

>> Annual Technical Reports Overview

- >> Objective
- >> Summary of activities since SDWG8
 - ATR search facility
 - Interim statistical analysis
- >> Further Information
- >> Next steps forseen

ATRs serve to:

- >> make the information activities of the IPOs available (annually) to other offices and to the public

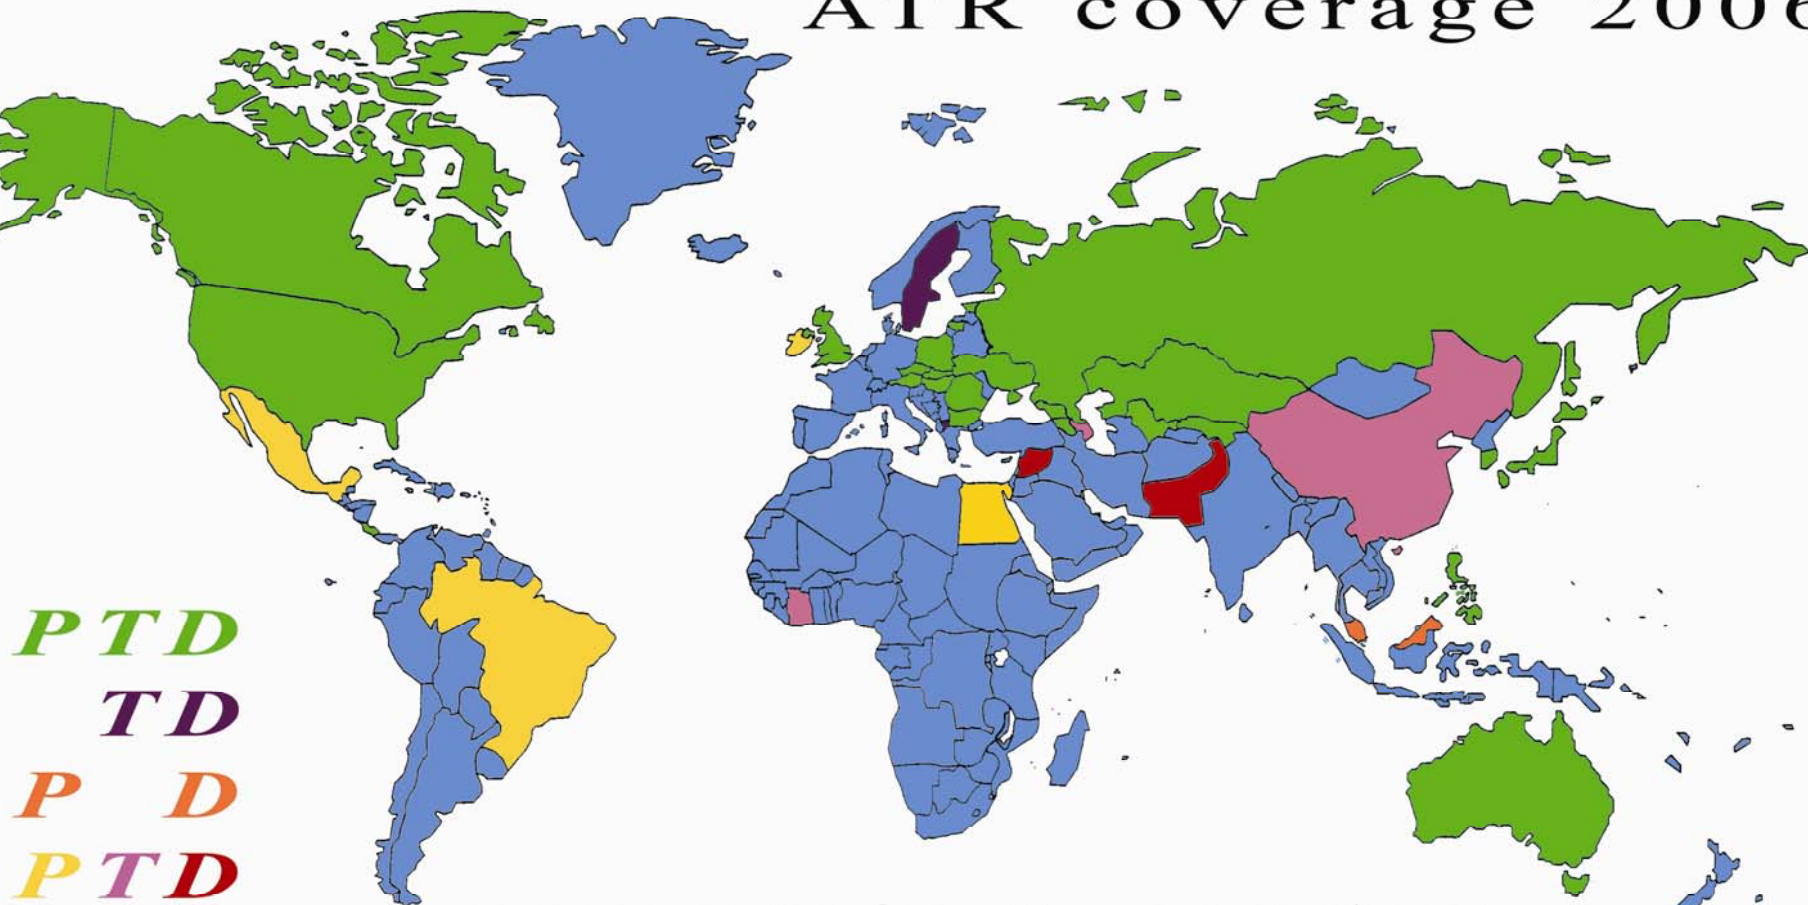

ATRs Task Force also serves to:

- >> revise Recommended Contents
- >> report on improve access to, visibility, and usage of ATRs (two-year project)

- >> E-mail updates are now available to SCIT subscribers (scit.mail@wipo.int)
- >> Prepare proposals for SDWG 9:
 - revision of the recommended contents of ATRs (para. 3-5, Annexes I to III)
- >> Progressed the two-year plan to improve and report on visibility, access to, usage of ATRs
 - provision and analysis of ATR web traffic statistics
 - make available an ATR search facility in three languages
 - request Offices to promote ATRs - [C.SCIT 2641](#), 2642, 2643
- >> Conducted and published ATR 2006 survey results:
31 patent, 29 trademark, 29 industrial design results

I. Evolution of patent activities

Changes experienced in terms of application filing

In 2006, the Office procedures for filing and examination of patent applications for inventions remained unchanged.

