Mr. Yo TAKAGI
Inter-Office Information Services Department
OMPI

Re: C. SCIT 2388.03

Dear Mr. Takagi,

Referring the above mentioned Circular, the Portuguese Office agrees with the Solution B proposed by the IB. This solution seems to be a more accurate representation of a republished document. The inclusion of the supplementary correction code will be a Atag@ for the users, particularly the examiners, while interpreting the publication date.

Sincerely yours
Maria Luísa Araújo
Head, Information Division
Information Services Directorate
