swiss francs).

Equipment and Supplies

Expenditure against Budget

(CHF'000)

	2008/09 Actual Expenditure	2010/11 Approved Budget	2010/11 Final Budget after Transfers	2010/11 Actual Expenditure	Difference (Actual vs. Budget after Transfers)	
					Amount	%
<i>Equipment and Supplies</i>						
Furniture & Equipment	5,783	7,648	7,901	3,718	(4,182)	-52.9%
Supplies & Materials	5,585	7,108	7,012	4,257	(2,755)	-39.3%
<i>Sub-total</i>	<i>11,368</i>	<i>14,756</i>	<i>14,913</i>	<i>7,975</i>	<i>(6,938)</i>	<i>-46.5%</i>

Overall expenditure for Equipment and Supplies amounted to 8.0 million Swiss francs for the 2010/11 biennium, lower by 7.0 million Swiss francs or 46.5% compared to the Final Budget after Transfers of 14.9 million Swiss francs (2008/09 biennium: 11.4 million Swiss francs).

Expenditures under this category include the following:

- Furniture and equipment: purchase of office furniture, office machines, computer equipment (desktop, laptops, printers, servers, etc), conference servicing equipment, reproduction equipment and transportation equipment.
- Supplies and materials: stationery and office supplies; internal reproduction supplies (offset, microfilms, etc.); library books and subscriptions to reviews and periodicals; uniforms; computer supplies, software and licenses.

Savings were mainly in relation to IT activities and Administrative Services as well as PCT. In particular, this was due to the change in strategy with respect to financing the infrastructure for the PCT operations disaster recovery planning, i.e., through leasing instead of purchase (PCT IS – Program 5). In addition, the overall higher reliance on electronic communication has led to savings under Supplies and Materials. The need for IT supplies and material is generally linked to the intensity of the workstation replacement process. The workstation replacement program was postponed to the 2012-2013 biennium; accordingly the IT supply and material expenditures were lower than expected. Please refer to the Program Performance Report for additional details by program.

Expenditure Evolution by Year

The table below shows the annual evolution of expenditures under Equipment and Supplies by expenditure type from 2006 (in millions of Swiss francs):

	2006	2007	2008	2009	2010	2011
Equipment and Supplies						
Furniture & Equipment	1.0	1.9	3.3	2.4	1.6	2.2
<i>Change from prior year</i>		96%	74%	-27%	-36%	39%
Supplies & Materials	1.9	2.3	2.5	3.1	2.0	2.2
<i>Change from prior year</i>		20%	6%	25%	-35%	12%
Sub-Total, Equipment and Supplies	2.9	4.3	5.8	5.5	3.6	4.4
<i>Change from prior year</i>		46%	37%	-5%	-36%	24%

Evolution of Equipment and Supplies Expenses by Year
(in millions of Swiss francs)

Note: Graphs showing the evolution of expenses by cost categories are all based on the same scales in order to show their relative weights

Expenditure on Equipment and Supplies was lower in 2010/11 compared to 2008/09 primarily due to reduced expenditure on IT equipment and software, explained by a shift towards a wider use of outsourcing services through ICC as well as by the postponement of some of IT equipment replacement programs as described above. Purchases of IT equipment were lower by 1.1 million Swiss francs and those for software were reduced by 1.5 million Swiss francs. Expenditure was also lower over the last few years as a result of lower volumes of paper being purchased, which is itself due to an increased use of electronic means of communication and partly due to variation in demand (lower by 0.3 million Swiss francs from 2008/09).

INCOME

Table 7. Income 2010-2011
(in millions of Swiss francs)

	2002/03	2004/05	2006/07	2008/09	2010/11	2010/11	Difference 2010/11 Actual vs. Budget	
	Actual				Budget	Actual	Amount	%
Contributions	34.5	34.4	34.7	34.8	34.8	34.8	0.0	0.0%
Fees								
<i>PCT System</i>	348.0	400.6	451.1	443.6	446.2	434.8	(11.4)	-2.6%
<i>Madrid System</i>	49.7	60.8	90.3	94.8	106.0	99.6	(6.4)	-6.0%
<i>Hague System</i>	8.4	5.0	5.0	5.4	7.4	5.9	(1.5)	-20.3%
<i>Lisbon System</i>	0.0	0.0	0.0	0	0.0	0.0	(0.0)	0.0%
Sub-Total Fees	406.1	466.5	546.5	543.8	559.6	540.3	(19.3)	-3.4%
Arbitration	3.2	2.5	3.2	3.3	2.7	3.3	0.6	22.1%
Publications	7.1	4.4	2.7	1.1	1.0	1.2	0.2	14.7%
Interest	13.1	8.9	15.8	17.8	16.3	9.4	(6.9)	-42.3%
Miscellaneous	6.4	6.0	6.4	6.5	4.2	3.8	(0.4)	-8.7%
TOTAL	470.3	522.7	609.3	607.4	618.6	592.8	(25.8)	-4.2%

Actual income in the 2010/11 biennium amounted to 592.8 million Swiss francs, lower by 25.8 million Swiss francs, or 4.2% compared to the approved biennial target of 618.6 million Swiss francs. This was primarily due to the continued impact of the global economic crisis over the course of the biennium, including the lowering of interest rates and the significant appreciation of the Swiss franc against major currencies. Both of these developments had an adverse impact on WIPO's revenue flows, in particular on income from the registration systems, representing 91% of WIPO's income, and on interest income.

Contributions

Income from assessed contributions totaled 34.8 million Swiss francs, in line with the approved biennial target.

Fee Income

Overall fee income amounted to 540.3 million Swiss francs, lower by 19.3 million Swiss francs or 3.4% from the initial biennial target of 559.6 million Swiss francs (2008/09 biennium: 543.8 million Swiss francs). Income was lower for all sources of fee income, i.e., PCT, Madrid, Hague and Lisbon fee income.

PCT Fee Income

Fee income from PCT amounted to 434.8 million Swiss francs, lower by 11.4 million Swiss francs or 2.6% compared to the budgeted biennial target (2008/09 biennium: 443.6 million Swiss francs). The number of PCT international applications reached 346,216 International Applications (IAs), an increase of 12,316 IAs or 3.7% as compared to the budgeted biennial target. The decrease in income compared to the previous biennium has taken place despite this increase in PCT filing rates against the budgeted biennial targets as well as the filing rates observed in the previous biennium. This apparent contradiction between filing level increases and income level reduction was primarily the result of the sharp appreciation of the Swiss franc against major currencies during 2010/11, which led to a significant exchange rate-related loss for WIPO, estimated at approximately 13 million Swiss francs in the second year of the biennium.

It is recalled that fees for PCT applications are set and paid in various currencies, such as Swiss francs, US dollars, Euros, Japanese yen, etc. WIPO sets fees in currencies other than Swiss francs, based on the exchange rates in effect for a given period, thus establishing "equivalent amounts" in other currencies. WIPO monitors exchange rates and, if certain exchange rate fluctuation limits prescribed by PCT rules are exceeded for a prescribed time period

(approximately four weeks), the Director General of WIPO initiates consultations with offices for setting new equivalent amounts which become effective within two to three months from the publication of new rates. However, sudden and protracted fluctuations in exchange rates can have a significant impact on PCT fee income levels.

Madrid Fee Income

Fee income from Madrid amounted to 99.6 million Swiss francs, lower by 6.4 million Swiss francs or 6% as compared to the budgeted biennial target of 106 million Swiss francs (2008/09 biennium: 94.8 million Swiss francs). Biennium on biennium, the increase represents a record in both the volume of registrations and renewals (RR) and the level of revenue generated (5.5% increase in RR and 5% increase in fee income between 2008/09 and 2010/11). There was a shortfall compared to the budgeted target, however, with registrations and renewals totaling 121,947 RR, lower by 9,653 RR or 7.3% compared to the budget biennial target of 131,600 RR, indicating a slightly higher level of optimism in respect of the expected economic recovery for 2010/11 than actually materialized.

