Dear Sir,

Answering your Circular Letter of July 2001, I would like to inform you that the Polish Patent Office don,t receive RD and IBM TDB Journals, although we would be interested in free of charge distribution of the RD Journal.

Taking the above mentioned into consideration we have any experiences as to its relevancy for search and examination.However we consent to the proposal of offices having defined opinion as to usefulness of these Journals within the scope of the JOPAL Project.

Sincerely yours,

Marianna Zaremga

Director

Patent Literature Department
