Recalculation of 18-month time limit starting from Notification Date of Correction.

Route back for re-examination where, for eg.

- mark image is changed
- scope of specification is widened
- change of priority date or IR/SD date which would require a conflicting mark search to be conducted again.

Corrections not applicable to SG

Types of correction notifications that do not require any action to be taken:

- some other contracting parties are added to the designation list of an IR
- list of goods / services is limited in respect of another designated contracting party.