In terms of the number of Madrid applications, the impact of the financial crisis was a double-digit decline in 2009 (by 16.4%), followed by a rebound in 2010 by 12.8% to a level which still fell short of the budgeted target.

Hague Fee Income

Fee income for Hague amounted to 5.9 million Swiss francs, lower by 1.5 million Swiss francs or 20.3% when compared to the budgeted biennial target of 7.4 million Swiss francs (2008/09 biennium: 5.4 million Swiss francs). While this represented an increase of 10.4% over the previous biennium, the shortfall against the budgeted estimates contributed to the overall fee income shortfall observed for 2010/11. The main reason for this shortfall was the significant drop in the number of registrations, whereas the number of renewals was on target. The total number of RR reached 10,193 RR, lower by 2,107 RR or 17.1% as compared to the budgeted biennial target of 12,300 RR.

The number of Hague registrations fell significantly short of the budgeted target by over 35% during 2010/11 (4,579 vs. 7,100). This shortfall is directly attributed to the global economic crisis in 2008-2009. Expectations of the wider use of the Hague system following the accession of the European Union (EU) to the Geneva Act, which took place in 2008 and which resulted in 30% increase in registrations in the same year, were dealt a huge blow by the global crisis from 2009 onwards. Instead of the expected significant growth in years 2009 to 2011, the actual growth in the number of registrations has been around 10% in 2009, 31% in 2010 and a more modest 6% in 2011. Otherwise, lower than expected filing levels can be attributed partly to the lack of timely promotional activities at the time of the EU's accession and the availability of an alternative filing system for the EU countries.

Arbitration and Mediation Center (AMC)

Income from AMC reached 3.3 million Swiss francs, an increase by 0.6 million or 22.1% compared to the budgeted biennial target of 2.7 million Swiss francs (2008/09 biennium: 3.3 million Swiss francs), mainly due to higher than expected demand under the Uniform Domain Name Dispute Resolution Policy (UDRP).

Publications

Income from Publications amounted to 1.2 million Swiss francs, representing a 14.7% increase compared to the budgeted biennial target of 1.0 million Swiss francs, but remaining at the same level as in the previous biennium (2008/09 biennium: 1.1 million Swiss francs).

Interest

Interest income amounted to 9.4 million Swiss francs in 2010/11, a decrease of 6.9 million Swiss francs or 42% compared to the biennial budget target of 16.3 million Swiss francs, and a decrease of 8.4 million Swiss francs or 47.2% compared to interest income in 2008/09 of 17.8 million Swiss francs. This was primarily due to the significant decrease in the interest rate earned on WIPO's deposit accounts with the Swiss National Bank, which has fallen from a level of 2.4% in early 2009 to 0.6% by the end of 2011.

Miscellaneous Income

Miscellaneous income amounted to 3.8 million Swiss francs, a decrease of 8.7% compared to the budgeted biennial estimate of 4.2 million Swiss francs. As compared to the previous biennium, the decrease was 2.6 million Swiss francs or 40% compared to income of 6.5 million Swiss francs in 2008/09. Other income includes rental income, UPOV's payments to WIPO for administrative support services, charges for the support of activities administered by WIPO on behalf of trust funds, accounting adjustments in respect of prior years, etc. The decrease compared to the 2010/11 budgeted target was primarily due to revaluation losses due to negative exchange rate fluctuations.

Table 8. Use of Reserves

(1) Columns B,C and D totalling 20.6m Swiss francs represent the total expenditure before IPSAS adjustments for capitalization.

Other projects

Other projects for which the use of reserves was authorized comprise:

New Building construction - authorized amount 20 million Swiss francs, entirely capitalized as at December 31, 2011 (including 8.1 million Swiss francs capitalized through IPSAS adjustments);

Conference Hall (architectural and technical project) - authorized amount 20 million Swiss francs, entirely capitalized as at December 31, 2011 (including 19.3m Swiss francs capitalized through IPSAS adjustments);

Conference Hall (provision for unforeseen expenditure) - authorized amount 4 million Swiss francs, entire balance unused as at December 31, 2011.

The table below provides detail of the total cost of the New Building construction from all sources of finance:

	(in Swiss francs)
Budget of New Building (from reserves and loan)	161,742,643
Unused budgeted amounts from reserves and loan	<u>-7,727,748</u>
Amount financed by reserves and loan	154,014,895
Amount financed by approved regular budget	9,763,288
Cost of New Building per financial statements	<u>163,778,183</u>

INVESTMENTS 2010-2011

All of WIPO's investments are made in accordance with WIPO's Policy on Investments which was approved by the Member States at the forty-ninth session of the Assemblies (document A/49/14) which took place in 2011.

Investments are therefore made as follows:

- a) All Swiss franc investments for WIPO are held with the Swiss National Bank (BNS) provided that the rate offered is higher than that available from commercial banks having the required credit rating.
- b) Investments other than those made with BNS are linked to money market funds and time deposits held by banks with a credit worthiness rating of AA-/Aa3 (Standard and Poor's / Moody's) or higher and to high grade corporate or government banks rated AA-/Aa3 or higher.
- c) Monies held for Funds in Trust (Special Accounts) are placed in money market funds and time deposits with banks meeting the required credit rating.

Table 9 details investments made during the biennium. It is worth noting that, under the terms of the Policy on Investments, the Organization is currently unable to make deposits with either of its two principal relationship banks, UBS and Crédit Suisse, as their long-term credit ratings are below the minimum level stipulated in the policy.

Financial Risks

WIPO has developed risk management policies in accordance with its Financial Regulations and Rules. The Organization is exposed to certain financial risks, including credit, interest, liquidity and foreign currency exchange risks. The primary objective of the WIPO Policy on Investments is the minimization of risk to principal funds while ensuring the liquidity necessary to meet cash flow requirements. Within this general objective the principal considerations of the Organization's investment management are, in order of importance:

- 1) Preservation of capital;
- 2) Liquidity;
- 3) Rate of return.

Credit Risk

Investments are held in banks with sovereign risk or with credit ratings of AA-/Aa3 or higher. Accounts receivable are almost exclusively from Member States representing sovereign governments, and therefore risks related to credit are considered minor.

Interest Risk

As only 3% of the operating budget is financed from revenue derived from investment income, the Organization's exposure to the risk of falling interest rates is limited. The Organization does not use financial instruments to hedge interest rate risk.

Liquidity Risk

The Organization does not have significant exposure to liquidity risk as it has substantial unrestricted cash resources which are replenished from the results of its operations. The Organization's investment policy has been developed to ensure that investments are held primarily in liquid short-term deposits.

Foreign Currency Exchange Risk

The Organization is exposed to foreign currency exchange risk arising from fluctuations of currency exchange rates. To the maximum extent possible, short, medium and long term investments are managed by matching currencies held, forecast cash inflows and forecast disbursements by currency and period. The Organization does not use derivative financial instruments to hedge exchange risk.

Table 9. Investments in 2010 and 2011

WIPO's investments in 2010 and 2011							
	Amount	Period	Bank	Rate %	Bench-mark %	Depositor (if not WIPO)

FINANCIAL STATEMENTS

For each of the two years of the 2010/11 biennium, the annual financial statements of WIPO have been prepared in accordance with International Public Sector Accounting Standards (IPSAS). Until the last biennium 2008/09, the financial statements were prepared in accordance with the United Nations System Accounting Standards (UNSAS), and were audited on a biennial basis.

The Move to IPSAS

On November 30, 2005, the High-Level Committee of Management (HLCM) recommended that all United Nations system organizations adopt IPSAS as their accounting standard effective no later than 2010. This recommendation was driven by a clearly identified need within the UN system to move to improved, independent and universally accepted accounting standards, with the aim of increasing quality and credibility in financial reporting. The IPSAS standards are developed by the International Public Sector Accounting Standards Board (IPSASB) which is part of the International Federation of Accountants (IFAC).