In 2006, the Recommendations concerning the examination of patent applications containing an updated chapter disclosing the particular features of inventions in the medicine in certain specific situations, and two new chapters on the food industry.

A reduction in the labor-intensive nature of examination procedures...

Евразийская Патентная Информационная Система

Содержание	Краткие сведения о системе
Общие сведения	ЕврАзийская ПАТентная Информационная Система (ЕАПАТИС) EurAsian PATent Information System (EAPATIS).
Основные характеристики	
Особенности системы	Общие сведения
Условия доступа к системе ЕАПАТИС	Система ЕАПАТИС разработана Евразийским патентным ведомством (ЕАПВ) с целью повышения эффективности и качества проведения патентных поисков и патентно-информационного обеспечения экспертизы заявок на изобретения. С 2003 г. система находится в промышленной эксплуатации в ЕАПВ. В 2003 г. к ней открыт доступ через Интернет для национальных патентных ведомств стран-членов Евразийской патентной организации (ЕАПО). В 2004-2005 г. доступ к системе...

Дополнительные материалы:

- Материалы семинара "Практическое использование евразийской патентной информационной системы ЕАПАТИС в национальных патентных ведомствах" (Душанбе, Республика Таджикистан, 29 - 30 апреля 2004 г.)
- Презентация системы EAPATIS (см. врезку "Presentations"), состоявшаяся на заседании постоянной рабочей группы по информационным технологиям - SCIT (ВОИС, 3-5 февраля 2003 г.)
- Годовой технический отчет ЕАПВ за 2004 год, представленный в ВОИС
