Re: C.SCIT 2644, November 15, 2007

Dear Mr. Gurry,

With reference to the INID codes for bibliographic data identification concerning the patents, trademarks and industrial designs, the State Agency on Intellectual Property of the Republic of Moldova (AGEPI) has the pleasure to inform you that we use the similar INID codes for bibliographic data identification concerning the patents, trademarks and industrial designs as WIPO standards.

In addition to this, please find in attach the INID codes related to the former USSR, which are not indicated in the WIPO standards.

Looking forward further collaboration,

Sincerely yours,

Dorian Chiroasca
Director General
