

CDIP/21/5 ОРИГИНАЛ: АНГЛИЙСКИЙ ДАТА: 26 ФЕВРАЛЯ 2018 Г.

Комитет по развитию и интеллектуальной собственности (КРИС)

Двадцать первая сессия Женева, 14–18 мая 2018 г.

АНАЛИЗ ПРОБЕЛОВ В СУЩЕСТВУЮЩЕЙ СИСТЕМЕ УСЛУГ И МЕРОПРИЯТИЙ ВОИС В ОБЛАСТИ ПЕРЕДАЧИ ТЕХНОЛОГИЙ В КОНТЕКСТЕ РЕКОМЕНДАЦИЙ КЛАСТЕРА С ПОВЕСТКИ ДНЯ ВОИС В ОБЛАСТИ РАЗВИТИЯ

Документ подготовлен Секретариатом

1. Комитет по развитию и интеллектуальной собственности (КРИС) на своей восемнадцатой сессии, состоявшейся 31 октября—4 ноября 2016 г., принял решение о проведении работы в соответствии с пунктами 1, 2, 3, 4 и 6 совместного предложения делегаций Соединенных Штатов Америки, Австралии и Канады о дальнейших мероприятиях, связанных с передачей технологий, которое представлено в приложении I документа CDIP/18/6 Rev.1. Пункт 6 одобренного предложения гласит следующее:

«В русле решения Комитета, изложенного в резюме Председателя шестнадцатой сессии КРИС, в котором предлагается заинтересованным государствам-членам представить свои соображения для рассмотрения на восемнадцатой сессии Комитета, мы призываем государства-члены представить Комитету конкретные и реалистичные проекты, которые принесут государствам-членам ощутимые результаты, с тем, чтобы стимулировать международную передачу технологии, укреплять потенциал наименее развитых и развивающихся стран и стран с переходной экономикой с целью повышения эффективности процесса передачи технологии, а также развития взаимодействия между участниками процесса. Для того чтобы использовать ценные аналитические наработки документа CDIP/17/9 Секретариат мог бы для начала провести анализ пробелов в существующей системе услуг и мероприятий ВОИС в области передачи технологии в контексте рекомендаций Кластера С Повестки дня ВОИС в области развития; это было бы полезно при рассмотрении и оценке любых выдвигаемых предложений и приоритетов. Результаты не должны препятствовать предложению аналогичных проектов для различных получателей».

- 2. В приложении к настоящему документу содержится указанный выше анализ пробелов в существующей системе услуг и мероприятий ВОИС в области передачи технологий в контексте рекомендаций Кластера С повестки дня ВОИС в области развития.
 - 3. *КРИС* предлагается рассмотреть информацию, изложенную в приложении к настоящему документу.

[Приложение следует]

ВВЕДЕНИЕ И МЕТОДИКА

- 1. Кластер С Повестки дня ВОИС в области развития насчитывает девять рекомендаций (24–32), посвященных вопросам передачи технологии, информационных и коммуникационных технологий (ИКТ) и доступа к знаниям.
- 2. В настоящем документе проводится скорее общая оценка, а не частный анализ пробелов в системе мероприятий, предусмотренных каждой из рекомендаций Кластера С, в силу отсутствия установленных показателей и критериев, позволяющих объективно оценить пробелы и понять, в какой мере деятельность, проводимая ВОИС в контексте тех или иных рекомендаций, способствует достижению нередко пространных целей таких рекомендаций.
- 3. В этой связи в приведенном ниже исследовании при описании услуг и мероприятий ВОИС в области передачи технологий за 2014—2017 гг. указано, выполнению каких именно рекомендаций Кластера С Повестки дня в области развития способствовала та или иная деятельность. Кроме того, все услуги или мероприятия отнесены к тому или иному виду деятельности. Для распределения по видам используется методика, согласованная Комитетом по развитию и интеллектуальной собственности для документа CDIP/20/11.
- 4. В настоящем документе также проанализированы проекты ВОИС, направленные на выполнение рекомендаций Повестки дня в области развития, и их вклад в выполнение рекомендаций Кластера С.
- 5. Приведенный анализ двух упомянутых аспектов может быть полезен при рассмотрении и оценке предложений и приоритетов, касающихся рекомендаций Кластера С Повестки дня в области развития.

СПЕЦИФИКА АНАЛИЗА

- 6. В рамках анализа деятельности ВОИС в области передачи технологий за 2014—2017 гг. рассмотрены в общей сложности 425 услуг и мероприятий. Анализ проектной деятельности ВОИС, направленной на выполнение рекомендаций Повестки дня в области развития, затронул 10 профильных проектов.
- 7. Следует отметить, что отдельные услуги и мероприятия, как представляется, способствуют выполнению нескольких рекомендаций Кластера С Повестки дня в области развития. Например, та или иная услуга (или мероприятие), по мнению составителей, способствует выполнению рекомендаций 30 и 31, и, следовательно, в анализе она будет рассмотрена применительно к обеим этим рекомендациям. Как следствие, общее число мероприятий, отнесенных ко всем рекомендациям Кластера С Повестки дня в области развития, превышает общее число услуг и мероприятий, указанное выше.
- 8. Кроме того, мероприятия могут отличаться друг от друга по сфере применения. Например, выработка необходимых навыков в рамках программы повышения осведомленности и профессиональной подготовки может потребовать несколько месяцев, тогда как аналогичная задача в рамках отдельного мероприятия может быть решена за несколько дней. Поэтому простое сравнение числа мероприятий для каждой отдельно взятой рекомендации Кластера С Повестки дня в области развития, особенно по разным видам деятельности, не представляется возможным.

- 9. Наконец, следует отметить, что проекты могут намеренно частично или полностью совпадать с отдельными услугами или мероприятиями. Например, услуга могла быть предоставлена или мероприятие организовано в рамках того или иного проекта; в этом случае такая услуга или такое мероприятие будут косвенно отнесены к проектной деятельности и прямо к категории услуг и мероприятий. Этот подход использован потому, что он позволяет отразить в рамках данного анализа проектную деятельность во всей ее полноте, а не просто в разбивке по отдельным услугам или мероприятиям.
- 10. На приведенном ниже графике показано, сколько услуг и мероприятий соответствует каждой рекомендации Кластера С Повестки дня в области развития в разбивке по виду деятельности; такое распределение позволяет ранжировать рекомендации по числу проведенных мероприятий, способствующих достижению намеченных целей, что может быть полезно при дальнейшем рассмотрении предлагаемых проектов в потенциально приоритетных областях.

[Дополнение на английском языке следует]

RECOMMENDATION 24

"To request WIPO, within its mandate, to expand the scope of its activities aimed at bridging the digital divide, in accordance with the outcomes of the World Summit on the Information Society (WSIS) also taking into account the significance of the Digital Solidarity Fund (DSF)."

Title

Project on Intellectual Property and Technology Transfer: Common Challenges – Building Solutions

RECOMMENDATION 27

"Facilitating intellectual property -related aspects of ICT for growth and development: Provide for, in an appropriate WIPO body, discussions focused on the importance of intellectual property -related aspects of ICT, and its role in economic and cultural development, with specific attention focused on assisting Member States to identify practical intellectual property -related strategies to use ICT for economic, social and cultural development."
