Sir,

QUESTIONNAIRE CONCERNING FORMATS CURRENTLY IN USE BY INDUSTRIAL
PROPERTY OFFICES FOR FIGURATIVE ELEMENTS OF MARKS

INTRODUCTION

1. This questionnaire aims at collecting information from Industrial Property Offices (IPOs) on formats currently in use for figurative elements of marks. The next steps would be to analyze the different standards/techniques applied by the IPOs of the various Member States and by regional organizations and to determine the feasibility of establishing a WIPO recommendation on how figurative elements of marks should be captured in electronic form.
2. The proposal to develop a WIPO recommendation on the above-mentioned subject matter was made in view of the fact that, with the entry into force of the Madrid Protocol and the ensuring internationalization of trademark data exchange, standards are needed to guarantee the exchange of highly standardized data in impeccable quality.