At the forty-third session of the Assemblies (September 24 to October 3, 2007), the Member States agreed in principle to the adoption by WIPO of IPSAS by 2010. The project to implement IPSAS at WIPO involved significant IT development and modifications, and the proposal for this work was approved by the forty-sixth session of the Assemblies in December 2008. Although many UN organizations pushed back the original IPSAS implementation deadline, WIPO maintained the 2010 target date. As WIPO received an unqualified audit opinion for its 2010 financial statements, it became one of only nine UN organizations to adopt IPSAS by the originally planned date of January 1, 2010.

The Benefits of IPSAS

The adoption of IPSAS means the application of accounting standards which represent best management practices and which keep up to date with the latest developments in financial matters. It will also lead to greater harmonization in the presentation of financial statements between UN system organizations and better comparability of financial statements with other international organizations and national governments.

Financial statements prepared in accordance with IPSAS provide much more insight into the actual assets, liabilities, revenues and expenses of the Organization. Increased transparency with respect to assets and liabilities results in greater internal control and enhanced management of resources. Comprehensive information about revenues and expenses better supports decision making and enhances strategic planning.

The overall result is financial statements of higher quality, transparency and reliability, which contain more detailed and relevant information for stakeholders. Member States are now provided with a set of financial statements reflecting the full cost of running WIPO's activities, including items not covered by current budgets.

The Accounting Impacts of IPSAS

Applying IPSAS requires the introduction of the full accrual basis of accounting. Accrual basis accounting involves the recognition of transactions and events when they occur, meaning that they are recorded in the accounting records and reported in the financial statements of the financial periods to which they relate, and not only when cash or its equivalent is received or paid.

This leads to significant changes in the financial statements. One important impact is the value of future employee benefits (for example, accumulated annual leave, repatriation grants, After Service Health Insurance) that WIPO staff have earned but not yet received. These liabilities are now recorded to capture the full cost of employing staff whereas in previous financial statements these types of benefits were shown as an expense only when paid.

IPSAS requires that the property (land and buildings) and equipment of the Organization be capitalized in the financial statements and depreciated over their useful economic lives.

The application of IPSAS also affects the way in which the Organization is able to record revenue relating to its activities. In many cases, WIPO collects fees and charges for services before the services are performed completely, or before the fee is earned in accordance with the treaties, agreements, protocols and regulations administered by the Organization. In these cases IPSAS requires that the revenue from fees collected is deferred until it is deemed to have been earned in accordance with the regulations governing the particular revenue source. This leads to the recognition of significant deferred revenue liabilities in the WIPO financial statements.

The implementation of IPSAS does not currently impact the preparation of the WIPO Program and Budget, which is still presented on a modified accrual basis. As this basis differs from the full accrual basis applied to the financial statements, reconciliation between the budget and the financial statements is provided in accordance with the requirements of IPSAS.

Presentation of Financial Information under IPSAS

As IPSAS requires the preparation of annual financial statements, WIPO financial statements are now prepared individually for each calendar year of the biennium. These annual financial statements are presented separately from the Financial Management Report, and to see complete financial information of the Organization prepared in accordance with IPSAS requirements, reference should be made to the WIPO annual financial statements.

Under IPSAS, the financial statements include the following elements:

- Statement I - Statement of Financial Position
- Statement II - Statement of Financial Performance
- Statement III - Statement of Changes in Net Assets
- Statement IV - Statement of Cash Flow
- Statement V - Statement of Comparison of Budget and Actual Amounts
- Notes to the Financial Statements

In the Financial Management Report, statements I-V are presented for the biennium 2010/11. Financial information is provided to give an understanding of the differences between the result of the Organization on a budgetary basis and the result of the Organization per the IPSAS financial statements. Other extracts from the annual financial statements also provide further details of the assets and liabilities of the Organization.

Note that as the biennium 2010/11 is the first biennium for which financial information prepared on a full accrual basis in accordance with IPSAS is available, comparative information for the biennium 2008/09 is not provided in the Statement of Financial Performance or the Cash Flow Statement. In the Statement of Financial Position and supporting notes, balances are shown as at December 31, 2011, December 31, 2010 and January 1, 2010. Balances as at January 1, 2010 are the December 31, 2009 balances restated for the opening balance impacts of IPSAS implementation.

ANALYSIS OF STATEMENT OF FINANCIAL POSITION

Movement in Net Assets (Reserve and Working Capital Funds)

As at December 31, 2011, the Organization has net assets (or reserve and working capital funds - RWCF) on an IPSAS basis of 162.4m Swiss francs. As presented in the Financial Management report for the biennium 2008/09, the Organization had net assets of 228.2m Swiss francs as at December 31, 2009. The table below summarizes this decrease in net assets during the biennium 2010/11, highlighting the impact of the introduction of IPSAS:

Movement in Net Assets (RWCF) 2010/11

IPSAS opening balance adjustments

In order to implement IPSAS for 2010, WIPO was required to prepare an IPSAS compliant opening statement of financial position as at January 1, 2010. This involved recognizing all assets and liabilities which would need to be included in the statement of financial position under IPSAS. The net impact of the recognition of these assets and liabilities was a reduction in net assets of 20.0m Swiss francs. The detail of this is shown in Statement III, and is also summarized in the table below:

IPSAS Adjustments to Opening Balance January 1, 2010

(in millions of Swiss francs)

1)	Recognition of land	28.6
2)	Recognition of buildings	122.9
3)	Revaluation of investment property	0.9
4)	Recognition of intangible assets	28.2
5)	Recognition of equipment	3.8
6)	Recognition of inventory	2.4
7)	Deferral of unearned revenue	-132.2
8)	Recognition of PCT receivables	11.5
9)	Recognition of allowance for doubtful debts	-7.3
10)	Recognition of employee benefit liabilities	-78.8
	Net impact of conversion to IPSAS as at January 1, 2010	-20.0

- 1) The recognition of land owned by the Organization as required by IPSAS resulted in an increase of 28.6m Swiss francs in net assets. The land of the New Building site was fully amortized as at December 31, 2009 and therefore held at zero value. For the purposes of establishing a 2010 IPSAS opening balance, the land was revalued to fair value of 28.6m Swiss francs based on International Valuation Standards as determined by an independent appraiser. Note that under IPSAS land is deemed to have an unlimited useful life and therefore is not depreciated.
- 2) As at December 31, 2009, buildings were included in the financial statements of WIPO at 125.7m Swiss francs (not including the Madrid Union building). This represented historic cost, less amortization, where amortization reflected the Program and Budget payments on the underlying building loans. For the purposes of establishing accurate IPSAS opening balances as at January 1, 2010, the buildings occupied by the Organization at December 31, 2009 were revalued at an amount determined independently by external consultants. This represented the estimated value of the buildings when new (deemed cost of construction) including the estimated value of renovations and major repairs made since original occupancy less accumulated depreciation and impairment. The buildings not yet brought into use (the New Building and New Conference Hall) were revalued to construction costs to date. This resulted in a total valuation of buildings of 248.6m Swiss francs, an increase in net assets of 122.9m Swiss francs. Note that under IPSAS buildings are depreciated over their useful economic lives from the date that they are brought into use.
- 3) The Madrid Union building was included in the financial statements of WIPO as at December 31, 2009 as part of land and buildings for a value of 3.4m Swiss francs. Under IPSAS, the Madrid Union building is treated as investment property, as it is property held to earn rentals and capital appreciation, and not for use in the ordinary activities of the Organization. In accordance with the requirements of IPSAS, the investment property was revalued to an investment based valuation by an independent expert, whereby the future income stream from the property was capitalized at an appropriate investment yield. This resulted in a valuation of the property of 4.3m Swiss francs, an increase in net assets of 0.9m Swiss francs.
- 4) The land surface rights acquired from the World Meteorological Organization were shown in the financial statements as at December 31, 2009 at zero value within land and buildings. The land surface rights were acquired by WIPO at a cost of 34.3m Swiss francs in 1996, at which date the rights had a remaining life of 78 years. For the purposes of IPSAS, land surface rights are classified as intangible assets. In order to establish an opening balance value for the land surface rights as at January 1, 2010, the historic cost of the rights was reduced by accumulated amortization resulting in a value of 28.2m Swiss francs. The land rights will continue to be amortized over their remaining life until expiration in 2073.
- 5) IPSAS requires that equipment purchases over established thresholds and with a useful life of greater than one year be capitalized in the financial statements. As at December 31, 2009, equipment had a token value of 1 Swiss franc in the WIPO financial statements. The 2010 IPSAS opening balance net value of the Organization's equipment was calculated at 3.8m Swiss francs, with a corresponding increase in net assets.
- 6) Under IPSAS inventories must be shown as an asset in the financial statements, and only recognized as an expense when sold or distributed. As at December 31, 2009, inventories were not recognized in the WIPO financial statements. The 2010 IPSAS opening balance value of the Organization's inventories (publications, paper and retail shop stock) was calculated at 2.4m Swiss francs, with a corresponding increase in net assets.

