Dear Mr. Wittig,

Thank you for your invitation to submit information on the grant and publication of "Supplementary protection certificates" for medicinal and phytopharmaceutical products. As far as the attached questionnaire is concerned I would like to inform you that Eurasian law, being in force today, doesn't provide for grant such supplementary protection certificates for medicinal products or equivalent industrial property rights that extend the validity of patents covering medicinal, pharmaceutical, agrochemical or cognate products and phytopharmaceutical products.

Yours sincerely,

Alexander Grigoriev  
Vice-President  
Eurasian Patent Organization
