Objet : documentation minimale du PCT – liste des périodiques

Madame,
Monsieur,

La présente circulaire a pour objet d'informer votre office d'une demande d'insertion, dans la liste des périodiques constituant la documentation minimale relative au PCT, de la revue "Research Disclosure" (RD) et de sa version électronique "Research Disclosure Electronic", ladite demande ayant été présentée par l'éditeur de cette revue. Dans un courrier ultérieur, ce dernier a signalé qu'il envoie gratuitement depuis 30 ans à tous les offices de propriété industrielle qu'il connaît un exemplaire de la revue RD qui comprend l'"IBM Technical Disclosure Bulletin". Cette distribution touche tous les États actuellement parties au PCT. L'éditeur a confirmé son intention de maintenir ce service gratuit de distribution de la revue, si celle-ci est incluse dans la liste des périodiques constituant la documentation minimale du PCT.

L'IBM Technical Disclosure Bulletin (IBM/TDB) faisant déjà partie de la documentation minimale du PCT (voir PCT n° 063), le Bureau international souhaite inviter les offices de propriété industrielle agissant en tant qu'administrations chargées de la recherche internationale ou d'administrations chargées de l'examen préliminaire international, en vertu du PCT, à examiner s'il serait justifié de remplacer l'IBM TDB par la revue RD, ISSN 0374-4353 (version sur papier actuelle et version électronique prévue). Une copie de la page introductive du numéro de septembre 2000 de la revue ainsi que des pages de l'index sont jointes pour votre information.

/...

En outre, le Bureau international souhaite attirer votre attention sur une proposition de l'Office autrichien des brevets à l'effet de retirer le périodique "Funkschau" (PCT n° 057) de la liste des périodiques constituant la documentation minimale du PCT. Selon cet office, aucun des articles publiés ces dernières années dans la revue n'a été jugé pertinent aux fins de la recherche et de l'examen dans le cadre du projet JOPAL.

Votre office est invité à faire part de ses observations sur les deux questions susmentionnées. Le Bureau international vous saurait gré de bien vouloir lui répondre d'ici au 15 septembre 2001, par courrier électronique à l'adresse suivante : scit.mail@wipo.int, en indiquant le numéro de la présente circulaire.

Veillez agréer, Madame, Monsieur, l'assurance de ma considération distinguée.

Klaus-Peter Wittig
Directeur adjoint du Service des
normes
et de la documentation

Disclosure Instructions

Both text and illustrations should be submitted on A4 or 8.5 x 11 inch paper using a good quality black ribbon typewriter, computer printer or laser printer to produce the disclosure copy. The type size should be no smaller than 12pt. A margin of 1 inch (2.5 cm) should be allowed on all four sides. Number pages lightly in pencil as they will be renumbered for publication. Start with a headline, ranged left in upper and lower case. Leave three blank lines, then start text ranged left. Thereafter paragraphs should be indented.

End with 'Disclosed by . . . your company name, inventors etc', or 'Disclosed anonymously' again ranged left in upper and lower case. Keep punctuation, particularly in headlines and artwork, to a minimum.

Disclosure Fees

Disclosures are charged at \$95 US per page of manuscript submitted (text and/or illustration) or £62.50 per page sterling.

Subscription Rates

Subscriptions: \$250 US, £150 UK,
£160 elsewhere
Single copies \$40 US, £30 UK and elsewhere
These rates include postage

Photocopying permission in USA

Kenneth Mason Publications Ltd, copyright owners of *Research Disclosure*, give consent for copies to be made of articles in the journal which are for personal use, or for personal or internal use of specific clients.

This consent is given on condition, however, that the copier pays \$6 copy fee through the Copyright Clearance Centre, 27 Congress Street, Salem, Massachusetts 09170, for copying beyond that permitted by Sections 107 or 108 of the US Copyright Law. This consent does not extend to other kinds of copying, such as copying for general distribution for advertising, or promotional purposes, for creating new collective works or for resale.

Printed and published in the United States of America
ISSN 0374-4553

Please send disclosures direct to the US agents

September 2000 Number 437

RESEARCH DISCLOSURE

Established 1960

The pages of this journal are available to companies who, due to the special nature of an invention, seek an alternative or supplement to obtaining patents and require prompt publication as well as maintaining freedom for their own use of that invention. Disclosures may be published either accredited or anonymously. This service enables publication to be made worldwide within a maximum of six weeks.

Copy received in New York by the 20th of each month appears on the 10th of the following month, except where it falls on a weekend or Bank Holiday.

For further information regarding this service please telephone

212-366-4363 (USA) or 01243-377977 (UK)