- 7) IPSAS requires that the revenue from fees collected is deferred until it is deemed to have been earned in accordance with the regulations governing the particular revenue source. As a result the Organization recognizes for the first time liabilities for deferred revenue from its PCT, trademarks and industrial design activities. For fees received for international applications, revenue from the amounts collected is deferred until earned upon final publication in accordance with the applicable regulations. In addition, PCT revenue related to additional page charges for applications and supporting documentation received in paper or easy versions and fees related to the translation of patentability reports, which occurs after publication, are also deferred. For the purposes of IPSAS 2010 opening balances, deferred revenue was calculated as 128.1m Swiss francs for PCT activities, 3.9m Swiss francs for trademarks activities and 0.2m Swiss francs for industrial design activities, resulting in a total decrease in net assets of 132.2m Swiss francs.
- 8) The recognition of accounts receivable as required under IPSAS resulted in an 11.5m Swiss francs increase in net assets. The balance relates to fees from PCT activities for applications filed at regional offices but not yet received by WIPO as at January 1, 2010.
- 9) In order to show accurately the value of accounts receivable from assessed contributions in accordance with IPSAS, an analysis was performed to calculate an allowance against these amounts as at January 1, 2010. The allowance covered amounts due from Member States that had lost the right to vote under Article 11, paragraph 5 of the WIPO Convention and contributions from least developed countries which had been frozen by action of the Assemblies. The allowance calculated of 7.3m Swiss francs resulted in a reduction in net assets.
- 10) Under IPSAS the Organization is required to show as liabilities in the financial statements all employee benefits earned by staff but not yet paid by the Organization. As at December 31, 2009, WIPO had recorded a provision for employee benefits of 46.0m Swiss francs, equivalent to reserves accumulated to fund post-employment liabilities. For opening balances as at January 1, 2010, total employee benefit liabilities were calculated as 124.8m Swiss francs, including most significantly After Service Health Insurance of 82.6m Swiss francs based on an actuarial valuation by an independent office. The resulting impact on net assets was a reduction of 78.8m Swiss francs.

Adjustments to IPSAS Result 2010 and 2011

Net assets have continued to decrease on an IPSAS basis during the 2010/11 biennium. From an IPSAS opening balance of 208.2m Swiss francs as at January 1, 2010, net assets have fallen by 45.8m Swiss francs to 162.4m Swiss francs as at December 31, 2011.

The budget result for the biennium was a surplus of 3.9m Swiss francs, however the IPSAS basis deficit for the biennium was 45.8m Swiss francs. This difference of 49.7m Swiss francs between the budget result and the IPSAS financial statements is analyzed in detail in the chart Movement from Budget Result to IPSAS Result 2010/11 (see section Analysis of Statement of Financial Performance). However, in summary the IPSAS result also includes projects financed from reserves (defined as 'entity differences' by IPSAS), and impacts from movements in assets and liabilities which must be recognized under IPSAS (accounting basis differences) and which largely formed the opening balance adjustments described above.

Summary of Assets and Liabilities

The chart below provides a summary of the statement of financial position of WIPO as at December 31, 2011.

The Organization has cash balances of 379.7m, representing 47.7% of total assets, although as analyzed in the table overleaf this includes amounts classified under IPSAS as restricted. The Organization holds significant fixed assets (land, buildings, investment property, intangible assets and equipment) with a total net book value of 374.1m. Other assets totaling 42.0m Swiss francs include accounts receivable, inventories and advance payments.

Payables (accounts payable and transfers payable) and advance receipts total 289.0m, and principally include deferred revenue of 166.6m Swiss francs. Employee benefit liabilities of 134.8m Swiss francs are mainly comprised of the After Service Health Insurance liability of 103.4m Swiss francs, while borrowings represent the FIPOI loan (25.0m Swiss francs) and the BCG/BCV New Building loan (130.0m Swiss francs). Other liabilities totaling 54.6m Swiss francs include 52.1m Swiss francs of current accounts held on behalf of applicants and contracting parties.

The net working capital (current assets less current liabilities) of the Organization is 47.3m Swiss francs as at December 31, 2011, a decrease of 28.6m Swiss francs compared to the prior year but more in line with balances as at January 1, 2010 of 57.1m Swiss francs.

Net Working Capital

	December 31, 2011	December 31, 2010	January 1, 2010
	(in millions of Swiss francs)		
Current assets	411.2	412.7	394.3
Current liabilities	363.9	336.8	337.2
Net working capital	47.3	75.9	57.1

Cash and Cash Equivalents

Cash and Cash Equivalents

	December 31, 2011	December 31, 2010	January 1, 2010
	(in Swiss francs)		
Total unrestricted cash	225,427,448	226,777,491	218,216,641
Total restricted cash - funds held on behalf of 3rd parties	142,932,381	142,427,485	132,673,313
Total restricted cash - Special Accounts	11,378,058	14,280,149	15,805,749
Total cash and cash equivalents	379,737,887	383,485,125	366,695,703

Total cash and cash equivalent balances have remained relatively stable over the biennium, increasing by 3.6% between January 1, 2010 and December 31, 2011. For the purposes of IPSAS presentation, cash balances are split between unrestricted and restricted. Restricted funds include funds held on behalf of third parties for the registration of trademarks or industrial designs, and subscriptions to WIPO periodicals. Also included are fees collected on behalf of contracting parties to the Madrid Agreement and Protocol, Hague Agreement and on behalf of PCT International Searching Authorities (ISAs) by the WIPO International Bureau Receiving Office. In addition, the deposits received in connection with pending procedures related to trademarks, other than the portion estimated to represent advance receipts to the Organization, represent funds collected on behalf of third parties and are considered restricted funds.

Fixed Assets

Fixed Assets

	December 31, 2011	December 31, 2010	January 1, 2010
	(in Swiss francs)		
	Net Book Value		
Equipment	3,010,640	3,473,155	3,611,311
Furniture and furnishings	719,591	187,227	209,685
Total equipment	3,730,231	3,660,382	3,820,996
Madrid Union Building	4,316,000	4,316,000	4,316,000
Total investment property	4,316,000	4,316,000	4,316,000
Land surface rights	27,329,542	27,769,159	28,208,776
Total intangible assets	27,329,542	27,769,159	28,208,776
Land	28,600,000	28,600,000	28,600,000
Work in progress	26,333,699	161,825,866	118,986,223
Occupied buildings	283,831,190	126,314,920	129,663,945
Total land and buildings	338,764,889	316,740,786	277,250,168
Total fixed assets	374,140,662	352,486,327	313,595,940

The Organization recognizes equipment purchases as assets if they have a total cost above an established threshold. It should be noted that from January 1, 2011, the threshold was increased from 1,000 Swiss francs to 5,000 Swiss francs.

Land surface rights continue to decrease by an annual amount of 0.4 million Swiss francs as they are amortized over a 78 year period. Land surface rights are currently the only

intangible assets recognized by the Organization. However, from January 1, 2012 the Organization will apply IPSAS 31 Intangible Assets. This will lead to the capitalization of externally acquired and internally developed software in the financial statements.

