Re.: Standing Committee on Information Technologies Fourth Session

Concerning SCIT Strategic Information Technology Plan into the Twenty-First Century (C.SCIT 2469/01) we inform, that Kyrgyzpatent welcomes acceptance of the given plan because the fulfilment of this Plan will allow to develop the system of effective protection of intellectual property rights in future

Kyrgyzpatent offers, in planning and fulfilling of the given project, to pay the special attention to the development of Intellectual Property Offices of the developing countries and countries in transition for narrow the information access gap that exists between the developed and these countries, that could include the help in complete automation process of work and management, publication of information in the field of intellectual property using modern technologies, complete set of digital libraries, training of the experts and etc. Moreover, as Kyrgyzpatent considers, it would be effective to create pilot project under the WIPONet technology on the basis of one national Intellectual Property Offices in region with the further its adaptation in the neighboring countries.

Sincerely yours,

Director
