Re: C. SCIT 2458

October 28, 1999

Dear Mr. Wittig,

Thank you for opportunity to comment document SCIT/WG/2/4 concerning recommended minimum for Web sites of Intellectual Property Offices. The experts of our Office have closely elaborated this paper and we would like to inform you that we have no objections to the subject matter. Web page of Industrial Property Office of the Slovak Republic was established in December 1997. Nowadays, our Web page contains most of topics as recommended in this paper, including the content as such, design principles and advanced services. Since September 1999 we have launched test database of national patents, published invention applications and trademarks, registered trademarks, utility models and industrial designs and also a national registry of all mentioned items, for the time being in Slovak language only. Finally, we look forward to next co-operation.

Yours sincerely,

Rastislav Marčok
