Dear Serena,

Thank you to the IB for progressing the matters of C. SCIT 2462.

IP Australia, including the Australian Patent Office, agrees with the proposed WIPO Standard ST.35. However, presumably, in Appendix 5, example 1, pages 8, 11, 14, 17, 20, 22, 25 and 27, Item No. 34 Extended document number should read 0484564 *) rather than 0484573 *).

Best regards,
Bill Major
