GENEVA

STANDING COMMITTEE ON THE LAW OF TRADEMARKS, INDUSTRIAL DESIGNS AND GEOGRAPHICAL INDICATIONS

Seventeenth Session Geneva, May 7 to 11, 2007

DRAFT QUESTIONNAIRE ON INDUSTRIAL DESIGN LAW AND PRACTICE

Document prepared by the Secretariat

INTRODUCTION

1. At the sixteenth session of the Standing Committee on the Law of Trademarks, Industrial Designs and Geographical Indications (SCT), held in Geneva from November 13 to 17, 2006, the SCT requested the Secretariat to develop a questionnaire relating to the formalities of industrial design registration and to the borderlines between all types of marks and industrial designs (see document SCT/16/8, paragraphs 25 and 27). Accordingly, the Secretariat has prepared the present document which contains, in its Annex, a draft questionnaire on industrial design law and practice dealing with the issues requested by the SCT.

[Annex follows]

SCT/17/6

ANNEX

DRAFT QUESTIONNAIRE ON INDUSTRIAL DESIGN LAW AND PRACTICE CONTENTS

	(a) Subject Matter Enjoying Coexisting Protection	
	(b) Cross-cutting Issues	
	(c) Coexisting Protection in Practice	12

I. INDUSTRIAL DESIGN APPLICATION

	(a)	Rep	roduction of Industrial Design	
		<i>(i)</i>	Reproduction in general	
Q1:			trial design, or the product or products which constitute the	e industrial design,
	_	phot	ographs	yes□ no□
	_	draw	vings	yes□ no□
	_	tech	nical drawings	yes□ no□
	_	othe	r graphic representations	yes□ no□
Q2:			broken lines may be used to represent matter that is not pa	art of the claimed
	desig	gn.		yes□ no□
Q3:	-		number of copies of the reproduction is required. ase indicate the number of copies required:	yes□ no□
		(ii)	Contents of the reproduction	
Q4:		-	duction should contain a sufficient number of views to come of the claimed design.	mpletely disclose the yes□ no□
Q5:			er of views that may be provided is limited. ase specify the maximum number of views permitted:	yes□ no□
Q6:	-		number of views is required. ase specify the views required:	yes□ no□
	_	fron	t	yes□ no□
	_	rear		yes□ no□
	_	right		yes□ no□
	_	left s	side	yes□ no□
	_	top		yes□ no□
	_	botto	om r views, namely:	yes□ no□
27.	Soot		•	Wast not
Q7:	Secti	ionai	views of the industrial design are permitted.	yes□ no□
Q8:	Pers	•	e views of the industrial design are	
	_		datory.	yes□ no□
	_	optio	Juai.	yes□ no□
Q 9:	_		number of perspective views is required.	yes□ no□
	If ye	s, plea	ase indicate the number of perspective views required:	

(b) Descriptions Q10: A description of the reproduction is mandatory. yes□ no□ optional. yes□ no□ Q11: A description of the characteristic features of the industrial design is mandatory. yes□ no□ optional. yes□ no□ Design Specimen (c) (i)Specimens in general Q12: The submission of a design specimen is mandatory in general. yes□ no□ mandatory in the case of two-dimensional designs. yes□ no□ optional in general. yes□ no□ optional in the case of two-dimensional designs. yes□ no□ generally not permitted. yes□ no□ (ii) Relation with reproduction Q13: The specimen substitutes the reproduction. yes□ no□ complements the reproduction. yes□ no□ can only be submitted in the case of a deferment of publication. yes□ no□ Q14: If the reproduction does not correspond to the specimen, the reproduction is decisive. yes□ no□ the specimen is decisive. yes□ no□ the applicant is asked for clarification. yes□ no□ **Indication of Products** (d) Q15: An indication of the product or products to which the industrial design is applied, is required. yes□ no□ If no, please indicate whether this means that an industrial design could be applied for in the abstract. yes□ no□ Q16: An indication of the class (or sub-class) of the Locarno Classification for which the design(s) is (are) registered, is required. yes□ no□ Multiple Design Application (e)

