December 8, 2004

Madam,
Sir,

At its fifth session, held from November 8 to 11, 2004, the Standards and Documentation Working Group (SDWG) of the Standing Committee on Information Technologies (SCIT) agreed to establish a task force for the revision of the World Intellectual Property Organization (WIPO) Standard ST.60 in the framework of Task No. 33 (“Ongoing revision of non-electronic WIPO Standards”).

The Information Technology Section of the International Registrations Administration Department, as leader of the Task Force, invites those Offices wishing to participate actively in the ST.60 Task Force to nominate a representative. Participants are expected to be specialists who have appropriate experience in the identification and elaboration of WIPO standards on trademarks. The work of the Task Force shall be conducted in English by electronic means and will commence in February 2005.

It would be appreciated if you could nominate an expert with detailed information (name, title and e-mail address) to the International Bureau at the address *scit.mail@wipo.int* before January 24, 2005.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Roger Holberton', with a long horizontal stroke extending to the right.

Roger Holberton
Head

Information Technology Section