Land and buildings have increased significantly over the biennium to 338.8m Swiss francs as at December 31, 2011. In 2011 the New Building was brought into use and was therefore transferred from work in progress to occupied buildings. Work in progress at December 31, 2011 includes the New Conference Hall (26.1m Swiss francs) and security constructions (0.3m Swiss francs).

Payables and Advance Receipts

Payables and Advance Receipts

	December 31, 2011	December 31, 2010	January 1, 2010
	(in Swiss francs)		
Trade creditors - accounts payable	16,213,784	17,215,640	24,002,400
Miscellaneous transitory liabilities	11,752,234	1,760,969	520,077
Other trade creditors	268,460	536,900	199,133
Total accounts payable	28,234,478	19,513,509	24,721,610
Madrid Union fees	52,120,430	52,152,251	50,460,494
Madrid and Hague Union repartition fees	9,501,342	9,521,722	10,495,350
Other transfers payable	2,577,755	2,428,914	2,802,812
Total transfers payable	64,199,527	64,102,887	63,758,656
PCT deferred revenue	153,793,630	136,110,259	128,154,276
Non exchange revenue deferred	9,903,422	11,620,807	13,552,580
Other deferred revenue	2,951,508	2,715,780	4,418,624
Madrid Union deposits	26,661,617	24,606,458	21,183,578
Other advance receipts	3,264,392	2,983,383	2,250,735
Total advance receipts	196,574,569	178,036,687	169,559,793
Total payables and advance receipts	289,008,574	261,653,083	258,040,059

Transfers payable represent fees collected by the Organization on behalf of the contracting parties of the Madrid Agreement and Protocol and the Common Regulations of the Hague Agreement. In addition, the Organization's PCT International Bureau collects funds from applicants to cover the cost of payments of International Searching Authorities. The Organization holds these funds on a temporary basis until they are transferred to the final beneficiary in accordance with the various treaties and agreements administered by the Organization. The total balance has remained stable during the biennium, moving from 63.8m Swiss francs at the start of 2010 to 64.2m Swiss francs at the end of 2011.

Advance receipts concern principally PCT deferred revenue, with a balance of 153.8m Swiss francs as at December 31, 2011. Compared to the prior year balance at December 31, 2010 of 136.1m Swiss francs, this represents an increase of 13.0%. The PCT deferred revenue balance is principally calculated on the basis of unpublished filed applications. These were estimated to be 124,633 as at December 31, 2011, compared to 108,908 as at December 31, 2010, representing an increase of 14.4%.

Employee Benefits

Employee Benefit Liabilities

	December 31, 2011 (in Swiss francs)	Percentage of Liability
Post-employment medical benefits	103,364,650	76.7%
Accumulated leave	13,760,457	10.2%
Repatriation grant and travel	8,909,743	6.6%
Closed pension fund	7,148,376	5.3%
Accrued overtime	599,897	0.5%
Home leave not taken	458,768	0.3%
Voluntary separation programme	450,904	0.3%
Separation benefits - Special Accounts	152,619	0.1%
Total Employment Benefit liabilities	134,845,414	100.0%

As can be seen from the table above, by far the most significant employee benefit liability for the Organization is post-employment medical benefits (After Service Health Insurance – ASHI), which represents 76.7% of the total liability as at December 31, 2011. The ASHI liability has increased by 20.8m Swiss francs over the period of the biennium 2010/11, and this movement is detailed in the table below:

Movement in ASHI Liability

	(in Swiss francs)
Liability as at January 1, 2010	82,603,476
Current service cost	10,730,204
Interest cost	5,819,350
Benefits paid from plan/company	-3,675,280
Past service cost	7,886,163
Amortization of net (gain) / loss	737
Movement 2010/11	20,761,174
Liability as at December 31, 2011	103,364,650

The liability is calculated by an independent actuary, and reflects the total future cost of WIPO's share of health insurance premiums for both existing WIPO retirees and the projected number of active WIPO staff who will retire in the future. The current service cost in the table above is the net impact for the period resulting from the increase in age of current staff and their dependents, the number of persons retiring, new hires and separations other than retirement. The interest cost is the impact resulting from the fact that each member of the active staff is one year closer to reaching the age of eligibility for ASHI retirement. Past service cost, relating to 2010 only, was an initial expense for the additional liability for staff members with short-term contracts eligible to participate in ASHI upon retirement.

Borrowings

Borrowings

	December 31, 2011	December 31, 2010	January 1, 2010
	(in Swiss francs)		
FIPOI Loan Payable	25,011,575	26,369,775	27,727,975
BCG/BCV New Building Loan Payable	130,000,000	114,000,000	50,000,000
Total borrowings	155,011,575	140,369,775	77,727,975

The Organization has borrowed funds (50.8m Swiss francs and 8.41m Swiss francs approved in 1977 and 1987 respectively) from the Foundation for Buildings for International Organizations (FIPOI) for the purpose of constructing its headquarters buildings in Geneva, Switzerland. These loans were originally subject to interest payments. However, in 1996 the Swiss Federal Department of External Relations agreed to waive any further payments of interest and the loans currently require the reimbursement of principal only, which amount to 1.4m Swiss francs annually.

In February 2008, the Organization entered into a contract with the Banque Cantonale de Genève and the Banque Cantonale Vaudoise to borrow 114.0 million Swiss francs, plus a possible supplementary amount of 16.0 million Swiss francs, to be used to finance part of the cost of the construction of the New Building available for use until February 28, 2011. The supplementary amount of 16.0 million Swiss francs was drawn down on January 27, 2011. The interest rate has been fixed at the Swiss franc Swap LIBOR for up to 15 years, plus a margin of between 0.30% to 0.70% dependent on the length of the term as determined by the Organization. In addition to the payment of interest, the contract provides for an annual repayment of principal equal to 3% of the total amount borrowed beginning on February 28, 2012 for the original loan of 114.0 million Swiss francs and the supplementary loan of 16.0 million Swiss francs.

In October 2010, an amendment to the loan agreement was approved by the Banque Cantonale de Genève, the Banque Cantonale Vaudoise, and WIPO providing an additional amount of 40.0 million Swiss francs to be used to finance part of the cost of the construction of the New Conference Hall and available for use during the period March 31, 2011 to March 31, 2014. The interest rate has also been fixed at the Swiss franc Swap LIBOR for up to 15 years, plus a margin of between 0.30% to 0.70% dependent on the length of the term as determined by the Organization. The contract again provides for an annual repayment of principal equal to 3% of the total amount borrowed, to begin on March 31, 2015 for the loan of 40.0 million Swiss francs. As at December 31, 2011 the Organization had not drawn down the additional amount of 40.0 million Swiss francs. It is noted that the Organization pays an annual commission of 0.15% on undrawn loan amounts during the period of availability.

Financial Position by Segment

According to the requirements of IPSAS, WIPO is required to disclose its assets and liabilities by each of the segments which make up the Organization. WIPO's segment reporting is presented in a format which represents the various Unions as the segments that make up the World Intellectual Property Organization. A separate segment has been established for voluntary contributions representing amounts administered by WIPO on behalf of individual donors to carry out programs related to WIPO's mandate.