Q17: The application may include several industrial designs.

yes□ no□

Q18:		number of industrial designs that may be included is limited. s, please indicate the maximum number of industrial designs:	yes□ ——	no 🗆
O19:	The	industrial designs that are included in the same application must		
(-> .	_	belong to the same class of the Locarno Agreement.	yes□	no□
	_	belong to the same set or composition of items.	yes□	
	_	conform to a requirement of unity of design.	yes□	
	_	conform to a requirement of unity of production.	yes□	
	_	conform to a requirement of unity of use.	yes□	
	(f)	Claim		
Q20:	The	application must contain one or several claims.	yes□	no□
Q21:	The	number of claims is limited.	yes□	no□
	If ye	s, please indicate the permitted number of claims:		
Q22:	The	claim may generally refer to		
	_	the reproduction or the specimen of the industrial design		
		("the design as shown").	yes□	no□
	_	additional descriptions		
		("the design as shown and described").	yes□	no□
	(g)	Creator of Design		
		(i) General requirements		
Q23:	The	application must contain		
	_	indications allowing the identity of the creator		
		to be established.	yes□	$no \square$
	_	a statement that the creator believes himself or herself		
		to be the creator of the industrial design.	yes□	$no\square$
	-	the signature of the creator.	yes□	no□
O24:	Inste	ead of the creator's signature, the application may contain		
	_	the signature of the creator's representative.	yes□	no□
	_	other evidence of the creator's consent.	yes□	
Q25:	The	creator of the industrial design must be a natural person.	yes□	no□
		(ii) Requirement of filing in the name of the creator		
Q26:	The	application must be filed in the name of the creator.	yes□	no□
Q27:	In ca	ase the applicant is not the creator, the application must contain		
-	_	a statement of assignment.	yes□	no□
	_	other evidence of assignment.	ves□	

(h) Filing Date

Q28:	For a	filing date to be accorded, the following indications and element	s are r	equired:
		indications allowing the identity of the applicant		•
		to be established	yes□	no□
	_	indications allowing the applicant or its representative,	•	
		if any, to be contacted	yes□	no□
		a sufficiently clear reproduction of the industrial design	yes□	
		a description of characteristic features	yes□	
		a specimen of the industrial design	yes□	
		a sufficiently clear indication of the product(s) to which	<i>J</i>	
		the design is applied	yes□	no□
		a claim	yes□	
		indications allowing the identity of the creator	y Co	пош
		to be established	yes□	no□
		indications allowing the creator or its representative,	J Co 🗆	nou
		if any, to be contacted	yes□	no□
		the payment of a fee	yes□	
		the payment of a fee	yes	пош
Q29:	If the	application does not contain all indications and elements require	d, the	applicant
		omplement the application within a given time limit.	yes□	
	•	please specify the time limit:	•	_ months.
	,			_
II.	EXAN	MINATION AND OPPOSITION		
	(a)	Examination		
	` '			
Q30:	As to applic	formal requirements, the Office examines whether the industrial	desig	1
		indicates the identity of the applicant.	yes□	no□
		provides the contact details of the applicant or its	<i>y</i> c ₀	пош
		representative.	yes□	no□
		contains a reproduction of the industrial design	y Co	пош
		in a permissible form.	yes□	no□
		contains the required number of reproductions.	yes□	
		contains a sufficient number of views for the industrial	y Co	пош
		design to be fully disclosed.	yes□	no□
		does not exceed the maximum number of views permitted.	-

	_			_ months.
Q46:		se the application contains a specimen of the industrial design but office requests a reproduction for the purpose of publication.	t no re yes□	•
	(b)	Deferment of Publication		
047	The a	applicant can request the deferment of publication.	yes□	no□
Q 17.		s, please specify the maximum period of deferment:	•	_ months.
IV.	MAN	NAGEMENT OF REGISTRATIONS		
	(a)	Renewal		
048.	A 000	ording to the applicable law, the registration of an industrial desig	n ic af	facted for
Q 1 0.	_	a single term of		
	_			_ years.
		an initial term of years and additional terms of		_ years.
Q49:	Prior	to the expiry of the current term of registration, the Office sends	a noti	ce of expiry
	indic	ating the date of expiry of the registration.	yes□	$no\square$
	If ye	s, please specify: the notice of expiry will be sent		_ months
	befor	re the expiry of the term of registration.		
Q50:	The 1	renewal of an industrial design registration may be effected by		
	_	sending a written request and paying a fee.	yes□	no□
	_	submitting an official form and paying a fee.	yes□	
	_	paying a fee without sending any request.	yes□	
051:	In ca	se the registration concerns multiple industrial designs, the renew	al may	y be limited
QUI.		rtain industrial designs specified in the request.	yes□	
052.	In co	se the payment of the prescribed renewal fee is not made until the	date i	on which
Q32.		enewal is due, it may still be made within a period of grace.	yes□	
		s. please specify the length of the period of grace:	ycs⊔	months.

	(b)	Licenses	
Q53:		regard to registered industrial designs, the applicable law providenses.	es for the recordal yes□ no□
Q54:	With Offic	regard to the recordal of a license, the following evidence is accee:	epted by the
	_	an extract of the license contract indicating the parties and the rights being licensed. a certified extract of the license contract indicating the parties	yes□ no□
	_	and the rights being licensed. an uncertified statement of license signed by both the holder	yes□ no□
		and the licensee.	yes□ no□
Q55:	In the	e request for recordal of a license, the legal cause of the license m	nust be indicated. yes□ no□
Q56:	The r	ecordal of a license is necessary	
	_	to maintain the protection of the industrial design concerned.	yes□ no□
	_	to maintain the registration of the industrial design concerned. for the licensee to initiate infringement proceedings with	yes□ no□
	_	regard to the industrial design concerned. for the licensee to join infringement proceedings initiated	yes□ no□
	_	by the holder of the industrial design concerned. for the licensee to receive damages resulting from the	yes□ no□
		infringement of the industrial design concerned.	yes□ no□
	(c)	Fee Structure	
		(i) Filing, examination and registration	
Q57:	The f	following stages of the registration procedure require the paymen	t of a fee:
	_	the filing of an industrial design application;	yes□ no□
	_	the examination of the application by the Office;	yes□ no□
	_	the publication of the industrial design;	yes□ no□
	_	the deferment of publication;	yes□ no□
	_	the extension of time limits;	yes□ no□
	_	the issuance of a registration certificate.	yes□ no□
	If fee	s are due, please indicate whether these fees depend on	
	_	the number of industrial designs.	yes□ no□
	_	the number of reproductions.	yes□ no□
		(ii) Opposition	
Q58:	The f	following stages of the opposition procedure require the payment	of a fee:
	_	the lodging of an opposition;	yes□ no□
	_	the extension of time limits;	yes□ no□
	_	oral hearings.	yes□ no□
	If fee	s are due, please indicate whether these fees depend on the	
		per of industrial designs opposed.	yes□ no□

(iii) Renewal

Q59:	: If the applicable law provides for the renewal of industrial design registrations, please indicate whether the renewal fee depends on			ns, please
	_	the number of industrial designs to be renewed.	yes□	no□
	_	the number of reproductions.	yes□	
		the number of reproductions.	<i>y</i> cs =	пош
Q60:	renev perio	e applicable law provides for a period of grace with regard to the payal fee, please indicate whether the payment of the renewal fee du d is subject to the payment of a surcharge. s, please specify whether the surcharge depends on		he grace
	_	the number of industrial designs to be renewed.	yes□	no□
	_	the number of reproductions.	yes□	
		the number of reproductions.	<i>J</i> • 55 =	1100
		(iv) Recordal of licenses		
Q61:	If the	e applicable law provides for the recordal of a license, please indic	cate w	hether the
		rdal requires the payment of a fee.	yes□	
		s, please specify whether the fee depends on the number of	<i>y</i> c s_	1100
		strial designs covered by the license.	yes□	no□
	maa	strial designs covered by the neemse.	y C S 🗀	по⊔
V.	COM	MUNICATION WITH THE OFFICE		
	(a)	Means of Communication		
062:	The (Office accepts communications		
₹0	_	on paper.	yes□	no□
	_	filed by electronic means of transmittal, such as fax.	yes□	
	_	filed in electronic form, for instance, via the Internet.	yes□	
		med in electronic form, for instance, via the internet.	yes	по⊔
Q63:	Appl	ications can be filed	MOCE	noc
	_	on paper.	yes□	по⊔
	_	on paper accompanied by reproductions on an electronic		
		support.	yes□	
	_	by electronic means of transmittal.	yes□	
	_	in electronic form (e-filing).	yes□	no□
	(b)	Signature and Authentication		
		(i) Communications on paper		
064	A co	mmunication on paper must		
₹ ○	_	be signed by the applicant, holder or other interested person.	yes□	no□
	_	be supplemented with evidence where the Office doubts the	J ~ 6 L	.100
		authenticity of the signature.	VAC	no□
		· · · · · · · · · · · · · · · · · · ·	yes□	
	_	generally be certified.	yes□	по⊔
	_	only be certified in special cases, such as the surrender of		
		a registration.	yes□	no□

	(ii) Use of electronic means of transmittal		
Q65:	Communications filed by electronic means of transmittal will be consigraphic representation of a signature appears on the communication.		_
Q66:	The original of a communication filed by electronic means of transmit with the Office.	tal mu yes□	
	If yes, please specify the applicable time limit:	-	_ months.
	(iii) Communications filed in electronic form		
Q67:	Communications filed in electronic form may be authenticated through electronic authentication.	h a sys yes□	
VI.	BORDERLINES WITH TRADEMARKS		
	(a) SubjectM atter Enjoying Coexisting Protection		
Q68:	According to the applicable law, the following subject matter may enjeprotection as a trademark and an industrial design:	оу сое	existing
	a typeface	$yes \square$	$no\square$
	 a combination of colors 	$yes \square$	$no\square$
	 a graphic symbol, such as a drawing, picture or logo 	$\text{yes} \square$	$no\square$
	 ornamentation, such as figurative elements and patterns 	$yes \square$	
	 product packaging 	$yes \square$	$no\square$
	product shape	$yes \square$	$no\square$
	 get-up and trade dress 	$yes \square$	
	 a specific texture or material 	yes□	no□
Q69:	The protection as an industrial design can follow from		
	- the acquisition of a design patent.	yes□	no□
	 the registration of the industrial design. 	yes□	
	 rules applicable to unregistered industrial designs. 	$yes \square$	$no\square$
	(b) Cross-cutting Issues		
Q70:	According to the applicable law, subject matter that is dictated essention or functional considerations is excluded from	ally by	y technical
	 protection as a trademark. 	yes□	no□
	 protection as an industrial design. 	yes□	
0.71			
Q71:	In trademark law, the exclusion is limited to three-dimensional subject		
		yes□	no□
072:	In industrial design law, the exclusion is limited to three-dimensional	subiec	t matter
Q / 2·	in measural design law, the exercision is inflict to three difficulties	yes□	
Q73:	A protected industrial design may acquire distinctiveness in the sense	of trac	lemark law
	during the period of industrial design protection.	yes□	$no\square$

	(c)	Coexisting Protection in Practice			
Q74:	Q74: In case of subject matter enjoying coexisting protection, trademark and industrial protection can be invoked in parallel before the courts				
	_	without having to satisfy any specific requirements. only if the interested party shows a distinct legitimate interest	yes□ no□		
		with regard to each of the two protection regimes.	yes□ no□		
Q75:	subje	assertion of trademark protection may be deemed legitimate if the ct matter enjoying coexisting protection, i.e. its use to indicate co distinguish goods or services, is affected.			
Q76:	aspec	assertion of industrial design protection may be deemed legitimate to of subject matter enjoying coexisting protection, i.e. its esthetic intents, is affected.
