

# WEBINAR: WIPO INSPIRE LAUNCH

## QUESTIONS AND ANSWERS

### **Is WIPO INSPIRE a search engine of patent databases?**

WIPO INSPIRE is a repository of reports on patent databases, tools and search systems to reflect their features and services. It helps users in identifying which database is best suited for their needs.

### **Will other free and commercial databases reports be added to WIPO INSPIRE?**

Yes, we would continue to add reports as they are received from the database providers.

### **Can a database be used to generate some form of Statistical data such as histograms or pie charts of IP data, for example, by country or by continent?**

The reports in WIPO INSPIRE provide a detailed information on the features and tools available in the databases to help users to choose the appropriate database as per their needs.

### **How can we acquire access to the various databases once we have reviewed the reports?**

In order to request an access to a database, one has to contact the database provider for the procedural details.

### **After adding a database as favorite, will I be notified by email when changes are made to the database?**

This feature is currently under development and will soon be added to WIPO INSPIRE platform.

### **Do we need to login to search for the free database?**

No login is needed to access WIPO INSPIRE, all the features can be searched without login and free of cost.

### **How can the errors and suggestions to be submitted to WIPO?**

Please fill out submit the "Contact Us" form at the link <https://www3.wipo.int/contact/en/area.jsp?area=wipo-inspire>.

### **If I was to write an article about INSPIRE, could screenshots be used? Whom should I ask?**

Access to WIPO INSPIRE is open and free. However, if you need any additional details on the platform and information for the article please contact us via email at [tisc@wipo.int](mailto:tisc@wipo.int).