WIPO's assets and liabilities, other than the reserves representing net assets, are owned by or are the responsibility of the entire Organization and not assets or liabilities of individual

Unions or segments. The assets and liabilities generally support a wide range of service delivery activities across multiple Unions. The only exception is the investment property in Meyrin which is owned by the Madrid Union. Therefore, individual assets and liabilities will not be reflected in the disclosure of information for individual segments or Unions but are shown separately as unallocated assets and liabilities. Only the net assets/equity including the working capital funds and reserves are shown by individual segment, as shown in the table below:

Net Assets by Segment

	Contribution Financed	UNIONS				Special Accounts	Total
		PCT	Madrid	Hague	Lisbon		
(in thousands of Swiss francs)							
Reserves and working capital funds at December 31, 2009 per FMR	25,662.1	159,770.2	42,207.0	473.2	140.5	-	228,253.0
IPSAS opening balance adjustments	-2,411.3	-31,435.6	11,896.1	1,906.7	69.5	-	-19,974.6
Reserves and working capital funds at January 1, 2010	23,250.8	128,334.6	54,103.1	2,379.9	210.0	-	208,278.4
2010-2011 budget result	356.5	6,748.2	572.1	-2,949.1	-773.6	-	3,954.1
2010-2011 expenditure financed from reserves	-4,606.7	-29,248.0	-7,950.4	-107.9	-42.5	-	-41,955.5
2010-2011 special accounts result	-	-	-	-	-	-3,521.8	-3,521.8
2010-2011 IPSAS adjustments to result	2,537.9	-13,522.6	3,410.8	-165.6	-8.8	3,521.8	-4,226.5
Reserves and working capital funds at December 31, 2011	21,538.5	92,312.2	50,135.6	-842.7	-614.9	-	162,528.7

ANALYSIS OF STATEMENT OF FINANCIAL PERFORMANCE

Reconciliation of Budget Result to IPSAS Result 2010/11

The budget result for the biennium 2010/11 was a surplus of 3.9m Swiss francs, compared to a deficit of 45.8m Swiss francs per the IPSAS financial statements. The chart below summarizes the principal differences between the two results:

Movement from Budget Result to IPSAS Result 2010/11

Note that the table above does not detail the result for Special Accounts (surplus 3.5m Swiss francs) or the corresponding IPSAS adjustments for Special Accounts (deficit 3.5m Swiss francs), as the net impact of Special Accounts on an IPSAS basis is zero.

Entity Differences

The WIPO financial statements as prepared in accordance with IPSAS include all areas and activities of the whole Organization. A significant impact on the result for the biennium 2010/11 on an IPSAS basis has been the cost of projects financed from reserves, which show a deficit of 41.9m Swiss francs.

Accounting basis differences

The application of full accrual basis accounting in accordance with IPSAS leads to a number of accounting adjustments which impact the result for the biennium. The net impact of these adjustments for the biennium as shown in the table above is a deficit of 7.8m Swiss francs. These adjustments are relevant to both the Program and Budget activities and projects financed from reserves.

Under IPSAS, costs, including loan interest, relating to the construction of buildings are capitalized. This reduces the expense for the biennium 2010/11 by 31.5m Swiss francs. The cost of constructing these buildings is then spread over the period of use of the buildings through depreciation. Similarly, the acquisition of equipment is capitalized under IPSAS, reducing the expense for the biennium by 2.6m Swiss francs, with the cost of the equipment depreciated over the applicable useful lives.

The annual repayments of 1.4m Swiss francs of the FIPOI loan principal have been treated as an expense in the Program and Budget. For the purposes of IPSAS, these repayments are treated as a reduction in the loan liability, and therefore expenses for the biennium are reduced by 2.8m Swiss francs.

The result for the biennium on an IPSAS basis includes the depreciation expense of buildings and equipment and the amortization expense of land surface rights, as the cost of these assets is spread over their useful lives. These assets are also analyzed for impairment as required by IPSAS, and as a result of the construction work on the New Conference Hall, an impairment charge of 1.7m Swiss francs was recognized on the AB building in 2011. The total cost of depreciation, amortization and impairment for the biennium was 13.3m Swiss francs.

In applying IPSAS, revenue from fees is deferred until it is deemed to have been earned, which in the case of international applications is when final publication takes place. If the balance of the deferred revenue liability increases, the IPSAS impact is a reduction in revenue. The balance of deferred revenue from fees (PCT, trademarks, industrial designs) increased from 132.2m Swiss francs as at January 1, 2010 to 156.3m Swiss francs as at December 31, 2011. Over the same period, receivables from PCT fees increased from 11.4m Swiss francs to 15.1m Swiss francs. The net impact is a reduction in revenue of 20.4m Swiss francs.

IPSAS requires that employee benefits earned by staff but not yet paid be recognized as liabilities of the Organization. As total employee benefit liabilities, including most significantly After Service Health Insurance, have increased there has been a corresponding expense for the Organization. During the biennium 2010/11, the budget included a charge of 6 per cent of payroll costs, which was utilized to fund cash payments made to staff for separation benefits, including payments of unused annual leave, repatriation grants and repatriation travel. Remaining balances from this charge were available to reduce the IPSAS adjustment required to recognize the ASHI liability. For the biennium 2010/11, the IPSAS adjustments for changes in employee benefit liabilities resulted in an increase in expenses of 11.0m Swiss francs. It should be noted that in the 2012/13 budget, the 6 per cent of payroll costs included in the budget has been reduced to 2 per cent due to financial constraints, and as

such balances available to offset the impacts of IPSAS adjustments will be significantly reduced.

Revenue

The chart below provides an analysis of revenue for the biennium 2010/11 on an IPSAS basis:

Composition of Revenue 2010/11 on an IPSAS Basis

IPSAS adjustments to revenue impact mainly PCT system fees due to increases in deferred revenue.

Detail of IPSAS Basis Revenue 2010/11

	Program Budget	Special Accounts	IPSAS Adjustments	Total
(in millions of Swiss francs)				
REVENUE	2010-2011	2010-2011	2010-2011	2010-2011
Assessed contributions	34.8	-	-	34.8
Voluntary contributions	-	13.9	3.8	17.7
Publications revenue	1.2	-	-	1.2
Investment revenue	9.4	0.1	-	9.5

Arbitration and Mediation	3.3	-	-	3.3
Exchange gain (loss)	-1.4	-0.6	-	-2.0
Program support charges	1.6	-	-1.5	0.1
Other/miscellaneous revenue	3.6	-	-	3.6
TOTAL REVENUE	592.8	13.4	-18.1	588.1

Expenses

The chart below provides an analysis of expenses for the biennium 2010/11 on an IPSAS basis:

Composition of Expenses 2010/11 on an IPSAS Basis

IPSAS adjustments to expenses are principally the capitalization of construction expenses (note that this impacts several expense categories including construction, personnel expenditure and contractual services) and the charge for depreciation, amortization and impairment.

Detail of IPSAS Basis Expenses 2010/11

EXPENSES	Program Budget	Financed from Reserves	Special Accounts	IPSAS Adjustments	Total
	(in millions of Swiss francs)				
	2010-2011	2010-2011	2010-2011	2010-2011	2010-2011
Personnel expenditure	396.4	6.0	5.0	10.7	418.1
Travel and fellowships	33.3	1.3	6.1	-	40.7
Contractual services	84.7	3.2	3.1	-	91.0

Financial Performance by Segment

Most revenue is accounted for by Union in WIPO's accounts. Revenue from interest earnings has been allocated among the Unions based upon total cash reserves and current revenue. Expenses are accounted for by program and then re-allocated to the various Unions based upon a methodology accepted by the WIPO General Assembly as part of the adoption of WIPO's 2008/09 Program and Budget.

All expenses are allocated among the Unions making up the segments based upon the approved allocation methodology. Expenses for the Special Accounts segment relating to voluntary contributions to the Organization are recorded as actual cost. The only inter-segment charge represents the costs of program support incurred by the Unions in support of Special Accounts. Program support costs are charged to the Special Accounts based on a percentage of total direct expenditure specified in the agreement with the donor making the voluntary contribution.

Financial Performance by Segment 2010/11

CONTRIBUTIONS AND WORKING CAPITAL FUNDS

Table 10. Contributions according to the unitary contribution system

Basis for determining contributions

Each Member State's contribution is determined on the basis of the decisions taken in 2003 by the WIPO Conference and the competent Assemblies of certain Unions administered by WIPO in relation to the unitary contribution system (document A/3915, paragraphs 166 and 167).

Determination of contributions

The amounts of the contributions for the 2010/11 biennium were approved on October 9, 2009 by the Assemblies of the Member States of WIPO and the Unions administered by WIPO (document A/47/16, paragraph 274).

