Re: SCIT Task Force on the Revision of WIPO Standard ST.80
(ST.80 Task Force)

Madam,
Sir,

At its second session, held from December 2 to 6, 2002, the SCIT Standards and Documentation Working Group (SDWG) agreed to establish a task for the revision of WIPO Standard ST.80 in the framework of Task No. 33 (“Ongoing revision of non-electronic WIPO Standards”) and a task force to handle such revision.

The International Industrial Design Registrations and Special Projects Section of the International Bureau, as leader of the Task Force, invites those offices wishing to participate actively in the ST.80 Task Force to nominate a representative. Participants are expected to be specialists who have appropriate experience in the identification and elaboration of WIPO standards. The work of the Task Force shall be conducted in English by electronic means, will commence in February 2003 and will continue through June 2003.

Please send your reply with details of the nominated expert (name, title, and e-mail address) to the International Bureau at the address *scit.mail@wipo.int* before January 24, 2003. The number of this Circular should be included as a reference on all correspondence.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'G. Bisson'.

Grégoire Bisson
Head

International Industrial Design Registrations
and Special Projects Section
