

CDIP/21/5 ORIGINAL: INGLÉS FECHA: 26 DE FEBRERO DE 2018

Comité de Desarrollo y Propiedad Intelectual (CDIP)

Vigesimoprimera sesión Ginebra, 14 a 18 de mayo de 2018

ANÁLISIS DE LAS CARENCIAS EN LOS ACTUALES SERVICIOS Y ACTIVIDADES DE LA OMPI RELACIONADOS CON LA TRANSFERENCIA DE TECNOLOGÍA, A LA LUZ DE LAS RECOMENDACIONES DE LA "CATEGORÍA C" DE LA AGENDA DE LA OMPI PARA EL DESARROLLO

Documento preparado por la Secretaría

1. En su decimoctava sesión, celebrada del 31 de octubre al 4 de noviembre de 2016, el Comité de Desarrollo y Propiedad Intelectual (CDIP) acordó proseguir con los puntos 1, 2, 3, 4 y 6 de la propuesta conjunta de las delegaciones de los Estados Unidos de América, Australia y el Canadá acerca de las actividades relativas a la transferencia de tecnología, contenida en el Anexo I del documento CDIP/18/6 Rev. En el punto 6 de la propuesta adoptada se establece lo siguiente:

"De conformidad con la decisión del Comité, contenida en el "Resumen de la Presidencia" de la decimosexta sesión del CDIP, de invitar a los Estados miembros interesados a presentar propuestas para examinarlas en la decimoctava sesión del Comité, invitamos a los Estados miembros a presentar al Comité proyectos específicos y prácticos que produzcan efectos concretos en pro de los Estados miembros, con objeto de fomentar la transferencia de tecnología a escala internacional, fortalecer las capacidades en los países menos adelantados y países en desarrollo, así como países con economías en transición, e impulsar de esa manera una trasferencia de tecnología más eficaz, además de mejorar la colaboración entre quienes intervienen en la transferencia de tecnología. Como paso primero, y aprovechando la importante labor realizada al trazar el reciente esquema de las actividades en el documento CDIP/17/9, la Secretaría debería efectuar un análisis de las carencias en los actuales servicios y actividades de la OMPI relacionados con la transferencia de tecnología, a la luz de las recomendaciones de la "categoría C" de la Agenda de la OMPI para el Desarrollo como contribución al avance

del examen y la evaluación de las propuestas y los ámbitos de prioridad. Los resultados no deberían impedir el suministro de proyectos similares para beneficiarios diferentes."

- 2. El Anexo del presente documento contiene el análisis solicitado de las carencias en los actuales servicios y actividades de la OMPI relacionados con la transferencia de tecnología, a la luz de las recomendaciones de la "categoría C" de la Agenda de la OMPI para el Desarrollo.
 - 3. Se invita al CDIP a examinar la información contenida en el Anexo del presente documento.

[Sigue el Anexo]

INTRODUCCIÓN Y METODOLOGÍA

- 1. La "categoría C" de la Agenda de la OMPI para el Desarrollo incluye nueve recomendaciones (de la 24 a la 32) relacionadas con la "transferencia de tecnología, tecnologías de la información y la comunicación (TIC) y acceso a los conocimientos".
- 2. En el presente documento se expone un análisis general en lugar de un análisis específico de las carencias de las actividades indicadas para cada una de las recomendaciones de la categoría C, puesto que en ningún momento se han definido indicadores o parámetros que permitan determinar de forma objetiva cómo, y en qué medida, las actividades de la OMPI en el marco de ciertas recomendaciones específicas han contribuido a alcanzar los objetivos que figuran en dichas recomendaciones, formuladas a menudo en términos amplios.
- 3. Así pues, el análisis que se ofrece a continuación se refiere a los servicios y actividades de la OMPI relacionados con la transferencia de tecnología durante el período comprendido entre 2014 y 2017, y en él se hace referencia específica a la recomendación de la "categoría C" de la Agenda para el Desarrollo, a cuyo cumplimiento contribuyen. En cada caso también se especifica el tipo de servicio o actividad. El tipo de servicio se indica de acuerdo con la metodología acordada por el Comité de Desarrollo y Propiedad Intelectual para el documento CDIP/20/11.
- 4. Asimismo se facilita un análisis sobre los proyectos de la OMPI para la aplicación de las recomendaciones de la Agenda para el Desarrollo de acuerdo con las recomendaciones de la "categoría C" de la Agenda para el Desarrollo, a cuyo cumplimiento contribuyen.
- 5. Los dos análisis, que se detallan más adelante, pueden contribuir al avance del examen y la evaluación de las propuestas y los ámbitos de prioridad en lo que concierne a las recomendaciones de la "categoría C" de la Agenda para el Desarrollo.

