Subject: Comments on draft plan

To: scit.mail@wipo.int
cc:

Dear Deputy Director Wittig

Thank you for the opportunity to comment on the draft SCIT IT Strategic Implementation Plan. IP Australia does not have specific comments on the SCIT IT Strategic Implementation Plan, however we agree with the following recommendation provided by the Attorney-General's Department which is responsible for administering the Copyright Act.

"We note that the WIPO Strategic Information Technology Plan refers in Appendix A to the current use of the WIPO web site as a vehicle for dissemination of information about WIPO programs and operations. We would encourage greater use of the WIPO web site to ensure that States Parties have timely access to relevant documentation. through the mail. This difficulty could be overcome through the greater and timely use of the WIPO web site for posting relevant documentation. We would encourage WIPO to give priority to this issue of ensuring the WIPO web site is used effectively in the dissemination of information about WIPO programs and documents for upcoming meetings."

Thank you.

Helen Dawson
