Dear Mr. Wittig,

The Netherlands Industrial Property Office has a remark with relation to paragraph 9. We would prefer to insert on the second line the word "the" between "covered and" and "conclusions reached". The wording as appearing in document SCIT/2/8 Prov. might give the impression that only the major conclusions are reflected in the report.

The final version of document SCIT/2/8 is awaited with interest.

Yours sincerely,

Siep de Vries,  
Head, Chemical Division