EXAMEN

- 6. El análisis de los servicios y actividades de la OMPI relacionados con la transferencia de tecnología y realizados durante el período comprendido entre 2014 y 2017 incluye un total de 425 servicios y actividades. El análisis de los proyectos de la OMPI para la aplicación de las recomendaciones de la Agenda para el Desarrollo abarca diez proyectos en total.
- 7. Cabe mencionar que se puede considerar que ciertos servicios y actividades pueden contribuir a cumplir más de una recomendación de la "categoría C" de la Agenda para el Desarrollo. Por ejemplo, se podría considerar que un servicio o una actividad contribuye a cumplir simultáneamente las recomendaciones 30 y 31, por lo que se incluiría en ambas recomendaciones en el marco del análisis. Por este motivo, el número total de actividades en el conjunto de recomendaciones de la "categoría C" de la Agenda para el Desarrollo supera el total de servicios y actividades indicados anteriormente.
- 8. Del mismo modo, cabe destacar que es posible que no todas las actividades tengan el mismo alcance. Por ejemplo, un programa de sensibilización y formación puede suponer varios meses de desarrollo de capacidades, mientras que es posible que, en un evento, ese contenido se abarque en unos días. En consecuencia, el número de actividades relacionadas con una recomendación específica de la "categoría C" de la Agenda para el Desarrollo puede no ser directamente comparable, en particular entre tipos de actividades diferentes.

- 9. Por último, cabe destacar que es posible que ciertos proyectos específicos se superpongan a otros servicios o actividades. Por ejemplo, es posible que se ponga en marcha o se realice un servicio o actividad en el marco de un proyecto y que se incluya indirectamente en el proyecto o de forma directa como un servicio o actividad. Se ha adoptado este enfoque para garantizar que los proyectos queden reflejados en los análisis en su alcance completo y no en función únicamente de servicios o actividades específicos.
- 10. El gráfico que figura a continuación muestra la distribución de los servicios y las actividades para cada recomendación de la "categoría C" de la Agenda para el Desarrollo, categorizadas según el tipo de actividad, lo que permite identificar las recomendaciones en las que ha habido más o menos actividades que han contribuido a cumplir los objetivos correspondientes de dichas recomendaciones y a su vez facilitar las futuras propuestas de proyectos en otros posibles ámbitos de prioridad.

[Sigue el Apéndice en inglés]

RECOMMENDATION 24

"To request WIPO, within its mandate, to expand the scope of its activities aimed at bridging the digital divide, in accordance with the outcomes of the World Summit on the Information Society (WSIS) also taking into account the significance of the Digital Solidarity Fund (DSF)."

Title

Project on Intellectual Property and Technology Transfer: Common Challenges – Building Solutions

RECOMMENDATION 27

"Facilitating intellectual property -related aspects of ICT for growth and development: Provide for, in an appropriate WIPO body, discussions focused on the importance of intellectual property -related aspects of ICT, and its role in economic and cultural development, with specific attention focused on assisting Member States to identify practical intellectual property -related strategies to use ICT for economic, social and cultural development."

Project on Intellectual Property and Technology Transfer: Common Challenges – Building Solutions

RECOMMENDATION 29

"To include discussions on intellectual property -related technology transfer issues within the mandate of an appropriate WIPO body."

Title	Туре
WIPO / WTO Advanced Trade Policy Course for Policy Makers and	Awareness-raising and
Government Officials, Geneva (2014-2017)	training program
Distance Learning Course on Patent Information (DL-318) in English,	Awareness-raising and
French and Spanish (2014-2017)	training program
Cuccocoful Technology Licensing (CTL) course. Provid	Awareness-raising and
Successful Technology Licensing (STL) course, Brazil	training program