Distribution of the total amount of contributions between the different classes for 2010

		States members of one or more Unions ("Union States")			States members of WIPO but not members of any of the Unions ("Non-Union States")

outstanding contributions				5 125 141
arrears of contributions of least developed countries (LDCs) having a special (frozen) account				<u>4 385 659</u>
TOTAL				9 510 800

* Partial payment

** The amounts of contributions were payable until 1993 in accordance with the Paris, Berne, IPC, Nice, Locarno and Vienna Unions, and from 1994 under the unitary contribution system. In accordance with the decisions taken by the Assemblies of the Paris and Berne Unions and the WIPO Conference at their 1991 sessions, the amounts of the arrears of contributions of any least developed country (LDC) relating to the years prior to 1990 are placed in a special account, the amount of which was frozen as of December 31, 1989. These amounts are referred to as "Paris frozen", "Berne frozen" and "WIPO frozen" respectively.

Total of outstanding contributions

Total of outstanding Working Capital Funds

Union	Amount (in Swiss francs)
Paris Union	38 247
Berne Union	6 622
Total	44 869

¹ The Paris Union Working Capital Fund was set up in 1978 and fixed at 2 000 000 francs (document AB/VII/23, paragraphs 301 and 302). Since this Union's assembly had decided to use the Working Capital Fund to cover the exceptional expenses of the Diplomatic Conference for the Revision of the Paris Convention (the 1980, 1981, 1982 and 1984 sessions and the preparatory and consultative meetings from 1984 to 1987), it also decided, at its 1983 session, to reconstitute the Working Capital Fund up to an amount of 2 000 000 francs (document P/A/VIII/3, paragraph 11.i). As a result, the Paris Union Working Capital Fund amounted, as at December 31, 2011, to 1 592 894.11 francs.

² The Locarno Union Working Capital Fund was set up in 1973 and fixed at 30 000 francs (document AB/IV/35, paragraph 152). Following the accession of the Netherlands and the withdrawal of the United States of America, the Locarno Union Working Capital Fund amounted, as at December 31, 2011, to 29 494 francs.

Madrid Union - Supplementary fees - 2010

I. Fees collected

In 2010, WIPO collected 3 034 900 francs as supplementary fees for registrations and renewals, based on the scale in force since September 1, 2008 [Article 8(2)(b) of the Madrid Agreement and Article 8(2)(ii) of the Protocol Relating to the Madrid Agreement].

II. Distribution

Pursuant to Rule 37 of the Common Regulations under the Madrid Agreement Concerning the International Registration of Marks and the Protocol Relating to that Agreement, the coefficient mentioned in Article 8(5) and (6) of the Agreement and of the Protocol, from which countries party to the Agreement and, as the case may be, the Protocol benefit in respect of the distribution of supplementary and complementary fees, is as follows:

- one, for Contracting Parties undertaking none of the examinations listed below;
- two, for Contracting Parties which examine only for absolute grounds of refusal;
- three, for Contracting Parties which also examine for prior rights following opposition by third
- four, for Contracting Parties which also examine *ex officio* for prior rights;
- four, also, for Contracting Parties which carry out *ex officio* searches for prior rights with an indication of the most significant prior rights.

The number of designations included in the registrations or renewals for which WIPO collected a supplementary fee of 100 francs in respect of each class of goods and services over and above the third was as follows, where the coefficient was:

- one, 2 072 Antigua and Barbuda, Bonaire, Saint Eustatius and Saba¹, Liechtenstein²
- two, 38 998 Austria³, Italy, Liechtenstein⁴, Monaco
- three, 104 301 Austria⁵, Benelux, Croatia, France, Germany, Latvia, Lesotho, Lithuania, San Marino, Slovenia, Switzerland, The former Yugoslav Republic of Macedonia.
- four, 220 459 Albania, Algeria, Armenia, Azerbaijan, Belarus, Bhutan, Bosnia and Herzegovina, Botswana, Bulgaria, China, Cuba, Curaçao¹, Cyprus, Czech Republic, Democratic People's Republic of Korea, Egypt, Hungary, Iran (Islamic Republic of), Kazakhstan, Kenya, Kyrgyzstan, Liberia, Madagascar, Mongolia, Montenegro, Morocco, Mozambique, Namibia, Oman, Poland, Portugal, Republic of Moldova, Romania, Russian Federation, Saint Martin (Kingdom of the Netherlands)¹, Sao Tome and Principe, Serbia, Sierra Leone, Slovakia, Spain, Sudan, Swaziland, Syrian Arab Republic, Tajikistan, Ukraine, Viet Nam, Zambia.

The collected amount of 3 034 900 francs must be divided by 1 274 807 [2 072 + (38 998 x 2) 77 996 + (104 301 x 3) 312 903 + (220 459 x 4) 881 836]. It follows that the sum due for each mark for which protection has been applied for amounts to 2.38067409 francs per coefficient point [3 034 900 : 1 274 807] that is, where the coefficient is:

- one, 2.38067409 francs
- two, 4.76134818 francs
- three, 7.14202227 francs
- four, 9.52269636 francs.

¹ As from October 10, 2010

² Until December 31, 2009

³ Until June 30, 2010

⁴ As from January 1, 2010

⁵ As from July 1, 2010

The 2010 distribution of the supplementary fees is therefore as follows:

	Number of designations	Sum due per designation	Total in francs
Albania	3 642	9.52269636	34 681.66
Algeria	4 747	9.52269636	45 204.24

Madrid Union - Complementary fees - 2010

I. Fees collected

In 2010, WIPO collected 38 817 800 francs in complementary fees corresponding to 388 178 designations (made on registration, subsequent to registration or on renewal), based on the scale in force since September 1, 2008 [Article 8(2)(c) of the Madrid Agreement and Article 8(2)(iii) of the Protocol Relating to the Madrid Agreement].

II. Distribution

The amounts are distributed in proportion to the number of designations [Article 8(6) of the Madrid Agreement and of the Protocol Relating to the Madrid Agreement] and to a coefficient [Rule 37 of the Common Regulations under the Madrid Agreement Concerning the International Registration of Trademarks and the Protocol Relating to that Agreement].

The number of designations for which WIPO collected 100 francs as complementary fees was as follows, where the coefficient was:

one,	2 211	Antigua and Barbuda, Bonaire, Saint Eustatius and Saba ¹ , Liechtenstein ²
two,	39 854	Austria ³ , Italy, Liechtenstein ⁴ , Monaco
three,	107 893	Austria ⁵ , Benelux, Croatia, France, Germany, Latvia, Lesotho, Lithuania, San Marino, Slovenia, Switzerland, The former Yugoslav Republic of Macedonia.
four,	238 220	Albania, Algeria, Armenia, Azerbaijan, Belarus, Bhutan, Bosnia and Herzegovina, Botswana, Bulgaria, China, Cuba, Curaçao ¹ , Cyprus, Czech Republic, Democratic People's Republic of Korea, Egypt, Hungary, Iran (Islamic Republic of), Kazakhstan, Kenya, Kyrgyzstan, Liberia, Madagascar, Mongolia, Montenegro, Morocco, Mozambique, Namibia, Oman, Poland, Portugal, Republic of Moldova, Romania, Russian Federation, Saint Martin (Kingdom of the Netherlands) ¹ , Sao Tome and Principe, Serbia, Sierra Leone, Slovakia, Spain, Sudan, Swaziland, Syrian Arab Republic, Tajikistan, Ukraine, Viet Nam, Zambia.

The collected amount of 38 817 800 francs must be divided by 1 358 478 [2 211 + (39 854 x 2) 79 708 + (107 893 x 3) 323 679 + (238 220 x 4) 952 880]. It follows that the sum due for each designation for which protection has been applied for amounts to 28.57447820 francs per coefficient point [38 817 800 : 1 358 478] that is, where the coefficient is:

one,	28.57447820 francs
two,	57.14895640 francs
three,	85.72343460 francs
four,	114.29791280 francs.

