

ELECTRONIC REPRESENTATIONS OF DESIGNS

Response ID:32; gcqe Data

1. Country Code page

1. Please enter the two-letter country code corresponding to your Office or Organization.

PT

2. Questions page

2. Figures on type of filing and representation

	2015	2016	2017	Total
Paper filing	1	1	8	10
Electronic filing	395	479	385	1259

3. Figures on type of representation:

	2015	2016	2017	Total
2D views	no data available	no data available	no data available	no data available
3D models	no data available	no data available	no data available	no data available
Video	not accepted	not accepted	not accepted	not accepted
Specimen	not accepted	not accepted	not accepted	not accepted
Hologram	not accepted	not accepted	not accepted	not accepted

4. 2D image representations and limitations

	Acceptable?	Minimum size (width x height in pixel)	Maximum size (width x height in pixel)	Indicate any other limitations or requirements
JPEG	yes	300x300	1000x1000	not applicable
TIFF	yes	300x300	1000x1000	not applicable
PNG	no	not applicable	not applicable	not applicable
GIF	no	not applicable	not applicable	not applicable
PDF	yes	300x300	1000x1000	not applicable
SVG	no	not applicable	not applicable	not applicable
Other (specify)	no	not applicable	not applicable	not applicable

5. 3D model representation and limitations

	Acceptable?	Indicate any limitations or requirements
3D PDF	yes	minimum size: 300x300 / maximum size: 1000x1000
3DS	no	
DWG	no	
DWF	no	
IGES	no	
STL	no	
X3D	no	
OBJ	no	
Other(specify)	no	

6. Video representation and limitations

	Acceptable?	Indicate any limitations or requirements
MP4	no	no
Other(specify)	no	no

7. File limitations

Accept images in color

Accept images in grayscale

Accept images in black/white

Accept photographic images

The maximum number of characters in an electronic file name is limited. (If yes, how many characters?): 50

The maximum size of an electronic file in MB: 10

The maximum size of the sum of all electronic files for one design in MB: no limit

The maximum number of electronic files per design: 7

8. Paper format

Minimum image size (specify width x height in cm): 8x8

Maximum image size (specify width x height in cm): 15x15

Minimum paper size (specify width x height in cm): 21x29,7

Maximum paper size (specify width x height in cm): 21x29,7

URL for requirement details:

9. Capture of representation in paper and/or specimen

No view image capture from specimen

Resolution in DPI of capture (specify): no data available

The output image is black/white unless color is necessary.

The output file format (e.g., JPEG, TIFF) is: .PDF

The output image has the same legal authenticity as the original paper/specimen.

How many years is the original paper/specimen kept for an authentic record?: forever

10. Capture 2D views from 3D-model or video

Not applicable

11. Capture of hologram

Not applicable as no holograms are accepted

12. Image transformation

No transformations (defective images are rejected)

13. Does your Office/Organization have the same requirement for design representations from applicants and non-applicants?

No, there are no specific requirements for non-applicants

14. Publication type

On-line publication for web browser access

15. 2D and 3D representation and limitations

Only publish 2D view images

The published design representations may differ from what have has been filed by the applicant in file format (e.g., from JPEG to PDF).

The published design representations may differ from what have been filed by the applicant in image size by pixels.

The published design representations may differ from what have been filed by the applicant in quality (e.g., color to B/W conversion).

Publish 2D image in PDF

Minimum 2D raster image size (specify width x height in pixel) for publication: no data available

Maximum 2D raster image size (specify width x height in pixel) for publication: no data available

Publish black/white images unless color is necessary

The maximum number of characters in an electronic file name is limited. (if yes, how many characters?): not applicable

The maximum size of an electronic file in MB: not applicable

The maximum size of the sum of all electronic files for one design in MB: not applicable

The maximum number of electronic files per design: 7

16. Please tick or specify the ways by which your Office/Organization displays design representations for examination or administration purposes.

Electronic display

17. Please tick or specify the requirements by which your Office/Organization displays the design representations electronically.

2D design representations are converted into a single raster format (e.g., JPEG) for displaying (specify): .PDF

The displayed design representations may differ from what have been filed by the applicant in file format (e.g., from JPEG to PNG).

The displayed design representations may differ from what have been filed by the applicant in image size by pixels.

Minimum 2D image size (specify width x height in pixel): no data available

Maximum 2D image size (specify width x height in pixel): no data available

The minimum display bit depth is: no data available

The maximum display bit depth is: no data available

Minimum display resolution in PPI is: no data available

Maximum display resolution in PPI is: no data available

3D model (specify the format): not accepted

Video (specify the format): not accepted

The maximum size of an electronic file in MB: 10

The maximum size of the sum of all electronic files for one design in MB: no data available

The maximum number of electronic files per design: 7

18. Does your Office/Organization have the same requirement for displaying the images in the publication and in the document evidencing the recording of the design rights?

Yes

19. Please tick or specify the ways by which your Office/Organization searches the design representations.

Others (specify): Locarno classification + Indication of the product

20. Please tick or specify the metadata used in your Office/Organization's image search system.

Not applicable

21. What types of views does your Office allow as part of a design application submission?

Aspect views

Views magnifying part of the design

Alternate positions

Exploded views

Fully assembled view

Partial views

Sectional views

Sequence of snapshots

Combination of several means of visual representations

Graphical symbols for conventional elements

Comments:

22. What types of visual disclaimers does your Office allow as part of a design application submission?

Broken lines

Blurring

Color shading

Boundaries

Comments:

23. Does your Office provide a special provision for representing a part of a product?

At least one view must present the whole product

Comments:

24. Does your Office require an exemplary image to be selected?

Not required but selected by the Office, and:

by selecting the first image or view in the application, and:

images are required in a special order

Comments:

25. What is the minimum number of views your Office requires in a design application?

1

26. What is the maximum number of views your Office allows in a design application?

7

27. Does your office have any legislative requirements that prevents you from allowing any of the above types of

representations in Part 7?

No
