Single sign-on

The image displays five overlapping screenshots of the WIPO IP Portal interface, illustrating the single sign-on experience across different services:

- Simple Search:** A search results page for "PCT publications" with a search bar and filters.
- E-HAGUE:** A form for filing an application, including fields for "Applicant language" and "Filing language".
- Workbench:** A dashboard for managing IP rights, featuring a search bar and a table with columns for "My Country", "No number", "Publication", and "Last Access".
- Madrid Portfolio Manager:** A page for managing Madrid portfolio entries, showing a "PORTFOLIO" section with a table for "Active Trademarks" and "Inactive Trademarks".
- Summary:** A user dashboard with sections for "SUMMARY", "BASKET", and "UNPAID ITEMS".

Streamlined payment processing

The screenshot shows the WIPO IP Portal Payments interface. The main content area is titled 'SUMMARY' and contains sections for 'BASKET' and 'UNPAID ITEMS', both showing 'No items in basket' or 'No more items'. Two callout boxes are overlaid on the page:

- PAYMENT DETAILS:** A summary of payment status with four categories: Unpaid (1), Basket (0), Pending (0), and History (0). Below this, it shows a payment for a 'Certified copy of ...' dated '24 Jan 2019' for '1234' CHF.
- PAYMENT SUMMARY:** A summary of payment status with four categories: Unpaid (1), Basket (0), Pending (0), and Payment History (0).

Customizable dashboard of widgets

The screenshot displays the 'MY DASHBOARD' interface of the WIPO IP Portal. The dashboard is organized into several widgets:

- ePCT PENDING ITEMS:** Shows 'Drafts' (0) and 'Actions' (3). It also displays 'External signatures' with 'Pending' (0) and 'Received but not yet submitted' (0), and 'Rejected' (0) and 'Expired' (2).
- MADRID MONITOR:** Includes a 'Unassigned EISs' section and a 'Quick Search' field for trademark text or ISN.
- WIPO PEARL TERM SEARCH:** A search interface with a search bar containing 'guitar', source and target language dropdowns set to 'All', and 33 results.
- BOOKMARKS:** Lists several ePCT services: ePCT PATENTS, ePCT Reference Data Look Up (PATENTS), Fee Calculator (DESIGNS), and Madrid Goods & Services Manager (MARKS).
- PAYMENT SUMMARY:** A summary table showing 1 Unpaid, 0 Basket, 0 Pending, and 0 Payment History.
- PATENTSCOPE:** A search interface with a search bar containing 'led' and a list of patent results including CA2442380, EP3448547, CN109186060, WO/2013/183884, and CN207862863.
- WORLD CLOCK:** Displays the current time as 14:44 on FRI May 08, Switzerland.
- LATEST NEWS:** Lists recent news items such as 'WIPO Wire: 250+ Comments Received in AI and IP Policy Consultation' and 'WIPO Wire: WIPO GREEN Surpasses 100 Partners'.
- GLOBAL DESIGN DATABASE:** A search interface for global designs.

Customizable dashboard of widgets

The screenshot displays the 'MY DASHBOARD' interface of the WIPO IP Portal. The top navigation bar includes 'WIPO IP PORTAL', 'MENU', a 'Covid-19 Update' notification, 'HELP', 'DAM SWU', and a 'WIPO' logo. The dashboard is organized into several sections:

- PATENTS:** Includes widgets for 'PATENTSCOPE', 'ePCT PENDING ITEMS', and 'KEY PCT TIME LIMITS'.
- MARKS:** Includes 'MACRO MONITOR' and 'GLOBAL BRAND DATABASE'.
- DESIGNS:** Includes 'GLOBAL DESIGN DATABASE'.
- FINANCE:** Includes 'PAYMENT SUMMARY', 'CURRENT ACCOUNT SUMMARY', 'PAYMENT DETAILS', 'CURRENT ACCOUNT DETAILS', and 'DISTRIBUTION REPORTS (OFFICES)'.
- GENERAL:** Includes 'LATEST NEWS', 'WORLD CLOCK', 'BOOKMARKS', 'QUICK LINKS', and 'NOTEPAD'.
- DASHBOARD TEMPLATES:** A row of buttons for 'PATENTS', 'MARKS', 'DESIGNS', 'FINANCE', 'GENERAL', and 'IP RESEARCH'.

Additional features include 'Feedback' and 'Manage widgets' buttons in the top right, and a 'Clear Dashboard' button with a 'Done' confirmation button at the bottom right.

Personal messaging system

MESSAGES

Messages is a beta service. This basic functionality will gradually expand into a centralized messaging system for WIPO IP Services. In time, more features will be added and more applications will display their messages to users via this system.
