Dear Mr. Takagi,

Regarding the preparation of a draft technical standard given in C.SCIT 2431 01, we inform you that due to the manual and semi-automatic processing of the applications in IPPO-Macedonia, we cannot nominate an experienced expert in the subject area.

Of, course we stand at your full disposal for any contribution concerning the WIPONET project in general, as well as the specific accompanying activities, through contact with the person Davor Spasoski, who is in charge for the technical support and informatics in our office.

Yours sincerely,

Gorgi Filipov
Director
IPPO - Macedonia