	1
Successful Technology Licensing (STL) course, Italy	Awareness-raising and training program
WIPO / WTO Colloquium for Teachers of IP, Switzerland (2014-2017)	Awareness-raising and training program
WIPO Joint Master's Programs on Intellectual Property (MIP and LLM) (including lectures and exercises relating to technology transfer) (2014-2017)	Awareness-raising and training program
WIPO Summer Schools Program includes sessions on technology	
transfer and technology licensing activities. The WIPO South Africa	Awareness-raising and
Summer School focuses specifically on IP and transfer of technology (2014-2017)	training program
WIPO-CEIPI Advanced Training Course on Intellectual Property, Transfer of Technology and Licensing	Awareness-raising and training program
Distance Learning Course on Basics of Patent Drafting (DL-320) in	training program
Arabic, Chinese, English, French, Portuguese, Russian and Spanish (2014-2017)	Awareness-raising and training program
National Workshop on Technology Management for Universities, Brunei Darussalam (2014)	Event
WIPO Subregional Workshop on IP Commercialization "Working Together" for Technology Transfer Offices in the Region, Belgrade, Serbia (2014)	Event
WIPO Sub- regional Workshop for Technology Transfer Offices, Skopje, FYR Macedonia (2014)	Event
WIPO National Workshop on "Working Together for Promoting Knowledge Transfer and IP Commercialization in Georgia", Tbilisi, Georgia (2014)	Event
Advanced Successful Technology Licensing, Vietnam (2017)	Event
Bridging the Gap between the Universities and Industry, Joint Training Program for Universities and SMEs, Philippines, Malaysia (2017)	Event
IP Valuation Course in the framework of UC Davis Licensing Academy in collaboration with PIPRA and UC Davis for technology managers, including from developing countries, UC Davis, United States of America (2014)	Event
Licensing and IP Valuation, Iran (2017)	Event
WIPO Roving Seminar on IP Valuation and Technology Transfer for Universities, Klaipeda and Kaunas, Lithuania (2014)	Event
WIPO Sub – Regional IP Valuation Workshop, Sibiu, Romania (2015)	Event
WIPO Sub – regional Workshop on IP Commercialization "Working Together" for Technology Transfer Offices in the Region, Belgrade, Serbia (2014)	Event
IP Marketing and Valuation (advanced STL course), Brazil (2015)	Event
IP Marketing and Valuation (advanced STL course), Philippines (2015)	Event
IP Marketing and Valuation (advanced STL course), Serbia (2015)	Event
IP Marketing and Valuation, Training Program, Baltic States Project, Lithuania (2017)	Event
IPR Asset Management Strategy, Baltic States Project, Estonia (2017)	Event
Knowledge Transfer Round-Table for Delegation of Romanian Inventors, Switzerland (2017)	Event
National Seminar for Technology and Innovation Support Centers (TISCs), Djibouti (2016)	Event
National Seminar for Technology and Innovation Support Centers (TISCs), Djibouti (2017)	Event

National Seminar for Technology and Innovation Support Centers (TISCs), Mauritania (2016)	Event
National Training Program on IP Marketing and Valuation, Chile (2016)	Event
Presentation on TISC Program, University of Tlemcen, Algeria, (April 26, 2017)	Event
Regional Conference on Results of the National TTO Project in Tunisia, Sharing Knowledge and Lessons Learned, Tunisia (2017)	Event
Regional Meeting on the Development of an IP Policy and Strategy in the Universities and Research Institutions to Facilitate the Transfer of Technology to the Industrial Sector, Morocco (2016)	Event
Regional Workshop on the Outcome of WIPO Pilot Technology Transfer Offices (TTO) Project in Tunisia (2017)	Event
Second Annual Multi-Stakeholder Forum on Science, Technology and Innovation for SDGs, New York, May 15 and 16, 2017	Event
Seminar on Technology and Innovation Support Centers (TISCs) and the Use of Patent Information, Algeria (2016)	Event
Seminar on the efficiency of TISC National Network, Mauritania (November 21 to 23, 2017)	Event
Sub-Regional Meeting Creation and Management of Start-Ups, Serbia (2017)	Event
TISC Seminar, Oran, Algeria (December 13 and 14, 2017)	Event
Training workshop on TISC, Oman, (March 20 to 22, 2017)	Event
WIPO Inter-Regional TTO Meeting "Working Together on Academic IP Commercialization in the Region", Czech Republic (2016)	Event
WIPO Regional Seminar on Basic Patent Analytics for Member States of the Eurasian Patent Organization (2017)	Event
Workshop on Access to Technology for Innovation and Establishing a TISC Network, Oman (2017)	Event
Workshop on Access to Technology for Innovation and on Establishing a Technology and Innovation Support Centers (TISCs) Network, Jordan (2016)	Event
Workshop on TISCs Network for Selected Arab Countries, Jordan (2017)	Event
Knowledge and Technology Transfer webpage	Information webpage
Baltic States Pilot Project on Establishment of Regional Pool of Experts on Academic IP Commercialization	Project
Evaluation and Development of the Technology and Innovation Support Center (TISC) National Project in Egypt (2017)	Project
TISCs Clinic Services as Pilot Project in Morocco providing pro bono assistance to eligible inventors, Morocco (2015)	Project
Enabling IP Environment	Project
WIPO / FIT Australia Program on the Bridging the Gap between the Academic Institutions and Industry, Philippines (2017)	Project
Standing Committee on the Law of Patents (SCP): Items on "Transfer of Technology" have been on the agenda since the 14th session of the Standing Committee	WIPO Committee

RECOMMENDATION 30

"WIPO should cooperate with other IGOs to provide to developing countries, including LDCs, upon request, advice on how to gain access to and make use of intellectual property-related information on technology, particularly in areas of special interest to the requesting parties."

Title
Developing Tools for Access to Patent information – Phase I
Developing Tools for Access to Patent information – Phase II
Project on Capacity Building in the Use of Appropriate Technology-Specific Technical and
Scientific Information as a Solution for Identified Development Challenges
Project on Capacity-Building in the Use of Appropriate Technology Specific Technical and
Scientific Information as a Solution for Identified Development Challenges - Phase II

RECOMMENDATION 31

"To undertake initiatives agreed by Member States, which contribute to transfer of technology to developing countries, such as requesting WIPO to facilitate better access to publicly available patent information."