¹ As from October 10, 2010

² Until December 31, 2009

³ Until June 30, 2010

⁴ As from January 1, 2010

⁵ As from July 1, 2010

The 2010 distribution of the complimentary fees is therefore as follows:

	Number of designations	Sum due per designation	Total in francs
Albania	4 212	114.29791280	481 422.81
Algeria	5 108	114.29791280	583 833.74

Madrid Union - Supplementary fees - 2011

I. Fees collected

In 2011, WIPO collected 3 215 800 francs as supplementary fees for registrations and renewals, based on the scale in force since September 1, 2008 [Article 8(2)(b) of the Madrid Agreement and Article 8(2)(ii) of the Protocol Relating to the Madrid Agreement].

II. Distribution

Pursuant to Rule 37 of the Common Regulations under the Madrid Agreement Concerning the International Registration of Marks and the Protocol Relating to that Agreement, the coefficient mentioned in Article 8(5) and (6) of the Agreement and of the Protocol, from which members party to the Agreement and, as the case may be, the Protocol benefit in respect of the distribution of supplementary and complementary fees, is as follows:

- one, for Contracting Parties undertaking none of the examinations listed below;
- two, for Contracting Parties which examine only for absolute grounds of refusal;
- three, for Contracting Parties which also examine for prior rights following opposition by third parties;
- four, for Contracting Parties which also examine *ex officio* for prior rights;
- four, also, for Contracting Parties which carry out *ex officio* searches for prior rights with an indication of the most significant prior rights.

The number of designations included in the registrations or renewals for which WIPO collected a supplementary fee of 100 Swiss francs in respect of each class of goods and services over and above the third was as follows, where the coefficient was:

- one, 1 111 Antigua and Barbuda, Bonaire, Saint Eustatius and Saba¹, Liechtenstein²
- two, 29 665 Austria³, Italy, Liechtenstein⁴, Monaco, Saint Martin (Kingdom of the Netherlands)¹
- three, 108 453 Austria⁵, Benelux, Croatia, France, Germany, Latvia, Lesotho, Lithuania, San Marino, Slovenia, Switzerland, The former Yugoslav Republic of Macedonia
- four, 223 345 Albania, Algeria, Armenia, Azerbaijan, Belarus, Bhutan, Bosnia and Herzegovina, Botswana, Bulgaria, China, Cuba, Curaçao¹, Cyprus, Czech Republic, Democratic People's Republic of Korea, Egypt, Hungary, Iran (Islamic Republic of), Kazakhstan, Kenya, Kyrgyzstan, Liberia, Madagascar, Mongolia, Montenegro, Morocco, Mozambique, Namibia, Oman⁶, Poland, Portugal, Republic of Moldova, Romania, Russian Federation, Sao Tome and Principe, Serbia, Sierra Leone, Slovakia, Spain, Sudan, Swaziland, Syrian Arab Republic, Tajikistan, Ukraine, Viet Nam, Zambia.

The collected amount of 3 215 800 francs must be divided by 1 279 180 [1 111 + (29 665 x 2) 59 330 + (108 453 x 3) 325 359 + (223 345 x 4) 893 380]. It follows that the sum due for each mark for which protection has been applied for amounts to 2.51395425 francs per coefficient point [3 215 800 : 1 279 180] that is, where the coefficient is:

- one, 2.51395425 francs
- two, 5.02790850 francs
- three, 7.54186275 francs
- four, 10.05581700 francs.

¹ As from October 10, 2010

² Until December 31, 2009

³ Until June 30, 2010

⁴ As from January 1, 2010

⁵ As from July 1, 2010

⁶ Until June 24, 2009

Financial Management Report 2010-2011

The 2011 distribution of the supplementary fees is therefore as follows:

Madrid Union - Complementary fees - 2011**I. Fees collected**

In 2011, WIPO collected 38 752 200 francs in complementary fees corresponding to 387 522 designations (made on registration, subsequent to registration or on renewal), based on the scale in force since September 1, 2008 [Article 8(2)(c) of the Madrid Agreement and Article 8(2)(iii) of the Protocol Relating to the Madrid Agreement].

II. Distribution

The amounts are distributed in proportion to the number of designations [Article 8(6) of the Madrid Agreement and of the Protocol Relating to the Madrid Agreement] and to a coefficient [Rule 37 of the Common Regulations under the Madrid Agreement Concerning the International Registration of Trademarks and the Protocol Relating to that Agreement].

The number of designations for which WIPO collected 100 Swiss francs as complementary fees was as follows, where the coefficient was:

one,	1 268	Antigua and Barbuda, Bonaire, Saint Eustatius and Saba ¹ , Liechtenstein ²
two,	30 606	Austria ³ , Italy, Liechtenstein ⁴ , Monaco, Saint Martin (Kingdom of the Netherlands) ¹
three,	112 615	Austria ⁵ , Benelux, Croatia, France, Germany, Latvia, Lesotho, Lithuania, San Marino, Slovenia, Switzerland, The former Yugoslav Republic of Macedonia
four,	243 033	Albania, Algeria, Armenia, Azerbaijan, Belarus, Bhutan, Bosnia and Herzegovina, Botswana, Bulgaria, China, Cuba, Curaçao ¹ , Cyprus, Czech Republic, Democratic People's Republic of Korea, Egypt, Hungary, Iran (Islamic Republic of), Kazakhstan, Kenya, Kyrgyzstan, Liberia, Madagascar, Mongolia, Montenegro, Morocco, Mozambique, Namibia, Oman ⁶ , Poland, Portugal, Republic of Moldova, Romania, Russian Federation, Sao Tome and Principe, Serbia, Sierra Leone, Slovakia, Spain, Sudan, Swaziland, Syrian Arab Republic, Tajikistan, Ukraine, Viet Nam, Zambia.

The collected amount of 38 752 200 francs must be divided by 1 372 457 [1 268 + (30 606 x 2) 61 212 + (112 615 x 3) 337 845 + (243 033 x 4) 972 132]. It follows that the sum due for each designation for which protection has been applied for amounts to 28.23563871 francs per coefficient point [38 752 200 : 1 372 457] that is, where the coefficient is:

one,	28.23563871 francs
two,	56.47127742 francs
three,	84.70691613 francs
four,	112.94255484 francs.

¹ As from October 10, 2010

² Until December 31, 2009

³ Until June 30, 2010

⁴ As from January 1, 2010

⁵ As from July 1, 2010

⁶ Until June 24, 2009

Financial Management Report 2010-2011

The 2011 distribution of the complementary fees is therefore as follows:

II. Distribution

The individual fees were credited to the Contracting Parties' accounts with the International Bureau within the month following that of the recordal of the international registration, the subsequent designation or renewal for which the fee had been paid [Rule 38 of the Common Regulations].

¹ As from December 30, 2010

² As from June 11, 2011

Madrid Union - Payment made in accordance with Rule 39 of the Common Regulations under the Madrid Agreement and Protocol

Rule 39 of the Common Regulations under the Madrid Agreement Concerning the International Registration of Marks and the Protocol Relating to that Agreement (adopted by the Madrid Union Assembly with effect as of April 1, 1996) allows the continuation of the effects of international registrations in certain States (hereinafter “successor States”) that have become independent and whose territory formed part, prior to their independence, of the territory of a country party to the Madrid Agreement. The payment made to the International Bureau for each continuation of effects consists of a fee of 41 francs, transferred by the International Bureau to the national Office of the successor State, and a fee of 23 francs paid to the International Bureau.

(A) In 2010, the total number of continuations of effects recorded was 69, for which the International Bureau received the sum of $(69 \times 23 =)$ 1,587 francs and the National Office of the following successor State the sum of $(69 \times 41 =)$ 2,829 francs, which was transferred to the Office as follows:

	Number of designations	Individual fees collected; francs
Montenegro	69	2 829

(B) In 2011, the total number of continuations of effects recorded was 19, for which the International Bureau received the sum of $(19 \times 23 =)$ 437 francs and the National Office of the following successor State the sum of $(19 \times 41 =)$ 779 francs which was transferred to the Office as follows:
