"Bearing in mind the Development Agenda recommendations, reaffirming the importance of the WIPO Intergovernmental Committee on Intellectual Property and Genetic Resources, Traditional Knowledge and Folklore (Committee), noting the different nature of these issues and acknowledging the progress made, the WIPO General Assembly agrees

that the mandate of the Committee be renewed, without prejudice to the work pursued in other fora, as follows:

- (a) The Committee will, during the next budgetary biennium 2020/2021, continue to expedite its work, with the objective of finalizing an agreement on an international legal instrument(s), without prejudging the nature of outcome(s), relating to intellectual property which will ensure the balanced and effective protection of genetic resources (GRs), traditional knowledge (TK) and traditional cultural expressions (TCEs).
- (b) The Committee's work in the 2020/2021 biennium will build on the existing work carried out by the Committee, including text-based negotiations, with a primary focus on narrowing existing gaps and reaching a common understanding on core issues<sup>1</sup>.
- (c) The Committee will follow, as set out in the table below, a work program based on open and inclusive working methods for the 2020/2021 biennium, including an evidence-based approach as set out in paragraph (d). This work program will make provision for 6 sessions of the Committee in 2020/2021, including thematic, cross-cutting and stocktaking sessions. The Committee may establish *ad hoc* expert group(s) to address a specific legal, policy or technical issue<sup>2</sup>. The results of the work of such group(s) will be submitted to the Committee for consideration.
- (d) The Committee will use all WIPO working documents, including WIPO/GRTKF/IC/40/6, WIPO/GRTKF/IC/40/18 and WIPO/GRTKF/IC/40/19, and the Chair's Text on the *Draft International Legal Instrument Relating to Intellectual Property, Genetic Resources and Traditional Knowledge Associated with Genetic Resources*, as well as any other contributions of Member States, such as conducting/updating studies covering, inter alia, examples of national experiences, including domestic legislation, impact assessments, databases, and examples of protectable subject matter and subject matter that is not intended to be protected; and outputs of any expert group(s) established by the Committee and related activities conducted under Program 4. The Secretariat is requested to continue to update studies and other materials relating to tools and activities on databases and on existing disclosure regimes relating to GRs and associated TK, with a view to identify any gaps, and continue to collect, compile and make available online information on national and regional *sui generis* regimes for the intellectual property protection of TK and TCEs. Studies or additional activities are not to delay progress or establish any preconditions for the negotiations.
- (e) In 2020, the Committee is requested to provide to the General Assembly a factual report along with the most recent texts available of its work up to that time with recommendations, and in 2021, submit to the General Assembly the results of its work in accordance with the objective reflected in paragraph (a). The General Assembly in 2021 will take stock of progress made, and based on the maturity of the texts, including levels of agreement on objectives, scope and nature of the instrument(s), decide on whether to convene a diplomatic conference and/or continue negotiations.

<sup>1</sup> Core issues include, as applicable, inter alia, definitions, beneficiaries, subject matter, objectives, scope of protection, and what TK/TCEs are entitled to protection at an international level, including consideration of exceptions and limitations and the relationship with the public domain.

<sup>2</sup> The expert group(s) will have a balanced regional representation and use an efficient working methodology. The expert group(s) will work during the weeks of the sessions of the IGC.

- (f) The General Assembly requests the Secretariat to continue to assist the Committee by providing Member States with necessary expertise and funding, in the most efficient manner, of the participation of experts from developing countries and LDCs, taking into account the usual formula for the IGC.
