Subject: Supplementary Correction Codes

Re.: Supplementary Correction Codes (Task no. 7 (b))

Dear Mr. Y. Takagi,

Patent Office of the Republic of Kazakhstan agrees with the WIPO opinion regarding the advantage of variant (B) for indicating corrected patent documents.

We consider that this will reduce the possibility of confusing interpretation of the term "date of publication" by patent experts while working with cited patent documents.

Sincerely yours,

R.T. Alchimbaeva
Vice-Chairman
